

The Mis-Understandings of Jehovah

People asking questions about how I live my life –

“How do you do the things you do? How do you do drugs and don’t do drugs and how you live your life that way that way of life that allows you to become Everything and nothing? We feel your energy, but.... just tell us how to do what you do....”

I’m just like “Did you even Read the Books” (THE LIVING YOU)....Did you live YOU?”

And they say “No, why do that when you can just tell us?”

And I say “Fuck you, no one told me how to why to read this information to become Jehovah(God). I see that People choose to NOT READ THE INFORMATION but look for the easiest way to do things.

Why can’t you just read the information? This is the Mis-Understanding of Jehovah!”

The Thought Process is Natural. Choosing to use means such as a Ouija Board or Crystal Ball are good!
But limited....

The Ouija Board is:
