

Strahan United Methodist Church

Prologue:

The Strahan United Methodist Church has a rich history of answering God's call to open hearts and hands to community and mission, both locally and across the world. We realize that with changing government and social systems, the burdens of support for people in need are returning to the local community. The cornerstone for this congregation remains the Wesleyan doctrine as stated in Matthew 22: 37-39 which commands us to love the Lord our God with all our hearts and love our neighbors as ourselves.

Vision Statement:

- To build a community of faith that is committed to serving God by serving others through prayer, fellowship, and mission.
- To raise and nourish the youth, and all of God's children, with His word so they grow in love, forgiveness, and acceptance, and embrace their responsibility and reward as Christian people.
- To answer Christ's command to provide food, drink, clothing, and consolation to all in need, both local and distant.
- And to serve as a beacon of light to guide and empower all who have or wish to have a relationship with the one living and true God through Jesus Christ.
