

Sanitarium Quick Start Guide

So you've looked at everything in the box and have no idea how to start, where to begin, or even what a good first step might be. Maybe this is your first box and you aren't sure how things work. Or maybe things just aren't clicking for you on this particular box. Maybe a few starting hints will blow the case wide open and will be all you need to help solve the mystery.

Beginning the investigation:

This box has two major objectives: match up suspects with their game character from The Wastelands of Warael card game and then eliminate those suspects.

Once you've read all of the interviews, the best place to start is with the locker contents: green business card and the tilt message (black and white card). Visit the website address on the business card and use the tilt message to unlock the dead nurse's car. Read through the interviews for a way to gain access to operation link on the website. Once you unlock the first file it will give you information that will help unlock the additional two files on the site. This will help to eliminate one character card and one suspect.
