Welcome to The Grange

The Grange is set over ten acres of beautiful, landscaped gardens with lovely meadows extending down to peaceful walks and delightful sitting areas. It is an elegant “Listed” building having originally been built about 1880. It has a great deal of charm and character with a serene, warm and friendly atmosphere catering for the retired elderly gentfolk.

At The Grange all rooms are centrally heated, well appointed and tastefully furnished, with facilities for television and telephone. Many rooms have ensuite bathrooms and all have individual wash basins; some have their own sitting areas. We have single and double rooms and that little extra space for married couples.

Residents at The Grange are welcome to bring personal effects, furniture and treasured belongings to help make it their own home.

Dietary Arrangements

A great deal of time and thought is given to the menu with excellent food being served in the dining room at main meal times, and breakfast served in rooms. The main meal is lunch with a light hot supper in the early evening. Individual diets are catered for and residents are encouraged to participate in meal planning at the residents meetings. We also welcome visitors to enjoy a meal with us.

Personal laundry is included in our fees, (Not included in our fees are hairdressing, chiropody and dry cleaning). We also have ample parking space for those residents who still drive.

Two passenger lifts are available for the ease and comfort of residents, and a fully approved alarm system with smoke detectors, fire doors and emergency lifting is installed throughout The Grange.

Residents who become terminally ill may be cared for in our home if in the opinion of the medical advisors they would not benefit from moving to more comprehensive care.

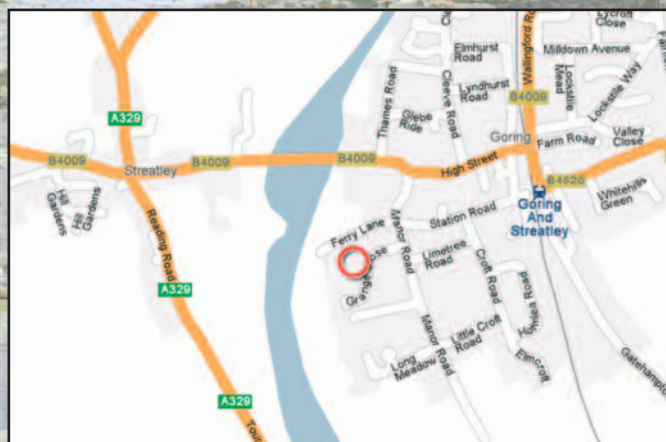

Comprehensive training programmes for our staff ensure that the highest possible standards are maintained. The home is run by a manager and staff who between them provide 24-hour care. They are committed to providing real quality of care in a secure, comfortable and very pleasant environment.

The style of management is low-key, enabling residents to retain as much independence and control over their lives and activities as possible. We have two members of staff awake on duty every night.

At The Grange, our aim is to create a caring environment for the residents where staff and residents support each other through friendship and companionship. Staff really do care about the comfort and service given to our residents, who are considered as individuals. The tender loving care we give is based on that which we would seek for our own parents.

If you would like to visit or know more about our home, please contact the Manager at The Grange
