### CONSTRUCTION IS FINALLY COMING TO AN END!

With the holiday's upon us we can finally announce the center is starting to look finished. Most work has been completed and the clean up has begun. The final project will be connecting the kitchen, getting our inspections, and our occupancy certificate for operation. Once that happens, we can start serving from the kitchen. It has been a long haul with all of the craziness in the world but once we can fully open, (county has not given permission for sr ctrs to open yet), we look forward to seeing you all again. Mayor Mark Olson has been a huge supporter of our mission and with the Village of Fayetteville's help, our mission and services will be expanded with this renovation. If you see Mr. Olson, please say a big thank you to him.

### THE FINISHED PRODUCT!!!

We have now included the old side porch space with the rest of the building that will be used for social gatherings, it's a beautiful space with a electric stove for ambience. There is also a game table for chess, checkers and backgammon. A new private library is being created for enjoyment equipped with a 4k tv, comfortable chairs and an electric fireplace. For those who exercise we have a new space which will include some exercise equipment as well our classes. We have a beautiful large porch that has been added to the rear of the building and can't wait for the weather to allow concerts, meals and pleasant seating for socializing. We are looking forward to using the new kitchen space and providing you all with tasty meals once again. In the future will be hosting a Covid safe open house. More details on that in future newsletters
