

# A PROCLAMATION FROM THE FOUR GEORGIANS

## HEAR YE, FRIENDS AND FELLOWS OF THE FOUR GEORGIANS!

Know all who read this handbill that Joe "The Wizard" Jorge, Noble Grand Humbug of the Montana Territories does hereby extend his most sincere invitation and welcome to the Four Georgians Chapter #4681 Do-Ins, held in good humor and honest remembrance, marking the first discovery of gold in Montana, then accounted part of the Idaho Territory, in the year 1852.

From the 28th day of August through the 30th, 2026, all manner of indecent and indignant company shall assemble at Gold Creek, Montana, upon the very grounds where fortune first revealed herself in shining flakes and ponderous nuggets.

This meeting is convened in honor of Francois "Bentsee" Finley, half-breed Indian trapper turned miner, whose labors upon these unforgiving waters gave rise to Montana's mining legacy and set many a hopeful soul upon the trail of prosperity.
