

An aerial photograph of a rural or undeveloped area, overlaid with a cadastral map. The map shows several land parcels, each labeled with a unique identifier. Most labels follow a pattern like '2-XXXX-YYYY'. One specific parcel, located roughly in the middle-left of the frame, is highlighted with a thick blue border. This parcel is divided into two parts by a thin blue line, with the label '2-0072-0041B' placed near its eastern boundary. Other prominent labels include '2-0061-0002' at the top right, '2-0072-0039' below it, and '2-0072-0041A' to the left of the blue-outlined parcel. The terrain appears to be a mix of bare earth and some sparse vegetation. The overall orientation is horizontal, with the top of the image corresponding to the north.
