**Item 25-315 Used Vigor Sci-Lab SG4800/750TS - 8 port glovebox with Gas Purifier and 150C Heated Antechamber. Manufactured 2021**

Price: **Make Offer**

This 8 port Glovebox has touch screen purifier controls for inert gas purity levels and maintains glovebox pressure. The purifier is integrated with an oxygen analyzer and moisture monitor control the blower output based on the selected purity level. Vigor Glovebox Systems are state-of-the-art in design and manufacture. Vigor uses the highest quality components in construction. The Sci-Lab Series Gloveboxes and Gas Purification systems are equipped with our patented glovebox seal and gas purification technologies. These new technologies enable operating gloveboxes with the lowest leak rate and highest purity levels in the industry.
