

Sheri Hausser redefines digital publishing with the release of Glorybound Books Publishing Company in Las Vegas in 2008 three years after the inception of the limited liability company charter in January 2005.

Glorybound Books Ltd is proud to release, all at once for review 70 books, 20 Lasertrain Digital publishing for Business books, 56 print and pattern sets for digital publishing, five calendars displaying fine art by the Glorybound Artists and 26 signed and numbered fine art prints by two artists. The Children's department, GBK is releasing 7 major books accompanied with educational learning programs, plays, music, and activities which promote interactive elements designed to promote moral development in children. The company programs include the Artist Bank {providing training and support for Artists}, Educational School Programs {English and Art Honour Books}, Especially for Teachers {Plays and interactive activities for classrooms}, Glorybound Lasertrain {Helping business help themselves}, Glorybound Christian Authors of Nevada, Publication options for Business {Publication Packages for Business} and United in Word {Translation of books}

Our books are published using the latest software and printing techniques with integration of Photoshop, CS2 In Design, Illustrator, Avery, Acrobat and Web design. By building the company from the ground up using digital software technology we have the capability to enlarge, shrink and change the books printing on demand maximizing the printing capabilities of the printer and computer software integration to speed publication and formatting.

GLORYBOUND LASERTRAIN

**PRINT SETS AND
PATTERNS FOR
DIGITAL PUBLISHING**

56 Glorybound Lasertrain Classes

Helping Business Help Themselves

Welcome to digital publishing. The Glorybound Lasertrain teaches integration of software with digital printing using océ Imagistic 5520. Glorybound Publishing is raising the standard for digital publication by releasing directions and patterns in the best software available for printing books, calendars, CD covers, brochures, web design, and advertising media. Gone are the days of the huge printer doing the work. And, happy are the days we can work within a single piece of paper reducing the waste to nearly zero.

Statement

Glorybound Print Sets are not affiliated with Océ Imagistics. Glorybound Print/Pattern sets are published by Glorybound Books Ltd of Las Vegas. They originated in response to the needs of the publishing company to produce what it needed to do business. Glorybound Books is owned by Sheri Hauser who encourages training over production; because once individuals are trained they can bring whatever is needed to their own destination...like a train. Glorybound Publishing. offers on-site Laser Training Options for Business Classes on all aspects of digital computer driven publishing using a variety of software to obtain specific results (depending on where the company needs to go.)

It just so happens that the Océ Imagistics Printer Cm5520 is a multiple use printer which has the capability to handle many sizes and thickness of paper. Indeed, this manual can be used for many similar printers. All products and companies listed in this manual are not adherent to it in any way. References to them are not intended to promote their business or products, but give the reader a spring board from which to select similar ones. The Print Sets and Pattern Sets are more like a testimony of my training: My Glorybound Train (Sheri Hauser). Océ Imagistics is not liable for any of the outcomes referred to in this book and does not receive any profit from the publishing

How to use Print Sets

Print Sets Books are designed for individuals who have media they need to publish. They are like cook books for publishing in that they give information which directs the cook to make something specific. It is important to point out that the Print Sets do not teach the program of software indicated in the pattern or Print Set, but show how to utilize the software to bring about a specific product. It is comparable to cooking lessons in that one who whips up a recipe doesn’t need to know everything about the food, the oven or the kitchen: He just needs to know how to come up with what he needs within the structure he is given using the ingredients supplied. With the Print Sets, you supply what needs to be printed and I tell you how to ‘cook’ it using specific software which it is created in.

This book is written in a format familiar to web page developers. It takes the reader from screen to screen using indentations for clarification if structure. The book points out:

1. Types of paper recommended for specific outcomes.
2. Which drawer to place the paper into for the most consistently reliable results. {Certain drawers will not allow the user to fold the paper in half when the paper is drawn from them.}
3. What to program the computer to do which will tell the printer how to print what you need.
4. Specific printer program elements to insure the printer and computer are in alignment.

The publishing principles used in the Glorybound Print Sets drive the printer using the computer software. They differ from conventional printing techniques which are ‘printer driven’. Many businesses operate using the Océ Imagistics Cm5520 printer using printer driven options. {See the standard manual} The manual presumes that the individual already has a copy of what needs to be copied and goes to the printer, programs the functions and looks for the results in the output tray.

With the Glorybound Publishing Print Sets what needs to end up in the output tray is new: There is no copy to copy. So, in essence, the copier becomes more; it enables the individual to become his own publisher. For, when you create a ‘written work’ then program the computer to drive the printer and gather your ‘work’ in the output tray, you have ‘published’ your own work and have become a publisher.

