## Instructions for Parents

Thank you for downloading the **Little Ghouls Academy ID Card!** Here's how you can help your child fill it out and make it extra special:

### 1. Filling Out the Card:

- Name:** Write your child's name in the space provided.
- Monster Name/Title:** Encourage your child to come up with a fun and creative monster persona! Examples: "Professor of Potions," "Junior Yeti Tracker," or "Ghostly Gardener."
- Favorite Monster:** Let your child choose their favorite spooky creature—like a vampire, werewolf, or even a friendly ghost!
- Enrollment Year:** Add the current year or the year your child "joined" the Little Ghouls Academy. This makes the card feel official and adds a fun keepsake element.

### 2. Adding a Photo or Drawing:

- Use a small photo of your child or let them draw a picture of themselves as their "monster self." This adds a personal and creative touch!

### 3. Making It Last:

- To keep the ID card looking great, consider laminating it or covering it with clear tape. This will make it more durable for playtime and keep it safe as a keepsake.

### 4. Extra Fun:

- Encourage your child to carry their ID card during pretend play or display it proudly on the fridge or in their room. It's a great way to make them feel like an official member of the **Little Ghouls Academy!**

Thank you for joining the Little Ghouls Academy. We hope your little one enjoys their ID card!

Scan the QR code to visit the Little Ghouls Academy page for more fun activities and resources.
