## Adult Spiritual Book Camezia Reptidad

Camezia Reptidad is a book that points out that because we are created in His image, we take after Him in many ways. We need to learn to copy His ways in relation to spiritual things. We live in the world, but seek to not live like carnal men. So, where do we learn the difference?

The title says the message of the book. We are encouraged to be ‘like God, our Father in Heaven’. The Holy Spirit is compared to seltzer water and we are the ones who add the color and serve others. We become poured out as a drink offering to others when we serve them with the Holy Spirit as our base and add the spiritual gifts that He has given to us.

## Ole Lumpy Loved and Shared

The Teacher’s package comes with recorders and padding music which enables the ‘kids’ to learn about sharing. It provides a wonderful opportunity for the entire class to learn healthy principles as well as a little music. Sheri is sharing with the schools delightful opportunities to make money by including the ASCAP license to perform the play for money as well as unlimited release of copyright for educational purposes of the books. Imagine that? Your class can copy off books for everyone!

Your school purchases the package which has a CD of musical background and everything you need to put on a production while the audience reads the book. Your class charges those who attend and uses the money to pay for the program...and above. The way the program is set up, if your class does the production once, they will pay for the program. When they do the program again, the class will be able to keep the money for themselves.

## Adult Spiritual Book Corianta

The title means: Heart song. Interpreted: When our heart sings the song it was intended to sing, we will sing God’s heart song because we are all made in His image. There is a little God in all of us, so we should recognize aspects of Him in others when they are singing His song. Our heart was made to sing, but we have allowed other things to drown out the tunes. It is time to lift the darkness from our heart and allow it to sing. We have notes, like love notes that we can send to heaven when we fulfill our intended purpose of bringing honor to God. The key to Corianta is letting Him pick the tune your life plays and the door leads to a place where you will play the tune that your heart was meant to play. Like an instrument, you will do what you were meant for.

**Adult Spiritual Book   Abreas Ansus**

The book features a hand painted on tile acrylic painting on every opposite page throughout. The name depicts a field of white daisies out a window.

Vacuum Cleaner Salesman is a piece that came to me as a dream and I got up and began to type it into the computer. As I did, the dream continued to come. I completed the typing in about 45 minutes, then shaped the pieces. It was done in about an hour from 4 a.m. to 5 a.m. before I had breakfast and went to work. I have never added anything to it. What the piece shows is that there is no difference between a dream and a vision because in this piece they cross over.

There are three pieces: Window of Opportunity for Salvation, Vacuum Cleaner Salesman, and Salvation. All of the written pieces have amazing shapes of wine glasses. Each one is as individual as the words contained within. This book in its entirety is a piece of art. Wire bound with vinyl cover. 25 pages

# Adult Spiritual Book Festevía

Festevía is a book about sharing the gifts of the Holy Spirit with one another. The book correlates believers with a string of Christmas bulbs. When we are filled with the light {insight and knowledge} of the Spirit, we each glow with a different color. All of the filaments are the same, but the colors which are displayed are different. Some are red and others are green and blue. We each display whatever colors we are given. Then when we join with others, like a string of bulbs, we become a glorious display of heavenly light demonstrating the many colors God’s Spirit. Festevía is number 7 in the Steps in the Garden Series of books. The books prior to this one show how to attach to the power source to be able to emit the light and how to figure out what color your bulb is.

# Adult Spiritual Book Holy Hum

There is a hum in the universe which comes from God because He is the creator of all and His power flows through everything that has life. Even when we are quiet, we can still hear a small hum because the power of God is everywhere.  
And, if come to the point where we know God as a friend, then, just like someone who is humming, when we become near to Him, we will be able to hear the tune He is whispering under His breath. And, to be presumptuous that it is His desire, perhaps we will be able to hear the words that He is humming if we can get close enough to Him. Perhaps.  
Holy Hum features 8 1/2 X 11 size pages with elegant writings in designs of wine glasses. Each piece is different because He declares that He draws the shape then pours the words into it. {Like Me Mesa}

# Adult Spiritual Book In the Midst of God

Brother Rick King, a devoted Catholic, opens up most intimate moments with God to display how he has been led, protected and prodded to become a man of holiness. He brings the reader into his mind to see how God has sustained him through mental battles and shown a tiny light of hope, even amidst tough situations. Many of our toughest battles are in our own mind. Brother Rick shares his prayers and cries of victory.  
This book is written especially to be distributed to homeless individuals in that they might see there is hope because the Lord is actually in their midst and they can find the place where He dwells if they call out to Him. Rick passes these little books out on the streets of Las Vegas along with a five dollar bill when the Spirit directs him. He is actively trying to direct those who are mentally distressed into a safe living situation. It is his ministry.

