Furniture can be a product of design and is considered a form of decorative art. In addition to furniture's functional role, it can serve a symbolic or religious purpose. It can be made from many materials, including metal, plastic, and wood. Furniture often reflect the local culture.

There are many reasons for making furniture. It is the backdrop to our lives and there to help us live our lives comfortably. We need it there to express our sense of style. And as our needs and life circumstances change, so does our furniture. This open minded attitude, the historical heritage, the deep understanding, the production process, the market requirement, the creation.

Barstool

Regular Colors:
Black / White / Grey

Selectable Colors:
Red / Orange / Green / Yellow / Blue / Navy Blue

There are many reasons for making furniture. It is the backdrop to our lives and there to help us live our lives comfortably. We need it then to express our sense of style. And as our needs and the circumstances change, so does the furniture. The open minded attitude, the timeless heritage, the deep understanding, the production process, the market requirement, the creativity.

We have already applied for the national patent, the copy is forbidden. The color of all our chairs are based on the above colors. These colors are only for your reference. The size of all our products printed in this book is only for your good reference. Please inquire us before confirm order.
