

September 28, 2018

To: Dan Wasser, PPMWS Executive Officer

Subject: Follow-up to August 20, 2018 Letter

Dear Dan:

I am writing to remind you of my directive of August 20, 2018, that you not instigate or otherwise support any lawsuit against the Union as PPMWS Executive Director. I also want to be abundantly clear that the resources allocated to PPMWS, including the Operating Fund, are not to be used for lawsuits against CWA. The merger agreement provides that those assets are to be used by PPMWS to fund any special services or funds which may be used to supplement current CWA funds and services. Using Operating Fund monies to attack CWA in any way, rather than supplementing its funds and services, would be a misappropriation of those funds. You have a fiduciary duty to ensure that all union funds are used only for proper purposes.

Sincerely,

Christopher M. Shelton
President