**Adult Spiritual Book Dove Dreams Fly**

Dove Dreams Fly is the inside story of how Sheri followed the dreams that were given to her which lead to copy them down, align them into books and learn every thing to hatch a publishing company.

This book is different from her other books in that these dreams aren't meant as prayer teaching lessons, but directions to building a business. She gives the date of the dream, then tells how she interpreted it {not always right} and the outcome because of how she walked into the dream.

Dove Dreams Fly was completely finished {as a book} before she had any positive cash flow. This {God} business was built on faith in the dreams she believed were from Him and proved to be true. You could, too, because last time I checked He's still handing out dreams for free.

Adult Spiritual Book Miraculé

The essence of the book is understanding the many colorful aspects of God’s Holy Spirit through the interpretative aspects of the Spirit. I use references from five Holy Books {Interpretation of the Qur’aan, the Jewish testament, the Christian New Testament, the Book of Mormon, and the Catholic books of their Bible. The book is not religious, but spiritual pointing out that God cares about all who diligently seek Him and can be found at the end of His voice. Our image of who God is directs our image of who we are according to Him. If we allow Him to show us who He is, then He will show us who we are. This book reviews the influences which we have telling us who we are and shows that we can learn to listen to the voice of God which will tell us who we are and who we should be. Miraculé reviews the seven spirits

Adult Spiritual Book Ordinary People

This book is about God at work, working through ordinary people that He chose to accomplish unique expressions of faith. The purpose is to Glorify God and further His Kingdom. First, God became an ordinary man with a humble birth at Bethlehem to show He is available to all men, women and children in all walks of life. The message was there at the beginning of His physical time on earth. The stories I will begin to write about are people like you and me. These stories will include people of faith from the Bible, the past and the present that God has and will work through to accomplish His humble message that began at the manger, people of humble obedience that surrender to allowing God to work through them for God’s Mighty purpose.

Adult Spiritual Book   **Kapaseus**

Kapaseus is a book about walking into the ministry of hearing the voice of God which leads us to miracles. When we learn which way God wants us to head, it is like we take the threads of His wisdom and run through the place of His desire.

We are like a runner with a string: We are threaded through His desires by His provision to the goal. Kapaseus is about being threaded like a string through a needle; from one place, through a tight place, to a spanning place where we are supposed to be. In Kapaseus we learn to lean on His promises which will bring us through by our faith to achieve His miracles.

This elegant book has the most beautiful rhyming poetry of all of Sheri’s books.

Adult Spiritual Book   **Katisha**

Katisha is a book which responds to demonic warfare like a battle ground where the Kingdom of God’s Soldiers are against the Kingdom of the World’s Soldiers. Many times we do not have victory because we refuse to fight an enemy we cannot see. Sheri shows how to arm up using spiritual weapons. She reasons that if God wants victory and we are on His team, then if we ask Him to reveal the tactics of the enemy, He will and victory is sure. The book is stuffed full of miracles in prayer: Evidence of victory over the enemy.

If you need victory in prayer and are willing to ask God how to get there, this book is for you...because, certainly, God knows a lot about winning the battle against evil.

Adult Spiritual Book   **Me Mesa**

Me Mesa is a book about anointing. We are born with anointing, but we must recognize it, then nurture the gifts we are given in order for it to be fully displayed in our lives. In essence, when we come to God, we should declare ourselves empty as a plate, and be willing to allow Him to put what ever He wants onto our plate.

The correlation is that God inscribes His desires on the plate of our heart. Only when we come to Him without our own agenda (of what He wants for us) will we be in a position where He can write His inscriptions onto the tablet of our hearts.

The Picture on the cover is of a plate which hangs on Sheri’s wall. The correlation is that God wants to inscribe on our hearts His message then hang us on the wall for all to admire, just like this lovely hand painted plate. The book features large writings 8 1/2 X 11 poured into elegant wine glass shapes. {Like Holy Hum}

Karna and Sheri form an inseparable team of sisters with amazing talents of artistic ability and writing skill. Karna has been doodling on napkins and paper scraps since childhood. Her art talent ranges from murals, sculptures and fine arts. She teaches in the Parks and Recreation Department and loves, especially to teach children. Sheri came to fruition after receiving the gift of rhyme one night in a dream. Since then, all of the children's books she writes have the most amazing rhyming ability. Consequently, they make great songs! Our fun is in watching you enjoy these creations.

