
Item 21-254 Used Inert Glovebox with MBraun™ MB 10 Compact Purifier

Price: **Make Offer**

This very clean used glovebox system is an integration of an *Inert* glovebox combined with an *MBraun* purifier with touch screen controls. The *Inert* glovebox has an O2 sensor, right side large & mini antechamber plus shelves. The *MBraun* MB 10 Compact single column gas purifier includes touch screen controls and foot switch. The *Inert* glovebox control panel will display the O2 reading. The *MBraun* purifier control panel controls gas circulation, pressure control and regeneration. A vacuum pump and gloves are required but not included. Includes 90 Day Warranty for Parts.

The *Inert* glovebox control (top) is for display of the O₂ level. The *MBraun* purifier touch screen control is for circulation, regeneration, and pressure control.
