Clarissa's Love Letter:

Wolfie, what we have is real. It took being committed to an asylum to find this kind of love. I don't want to give it up, but I can't stay here any longer. I want you to come with me. You can help with the plan. You have paid for your crimes. Don't punish yourself anymore. Be with me. Just think about it. Send your reply with the orderly. I hope to see you at the dress rehearsal.

Session 11:

Gavin has the breakout planned. He thinks everything is like The Great Escape. Clarissa is planning to go with them. I can't stand the thought of losing her. I have taken steps to make sure the escape fails. I know I'm selfish but she never has to know. Word three is break.

Noose Puzzle:

Mary Johns' Message

I need to see you. I have never felt this way about anybody. You certainly have lived up to your name so far. Such a gentleman. I can't imagine you ever killing anybody. Oh, by the way, I have considered your request, and I think the risks are worth it. I will give you my key. I know you have a session with Dr. Blackthorn at 2:30. I can slip in earlier in the day and leave the key under the mat in the doctor's executive washroom. Also there are a couple of systems that my work badge will get you into. The password is just above the scan code that I use to clock in and out. I will leave it with the key. Just don't get caught. That is our only shot. Once you are free of Saturn Hills, we will run away together and live happily ever after. Or at least that is what I am hoping. All my love, Mary.
