

PRE-OPERATIVE INSTRUCTIONS

IT IS VERY IMPORTANT THAT YOU READ AND FOLLOW THESE INSTRUCTIONS AS WELL AS READING THE ENTIRE PRE-OP PACKET CAREFULLY AS IT IS YOUR RESPONSIBILITY TO COMPLY WITH ALL PRE-REQUISITES TO AVOID CANCELLATION AND/OR POSTPONEMENT OF YOUR SURGERY. IF YOU ARE UNCLEAR ABOUT ANY OF THESE INSTRUCTIONS, PLEASE CONTACT THE OFFICE.

1. No **Aspirin** or Aspirin containing products (ex: Advil, Motrin, Aleve, Ibuprofen etc.) are to be taken 2 weeks prior and 2 weeks after your surgery. **If needed, you may take Tylenol as directed.**
2. Do not eat or drink anything (including water) after midnight on the day before your surgery. **If you take blood pressure medication you may take this medication with a very small sip of water the morning of the surgery.**
3. Avoid garlic, fish oil/omega 3, and Vitamin E for 2 weeks prior to surgery and 2 weeks after surgery as they can act as a blood thinner.
4. No alcohol consumption 48 hours prior to surgery.
5. You may shower the night before or the morning of the surgery. Please wear loose fitting clothing. Do not wear any jewelry, contact lenses or make-up the morning of the surgery.
6. If you take any blood thinners (ex: **Coumadin**) or any other medications, please contact your prescribing physician for special instructions.