Welcome to digital publishing. To use this book to the fullest extent the reader must have a working knowledge of InDesign, Photoshop, Illustrator, PDF conversion, Avery, NeroStart Smart, Epson, Wasp or Microsoft Word.

Lasertrain Affiliate Program

Businesses or individuals may join in our training program and pass the training on to others by becoming a certified instructor. It is our goal to help business help themselves and part of that goal may be achieved by a company having certified instructors within their company using their equipment. The cost to affiliate with Glorybound Lasertrain is \$119.00 per year.

Glorybound Lasertrain Provides:

- Technical Support on all Print Sets which are published by Glorybound Lasertrain (We cannot support Print Sets that we don’t write.)
- Continued Training Options with advanced reservation for the newest classes.
- Certification for Instructors
- Options to purchase paper, bindings and equipment directly
- Opportunity to invite Sheri Hauser (Creator of the Lasertrain) to instruct.

Lasertrain Affiliate Options:

- Have classes at their business inviting others to attend
- Profit from selling education to others (The class prices are set. Affiliates may not charge more than advertised by Glorybound Lasertrain, but they may train for less.)
- Glorybound Lasertrain takes no profit from the class. There is no limitation to the number of classes that a business or individual may teach. However, the hours of instruction and material must be kept consistent to use the printed material and receive support from our program.
- Glorybound Lasertrain Graphic Designers will tour classes which are held by affiliates. All classes must be taught according to Glorybound Lasertrain standards. If the class is not being taught according to standards, Glorybound Lasertrain will suspend support until standards are met.
- Option to purchase Print Sets and ready-made brochures advertising the Classes at whole-sale (40% discount).
- To have a class, the Business or individual must have the necessary equipment to have the lab.

To become a Lasertain Affiliate:

- Sign an agreement to abide by the parameters of instruction laid out within the program promoting publishing education.
- Take a Class with a Certified Instructor (At the cost of the class.)
- Be an assistant in the same class taught by a Certified Instructor (At the cost of attending the class.)
- Teach an audited class (Audited by a Certified Instructor) (Attended at the cost of attending the class.)
-

Program Parameters for book classes with a lab

- Only one book to be presented during the class. The same book must be used for the entire class.
- Software needed must be preloaded on your lap top. The software for the book classes is InDesign, Acrobat, and Photoshop. It is essential to have version above InDesign 2 loaded into your lap top.
- Lasertrain does not sell software at the class.
- Any student found to be using illegal software, or copyrighted material or pictures not written by the individual taking the class will be dismissed without a refund.
- To use written material or pictures by someone other than the student, an authorization may be obtained from Glorybound Publishing Office.
- Photos from the web are not to be used.
- Clip art files (non copyrighted) are OK. Personal photos and written material are OK.
- A Loaded Lap top for use during class time may be reserved for use at a rate per day. (Must be reserved 3 wk in advance of class \$110 per day.)
- Students under 18 must have parental permission (signed) to rent a Loaded Laptop. A credit card number (or cash deposit) is required to rent a Loaded Lap top. The Loaded Lap top must be reserved for all the days needed at a rate of \$25/per day.
- Copyright and ISBN may be obtained in another class.
- All books are the responsibility of the student at all times. Glorybound Lasertrain does not accept responsibility for the book. The ‘book’ in digital format must be preloaded onto your lap top prior to class in WORD.
- Class time is not for editing, compiling, writing or changing the book. If the student does not have the entire book written and loaded on their computer, prior to class, he/she will be rescheduled for another class when he/she is ready. Those renting Loaded Lap tops should bring their manuscript on a CD or flash drive. All data must be taken from the Loaded Lap Top at the end of class. Loaded Lap Tops may be used by other students in between. They remain the property of the Glorybound Lasertrain for the duration.
- It is essential for the student to have a working knowledge of the computer system and the software which is being utilized for the class. This is not a software class, but a book compilation class utilizing the software.
- All books must be reviewed and signed off by Glorybound Lasertrain prior to class. May be submitted in digital format.
- Glorybound Lasertrain reserves the right to refuse to instruct an individual if their material is contrary to the parameters of Glorybound Publishing.

Renting a Loaded Lap Top

A Loaded Lap top for use during class time may be reserved for use at a rate per day. (Must be reserved 3 wk in advance of class \$110 per day.) Students under 18 must have parental permission (signed) to rent a Loaded Lap Top.

A credit card number (or cash deposit on reserve) will be held until the end of the class for the amount of \$2000. No deduction will be made from the credit card unless the computer is found to be damaged. The user (or gardian) is responsible to demonstrate to the instructor at the close of the class that the computer and all software have been left intact. No programs may be copied or altered within the lap top.
