COMPANY PROFILE

ABOUT **DMP**

At DMP Technology Inc., we transform ideas into real-world products through our core philosophy: **Design, Make, Produce.** We partner with innovators, startups, OEMs, and product development firms to deliver complete solutions — from concept and design to prototyping, tooling, and full-scale production. Our main office in **New Zealand** serves as the hub for product design and engineering, while our satellite offices in the **Philippines** and **China** support sales, metal fabrication, rapid prototyping, tooling, and manufacturing.

This global structure allows us to provide fast, flexible, and high-quality services across industries. We currently serve clients in the **Philippines, New Zealand, USA, and Canada**, with plans to expand into **Australia, Europe, and the UK**. With a commitment to innovation, precision, and client success, DMP Technology Inc. is your trusted partner in bringing ideas to life.

We Design. We Make. We Produce.

VISION AND MISSION

To be a **global leader** in transforming innovative ideas into exceptional products — by delivering world-class design, manufacturing, and production solutions that empower industries and innovators worldwide.

At **DMP**, our mission is to:

Design intelligent, functional, and future-ready products

Make high-quality prototypes and components with speed and precision

Produce scalable manufacturing solutions that meet the evolving needs of our clients.

We are committed to **excellence, innovation, and collaboration** — turning every idea into a market-ready reality.

End-to-End Product Development

From concept design to full-scale manufacturing

Rapid Prototyping & Tooling

Fast turnaround with precision and quality

CNC Machining & Fabrication

Advanced in-house capabilities for custom parts

Global Manufacturing Network

Facilities in NZ, Philippines, and China

24/7 Project Support

Continuous coverage across time zones

Engineering Expertise

English-speaking engineers for seamless communication

Flexible, Scalable Solutions

Tailored to startups, SMEs, and large-scale production

CORE COMPETENCIES

THE TEAM

- Experienced Finishers**

Specialists in surface finishing and final assembly.

- Client-Focused Sales Managers**

Technically adept and solution-oriented professionals.

- Accredited Safety Officers**

Ensuring compliance with health and safety standards.

- Seasoned Production Supervisor**

Leading operations, quality, and team coordination.

- Senior Manufacturing Engineers**

Experts in automotive, tooling, and project management.

- Certified Graduate Engineers**

Trained in Six Sigma and project management methodologies.

- Qualified Fabricators**

National Certificate holders in welding and fabrication.

SERVICES OFFERED

FULL METAL FABRICATION CAPABILITY

- Layout and Fabrication
- Welding (TIG and SMAW)
 - Full Assembly
- Sheet Metal Bending
- Sheet Metal Cutting
 - Mandrel Bending
- Sheet Metal Rolling

SERVICES OFFERED

FULL METAL FABRICATION CAPABILITY

KITCHEN EQUIPMENT

*i.e. Industrial Hood,
Stainless Counter Top,
Cabinet, Industrial Burners,
etc.*

FOOD PRODUCTION MACHINERIES

*i.e. Ribbon Mixer, Centrifugal
De-Oiling Machine, Sorting
Conveyor, Vibration Sifter,
etc.*

SERVICES OFFERED

FULL METAL FABRICATION CAPABILITY

COSMETICS MANUFACTURING

*i.e. Mixing Tank, Storage
Tank, Product Pipeline,
Production Tables,
Inspection Table, etc.*

CUSTOM SOLUTIONS PROVIDER

*i.e. Experimental Soap Cutting
Machine, Experimental Pastillas
Cutting Machine, Food Truck,
etc.*

SERVICES OFFERED

FULL METAL FABRICATION CAPABILITY

CIVIL WORKS & CONSTRUCTION

*i.e. Structural Steel Components,
Custom Gates, Window Grills,
Handrails, Staircases, Frames,
Walkways, and Support Fixtures*

SERVICES OFFERED

ADDITIONAL CAPABILITIES

Product Design & Optimization – Reverse engineering, CAD/CAM, FMEA

Tool Building – CNC machining, EDM, mold making & repair

Rapid Prototyping – 3D printing, vacuum casting, assembly

Injection Molding – Precision and high-volume molding

Production & Assembly – Custom lines, scalable packaging solutions

Machinery Supply – Packaging, pharmaceutical, food processing equipment

FACILITY

Head Office and Factory
Total Floor Area = 600sqm
Malolos, Bulacan

- 1 Unit** – NC Mandrel Bender
- 1 Unit** – NC Press Brake
- 1 Unit** – NC Shearing Machine
- 1 Unit** – Gear Press Machine
- 1 Unit** – Manual Box Bender
- 1 Unit** – Turret Milling Machine (Vertical)
- 1 Unit** – 4 in 1 Conventional Lathe Machine
- 1 Unit** – Surface Grinding Machine
- 1 Unit** – NC Pipe and Tube Cutting Machine
- 3 Units** – Hair Line Machine (Bended)
- 1 Unit** – Hair Line Machine (Straight)
- 14 Units** – TIG Welding Machines
- 4 Units** – ARC Welding Machines
