

D U S T I N   &   A L E X I A

Hello

We are Alexia and Dustin! Thank you for taking the time to get to know us. It is difficult for us to express the joy we feel as we fulfill our greatest desire of being parents, while also expressing our sincerest gratitude for you. So first and foremost, we want to thank you for deciding to give the incredible gift of life. We could not imagine how difficult it is to make this decision but we know it is made with an unmeasurable amount love and courage. We are very blessed to have you even consider us to being a part of your child's life. We want you to know that love will always be at the forefront of this relationship, for you and your child.

WE CANNOT WAIT TO MEET YOU BOTH.

Dustin & Alexia

*Hi, I'm Alexia*

I was born and raised in Florida and attended College at University of West Florida where I graduated with a Bachelors in Elementary Education. I have always had a great love for children, I come from a big family and have many nieces and nephews. I love do-it-yourself projects such as painting and repurposing furniture. I'm a health-enthusiast and love to run, especially along the beach. My favorite color is seafoam blue and anywhere near the ocean is my happy place. My favorite food is anything that has to do with breakfast! I love exploring new places and creating memories with friends and family!

HOW DUSTIN SEES

*Alexia*

Alexia is the strongest and most caring person I have ever met. From day one she has always placed the needs of others well above her own. She believes in open communication and is the strongest part of our marriage. We talk about anything and everything with each other. There is not a single decision that we do not make together (unless it's where to eat... We cannot ever make that decision!). Alexia has so much love in her heart and I cannot wait to see that poured into this child's life. She truly is the best part of me.

Hi, I'm Dustin

I love all things outdoors. I have a huge passion for fishing! I also enjoy a variety of sports, football and basketball to name a few. My favorite color is blue. Pizza is my all-time favorite food and if it didn't make me fat, I would probably eat it everyday lol. I also enjoy cooking a variety of different meals and I have been told on a few occasions I missed my calling to be a Chef. When I was little, I wanted to be a professional angler (fisherman) and honestly I still want to be one when I grow up. I am currently serving in the military but plan to be a fishing guide once I retire.

"CHILDREN ARE ALWAYS NATURALLY DRAWN TO HIM, I HAVE NO DOUBT HE IS GOING TO BE AN INCREDIBLE FATHER"

HOW ALEXIA SEES

*Dustin*

Dustin is the most loyal, hardworking and empathic person I have ever known. He is the kind of person who will drop everything in a heartbeat to be there for his friends and family. He is a dreamer and when he sets his mind to something, he is persistent until the goal is reached. He is the calm and steady to our marriage and truly holds our family together. Children are always naturally drawn to him, I have no doubt he is going to be an incredible father. Dustin's desire to become a father becomes deeper each day and I cannot think of a person more suit for parenthood than him. He is the most loving, patient, and fun husband.

# welcome home

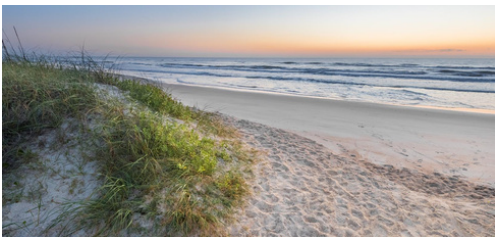

We live in America's oldest city, St. Augustine, FL. You can always find us having game nights in our living room or cooking in new recipes together in the kitchen. We love the ocean and being outside, so St. Augustine was perfect for us since it is so close to the beach. Summer days are always spent at the beach or pool with friends.
