

# Indigo House Quick Start Guide

So you've looked at everything in the box and have no idea how to start, where to begin, or even what a good first step might be. Maybe this is your first box and you aren't sure how things work. Or maybe things just aren't clicking for you on this particular box. Maybe a few starting hints will blow the case wide open and will be all you need to help solve the mystery.

Beginning the investigation:

1. Read every printed interview and listen to every audio interview.
2. Consult the STALK website. There is a candle photograph and some notes by Anna that will match up with a similar looking photograph in your box. These things all work together. Use Anna's directions to match up letters with which candles they correspond to. The first thing she mentions is orange lit. Find all of the orange lit candles and write those letters down going from west to east (left to right). Move on to the next type of candle she mentions.
3. The resulting message should help you eliminate a suspect.
4. Next, look at the Will Street Detective Agency's list of items found. Examine the picture of Charles Van Buren, paying special attention to the letters found at the bottom of the photograph.
5. Open the letter that was in the envelope. This was found at Hilda Van Buren's bedside. Notice that the same letters on Mr. Van Buren's photograph are repeated numerous times in the folded letter. Extract all letters but those same three repeating letters and uncover an important bit of information about the case.
