

## **Sewer Main Tapping Process.**

1. City does not do any sewer tapping at Main.
2. Property owner is responsible to hire out tap at main, piping and connection to house.
3. **Main Tap has to be whole sawed and Saddled correctly.**
  - City Employee, Mayor or Councilmen must be contacted at the time of the Tap and observe the tapping to make sure correct methods are being used.
  - Hammering hole in main, sticking sewer pipe in main and concreting is **NOT** allowed.
  - If done incorrectly, property owner or contractor could be subject to fine.
