
Item# 19-232**Used Vacuum Atmospheres Company HE-43-2 Glovebox w/ HE-493 Purifier -**

Price: **Make Offer**

The used glovebox includes: HE-493 purifier, HE-63P pressure control and a large antechamber 15" dia. x 24" in length, shelves, skylight with a fluorescent light on top. The system will require at least one rotary vane vacuum pump larger at least 4.5 cfm for operation (not included) also gloves are not included. Glovebox dimension 42" wide x 32" high x 30" deep. Although this system is older, it is very reliable, simple to operate and repair. We will be able to support this system with spares indefinitely. Best for use with nitrogen gas, there is the option of upgrading the blower for argon operation. **System is refurbished and includes a 90 Day Warranty on parts.**

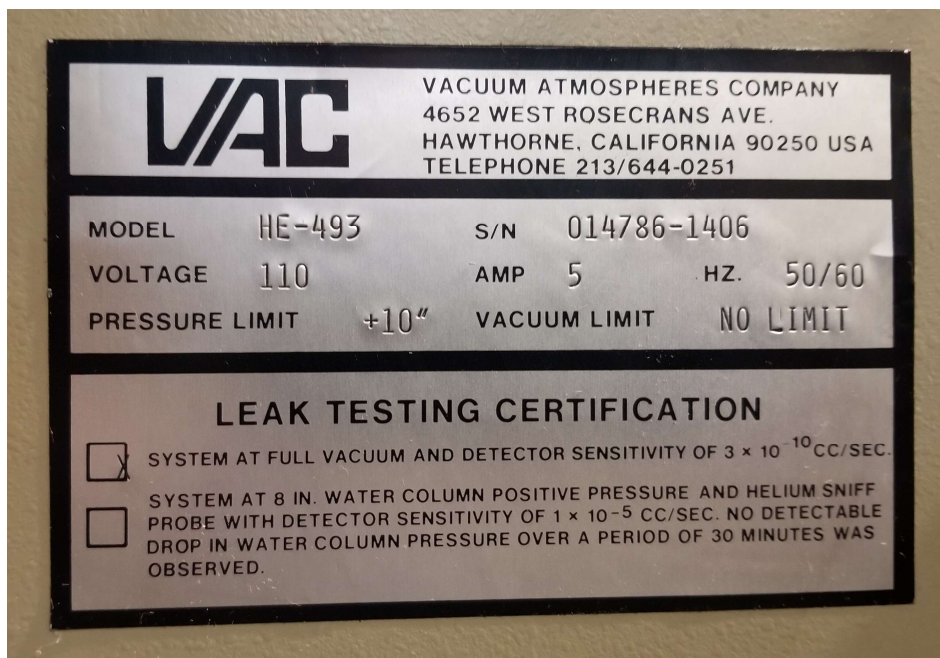

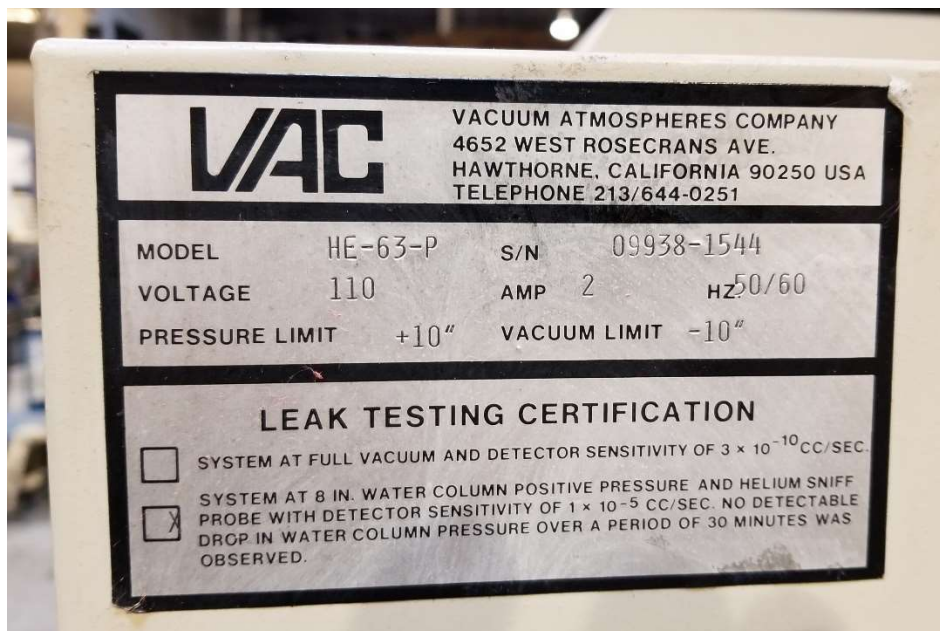

On-site installation assistance is available for an extra charge.

Free tech support is included by phone & email for as long as you own the glovebox.