**All of Sheri's books are available on line at the web site [www.fordreamers.com](http://www.fordreamers.com) to read for free. She has released all of them without charge, so if you cannot afford to purchase the bound copies, then you may read them, anyway.**

## Sheri Hauser's House of Prayer Books

My Books are unique in that they are written from dreams and are connected to one another.

The primary connecting thread is interactive prayer with God. We all desire for our prayers to be answered. The power to answer prayer is in God's hands. What if we asked Him what He wants, then requested His desire? What we would be doing is praying into God's will rather than guessing and hoping for the outcome. We would have surety of the answer. This is precisely what I have done when I published all of my own books and grew a company; I asked God for His desires, then prayed into them. And He made them to happen because, after all, He's God. That is when miracles happen.

Let me give you some insight into the degree of miracle He has done through me: in 2001 I received the baptism of the Holy Spirit. After that, I would spend several hours a week in the desert praying and seeking the presence of God's glory. I began to have dreams and visions which could be related to specific Scriptures in the Bible. What I recognized was that I was actually receiving coded messages which were the answer to my prayers for guidance to find the presence of God and experience His true glory. I took the dreams and visions back to Him in prayer asking for the answers, then I filled in the blanks to the questions which I had asked in the first place. It was never my intention to write books related to the subject of prayer. What happened is that, because I copied the dreams at night and they were messy to read, I began to transcribe them into the computer. And, after about a year of doing this, I was given a dream with clear direction to put the collection of dreams with their instructional interpretations into a book.

After prayer and fasting, one book was put together. That first book was called Miracle's. The title was given to me in the form of a spirit language called 'tongues'. The interpretation of the title was also given to me. What the word says if you pronounce it slowly is 'mirror accolades'. What it means is that when we allow God to show us who He really is, then He will also show us who we really are. Only then will we see how we are to glorify Him; then we will be honored like a knight receives an honor from a Queen. As we kneel before the presence of who He is as He shows it to us and embrace that vision He will put a sword to our shoulder and declare us to be an honored part of His Kingdom. Then, we will fulfill the name 'Miracle's' because we will, by His power working through our lives, become walking, breathing *miracles*.

After more fasting, this book was divided into four books. It has become like bread in a basket for me in that, each time I reach my hand to share with others, more bread is produced. So, in essence, I only have been given one book, but by being willing to share, it has multiplied to feed many. The books are on different subjects all related to the same topic. I trust you will find the answer to your questions, not in my books, but as my books teach you to ask the right questions and listen for the answer in a way that you can understand enough to pray it in for yourself. Then, you too, will receive your *miracle's*.

Spanning Bridges

Here are some bridges which are groupings of books on the same subject. Some of the books are printed, some are finished, and some are not. They are like a bridge under construction. If you order a bridge, the books will be sent to you as they are written. Be sure to give us your e-mail in case you move.

1. *Interpretation of Dreams*

2. *Prophecy*

3. *Dreams*

4. *Holy Spirit gifts*

5. *Demonic warfare*

6. *Glory of God*

7. *Interpretation of Dreams Encore*
8. *Seven Spirits of God*

To see which books are in the bridges and order numbers see next page.

Two types of bridges related to my books

All of them exercise your faith trusting God to bring you across a span of river, just like crossing the Jordan, to a place of understanding His voice on a specific subject. My books are not 'how to' books in that they don't give answers. What they do is show you how to ask questions to God...then He will answer. They show you how to listen for the response and reach out to grasp it in such a way that it will no longer continue to be elusive. In case you haven't figured it out yet, they are all on responsive prayer.

1. **Book bridges** span the length of a book The book bridges are writings which bridge the gap of understanding between where you are and where you need to be to see things from God's perspective.
2. **Spanning bridges** cross over using four books Spanning bridges cross over a bigger body of water. These bridges are not built yet. They bridge your understanding on a subject. The books are grouped according to subject. Some of the books are printed, some are finished, but not printed, and some are not completed yet. It is like an unfinished bridge.

When you begin to cross a spanning bridge you exercise greater faith because you are trusting that God will continue to give Sheri the rest of the information needed to complete the bridge. All of the bridges go to the same place in that they bridge the gap between where you are and where God's perspective is on the specific subject. They simply cross the river in different places.

