

Woman up

I know I may seem tough, yeah-eah
But how can you judge me without stepping in my shoes
I've had it rough, it shows
It's not for the looks it's from what life has put me through
I've had enough..yeah
Justifications never brought me satisfaction

So let go...I know what I'm doin'
You'd be surprise to know
That I've been there before
I've got a thick skin

I'm wakin' up...from a long restless night
And I'm shapin' up...what I feel should be my life, yeah
So ladies and gentlemen, for your own safety,
(watch out) please step aside
While I woman up
Whether you like it or not! Yeah

Whatever you say ... or think
I can finally say I don't care anymore
It's such a relief...hey!
Once I realized I've been enough all along
I'm so grateful...yeah
Everything is changin' for the better, better

So let go...I know what I'm doin'
You'd be surprise to know
That I've been there before
I've got a thick skin

Now I know that I'm enough
I'm set free, I woman up
Now I know that I'm enough, I'm set free I'm...

I'm wakin' up...from a long restless night
And I'm shapin' up...what I feel should be my life, yeah
So ladies and gentlemen, for your own safety,
(watch out) please step aside
While I woman up
Whether you like it or not!

Now that I'm done doubtin' myself
I woman up...I'm enough
I woman up...I woman up
I woman up nah nah
