Welcome to Joy School English!

Joy School English uses cutting-edge speech recognition technology to teach English and character-building values to young children. Packed with proven instructional strategies and research-based activities focused on oral language, Joy School English puts kids on the fast track to English fluency.

What makes Joy School English Unique?

- Strategic emphasis on oral language is reinforced with foundational literacy skills.
- Cutting edge A.I. speech recognition technology encourages kids to interact while analyzing their speech.
- An adaptive learning experience provides a personalized learning environment.
- A values-rich curriculum incorporates social and emotional learning that builds strong character.
- Flexible resources for both teacher-led instruction and independent learning.

Social & Emotional Learning, Character-Building Values

Universal values such as honesty, positivity, and respect are blended into the Joy School English curriculum to support social and emotional learning in young students. Equipped with these tools, children are empowered to succeed as productive and joyful global citizens.

Oral language development

Speaking and listening are the building blocks of true, communicative language ability. Many programs teach kids to read, but Joy School English teaches them to read and speak English confidently, thanks to the strategic emphasis on oral language.

Unparalleled student engagement

Everything starts with engagement. Joy School English uses the latest research in game-based learning and motivational psychology to design fun and immersive experiences for young learners.

California success story

When Hayuma started as a transitional kindergarten student in California, he didn’t speak any English. Watch to see how his English skills, speaking confidence, and social and emotional learning have benefited from using Joy School English.

Rave reviews

“Students absolutely love the program and have been engaged from day one. In my 23 years in education, I have not seen such active student engagement with a virtual program. Students are speaking into their microphones, they are actively listening and participating.”

—Angela, Principal, New Mexico, USA

Try our new DAISY CHAIN INTERACTIVE SPEAKING TOOL that uses A.I. technology to place students in real-world conversations with Joy School English characters!
New York City: Home of the largest school district in the U.S.

In New York City, which has the largest school district in the United States, schools have been using Joy School English for over 3 years. Here’s what one principal in New York had to say:

“This school recently reported that for the first time ever, ALL of their kindergarten students went up at least one full level on the New York English proficiency test (NYCESLAT), thanks to Joy School English.

Joy School English is a game changer platform for early childhood education.

Living in a developing rural community...with very low literacy rates and a high number of school dropouts, I believe this is the solution. Joy School English can critically solidify a child's early education and set the scene for their primary school journey.”

—Teacher, Samoa

This school recently reported that for the first time ever, ALL of their kindergarten students went up at least one full level on the New York English proficiency test (NYCESLAT), thanks to Joy School English.

Customer feedback

96% of customers surveyed say they are likely to recommend Joy School English to a friend or colleague.
