Dear Chris,

We are in receipt of your email dated 10/12/18, and in light of your statement that you remain committed to resolving these matters and believe that perhaps a meeting may be in order, we will propose to meet any morning of the following dates in Pittsburgh: Oct. 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27 or 28. Due to the seriousness of the matters at hand, we hope that the “representatives from your office” includes you, or at the very minimum if you do not wish to attend, that the representatives are fully empowered to make an agreement if one can be reached. There is no reason to go through the expense or the time to hold such a meeting if the parties involved are not empowered to settle the matters. Travel arrangements would need to be made, so if there is a date that works, please let us know as early as possible.

Sincerely,
Dan Wasser,
PPMWS Executive Officer/Sector President