10 Stepping Stones to the Garden of God's Love

There are 10 books which become as stepping stones to take the reader into intimacy with God. The image is that we move from the front of His house to the backyard where He waits for us. Along the side of the house are stepping stones which we walk on to get there. This is a group of ten books which lead around to the back of the house into the secret garden of God's love. Corianta, Tomasena, Katisha, Miracules, Sinactia Empezia, Camezia Reptidad, Kapaseus, FireFly, Festevia, Seed Packet. Most of them are compiled. To date, Firefly, Miracules and Seed Packet need to be finished but you can look for them soon. All 10 Steps in the Garden. This is a bridge because some of the books aren't printed yet, so you will wait for them to Be finished. \$219.50 #SS-10

**Adult Spiritual Book Sinactia Empezia**

This book is on seeking deliverance directly from God. Many times we are traumatized in our lives and it leaves painful scars on our personality. We try counseling and self help models but are disappointed at the results because our pain continues and our anger stays. Sheri demonstrates how to enter into a prayerful state where we can get rid of the guilt, the pain and the hiding. We don't need to run from the past when we can be delivered from it. The book is appalling in that she shares intimate information related to how she was demonically possessed and received deliverance. Sinactia Empezia does not free the individual because, certainly no book can bring freedom, however, it shows where to find the tools needed to ask the only One who holds the keys to freedom and receive complete freedom.

**Adult Spiritual Book Tomaseña**

Tomaseña is the first book of its kind that the entire book is written from dreams and visions received by the author, then interpreted to become a teaching tool for others to hear the voice of God for themselves. What Sheri points out is that the Spirit has provided an open door to understanding messages which come from heaven by the extension of our faith. Dreams, visions and prophecy provide a bridge to the Kingdom of Heaven bringing guidance, correction, deliverance, and encouragement. The book gives historical credence to dreams and visions then brings the evidence forward to today demonstrating that it is the Spirit which brings inspiration us.

**Spiritual Book to come Firefly**

Firefly is a book full of inspirational writings derived from dreams and visions on the subject of getting the words from our dreams. One of the dreams included in the book says that 'dreams are not meant to be silent movies. They have words.'  
If the dreams have words, then how do we learn to turn up the volume on our 'receiver' to hear them? Sheri makes an analogy of a television with the way dreams come as 'visions' onto the screen of our mind. There are several things that we can do clear up the picture and turn up the volume so that we can have a better picture of what is being shown into our living room.  
If you are an individual who is seeking to hear from God, then you should check out this book because it shows how the voice of God is speaking into your dreams already... you just need to tune in, turn down the noise in your life, and focus.

Spiritual Books to come Seedlings

Seedlings is the last book in the 10 steps into the Garden of God’s love. It is about coming to the point in our spiritual growth where we are in the field which God has called us to and planting that which can be harvested for His Kingdom.

This book is for those who want to reap a spiritual harvest regardless of the cost. Because, one of the aspects that the book points out is that, often the farmer has to buy the seed and grow the crop before there is any return.

The book is not completed yet, but look forward to seeing it come about. You are optioned to pre-order the book, but it can’t be mailed until it is printed. Look for it in July or August 2008.

Spiritual Books to come Palagra

Palagra is about things that are black and white, true and false, right and wrong. It is a collection of dreams and visions with interpretations which focuses on the subject of ‘truth in writing’ and brings up the issue of responsibility setting it with the author. Sheri points out that when an author writes a piece, she brings the reader down a path. The writer is responsible for where she or he brings the reader. Smut writing leads to lewd thoughts and promiscuous tales to provocative ideas. These are areas of thought which roll around in the reader’s mind giving birth to foulness.

This book is for those who desire purity in thought through black and white. Especially recommended for spiritual writers.

**Spiritual Books to come Wedding Service**

The Church is to be the bride of Christ. What an amazing concept to be engaged to become married in purpose to Him. Wedding Service shares the concepts that the Church is to be married ‘in purpose’ with the spiritual nature of the Kingdom of God. The book is filled with wonderful, romantic poetry as well as principles related to Scripture and role of the Church.

We are hopeful to present the Church as spotless and pure at the altar where we meet the one who has loved us for a long time. The book address purity and the ‘walk’ down the isle to the altar where we meet Him.

**Spiritual Books to come Chalishía**

This book deals with the conflict we have inside ourselves. Often it seems like we are two people: A schizophrenic spiritual person.

The sub-title is My two Mes because, as Sheri shares, often times we feel like we are not who we want to be, or who we need to be. It is almost as if we are two different people sometimes. It’s the ‘me’ we want to be and the ‘me’ we are.

What a tremendous conflict we seem to have trying to live a holy life seeking the purposes of God while walking with our feet on the soil of this earth!

This book is fairly light hearted and will make the reader laugh at some of the poetry tucked between the pages.
