

InfraGard represents a whole-of-society approach to keeping our communities safe.

Through InfraGard, we all share best practices and better, smarter ways of doing business.

Christopher Wray
Director, FBI

JOIN THE FBI'S INFRAGARD® PROGRAM TODAY!

In an era of unprecedented threats to our national security, you can make a difference. Apply today to become a member of InfraGard, the FBI's premier public/private partnership for the protection of U.S. critical infrastructure and the American people.

Established in 1996, InfraGard is the FBI's highly successful partnership with the American business community, fostering collaboration, education and information sharing to advance national security. InfraGard is a powerful force multiplier in keeping America safe, with tens of thousands of members and over 70 local InfraGard Members Alliances, represented nationally by InfraGard National Members Alliance.

Membership Benefits

- ✓ **Engage with the FBI**
Build relationships with your local FBI Field Office and attend valuable FBI briefings and presentations.
- ✓ **Information and Intelligence**
Gain 24x7 access to the InfraGard Portal, featuring threat advisories and alerts, intelligence bulletins, and more.
- ✓ **Education and Training**
Attend exclusive local and national educational events, training programs, and conference workshops (both virtual and in person).
- ✓ **Exclusive Networking Opportunities**
Meet and collaborate with InfraGard's elite membership of security leaders and stakeholders.
- ✓ **Information Sharing**
Exchange valuable information, insight, and resources with your peers and the FBI to better protect your organization and keep your fingers on the pulse of the security landscape.

Membership Requirements

- ✓ Employed or formerly employed within critical infrastructure.
- ✓ At least 18 years of age on the date of application completion.
- ✓ U.S. Citizen (by birth or by naturalization).
- ✓ Complete the InfraGard membership application form in its entirety.
- ✓ Agree to the InfraGard information-sharing policy, privacy act statement, agreements to hold harmless, and code of conduct.
- ✓ Consent to a security risk assessment and to periodic re-confirmation of the security risk assessment. The risk assessment is a process completed by the FBI which includes local, state, and federal criminal history, and other security-related database checks.

Take an active role in the protection of your community and your country—join InfraGard today!
