

MISSION FARRIER SCHOOL

STUDENT TOOL REQUIREMENTS

Students must have their own hand tools. Anvils, forges, grinders, and other big tools are furnished at the school. The following tool list constitutes a good “start-up” package. However, tool acquisition seems to continue throughout one’s career.

In purchasing tools, be mindful that quality tools are worth the investment and will put the student at an advantage to perform quality work. Inferior tools will cause the student to re-invest in better tools very quickly, making the total tool investment much higher.

Necessary hand tools are listed below. Students should obtain these tools prior to the start of class. The suggested brand of each tool is listed. These tools may be purchased at the dealer of your choice. Prices listed are approximate retail (2022).

Basic Hand Tools Needed	(Suggested brands)	Approx Cost
14” Nipper	G.E.	\$228.00
Curved Jaw Clincher	G.E.	172.00
