Breathing life into dreams and dreams into books

*Glorybound Publishing is a non-profit Corporation whose goal is to share the love of God through books, promote language development in Schools, and assistance to those who desire to learn how to publish for themselves.*

- Technical Support and training materials enabling Church groups, Schools and others to publish their own books. **Glorybound Lasertrain**
- Support to Christian Writers with training, technical advice, and publishing of books. **Publishing Dept.**
- Support to the artistic community through programs to enhance their exposure. **Artist Bank and Creative Explosion Nights**
- Training children to appreciate many languages and Large Print books on demand. **United in Word**
- Sunday materials for Churches and the Children. **GBK and Little Fishy Hooks**
- Fundraising support programs for Schools. **Teacher's Packages**
- Moral training to Children **Glorybound Kids Books**
- Services to support business in publishing. **Publication Options for Business**
- Support Music Teachers through music page binding.
- Religious training for adults with promotion of faith in understanding dreams. **Spiritual Bridges**
- Enhance skills of Christian Writers with **Glorybound Christian Writer's Association of Nevada GCWAN**
- Promotion of fine writing in children and young adults. **GBK Ink**

## Glorybound

### Lasertrain

#### Print Sets, Pattern Sets with Classes

Incorporates 10 Software modalities using specific templates to publish books, brochures, booklets, web design, art formatting, logo design and integration between publishing options. All of the print sets have samples which GBB uses in their Organization. The print sets are specific to the use of Imagistics Printer and the pattern sets may be used by with any printer. The program is supported by our company which means that if someone purchases a print set, they may call our office with questions and we will help the individual to run the print set using their equipment. The goal of the print set program is 'helping business help themselves'. Presently we have 19 Print Set books and over 200 print sets.

### Lasertrain Classes

We have 56 classes outlined. The classes are taught in five hour sessions with three hours in the morning and two hours in the afternoon. Each of the classes has a lab where the target item is made. The person who attends the class will go home with a 'bound book' or brochure or whatever the class is on as well as a CD and the knowledge to make their item using their own equipment. The program is meant to be released as a wholesale program using the template of the American Heart Assn (International Template). To be released to teach their own classes the individual must (1)Attend a class, (2) Aid in a class, (3)Teach a class and be certified by a certified instructor. All of the classes will be supported (materials) by the Glorybound Lasertrain Program

### Christian Writer's

### Assn-

We are proud to announce the first Christian Writer's Association in Nevada called Glorybound Christian Writer's

Association of Las Vegas. The purpose of the Association is to join with a cooperative concern for promoting a spiritual message in their writing, increase the quality of their literature, encourage sharing of writings, and exercise publishing authority of 9 books per year to recommend to GBB. The will have monthly meetings in a restaurant and learn digital publishing, publishing industry standards, and writing according to God's standards. The cost is \$15.00 per year, then the dinners as they come up. Meetings are 2 ½ hr per month. Must be a resident of Nevada and can only submit one book per year for recommen-

terns in premier softwares accompanied with software training. We feature spiritual books along with prophetic artists promoting the artistic gifts.

### GBB Books

GBK books are published with the intention of adding moral fiber into the diet of children. They are based on healthy principles of living. Our books are similar to putting peanut butter on celery in that they sneak nutrients while making it fun to consume. Most of the art comes from paintings by artists who specialize in these subjects. We have books appropriate for home school and doctor's offices.

 Dove Dreams Fly by Sheri Hauser  
 Dreamatrix Immanuel by Sheri Hauser  
 Aurora Dream Journal  
 Festevia by Sheri Hauser

GBB ministry will be to help those who are seeking the Holy Spirit and interpretation of their dreams. It is our goal to share with the baptism of the Gospel, water baptism, Holy Spirit Baptism, and dissemination of the Spiritual Gifts. We believe in sharing the anointing which God has given.

#### Publishing Options

***Publication Options for Business*** is a department of Glorybound Books that provides support to business and individuals who do not have equipment or learning to do it on their own. They fall outside the Lasertrain. These clients come to the Publishing Company to have publishing done for them. The areas we offer publishing are art and graphics, Editorial Services, Printing, Binding Books, Business Cards, Business Publishing Packages, Chinese Restaurant Publishing Packages, Church or Group Publishing Packages, Web sites. With this program someone can bring us their book and we will design and format the book, and hand it back for him to bring to a printer of his choice. We will do a logo for a company then add it to his stationery and business card. Then, he may return to have us help him with a web site. The office is run using appointments with two graphic artists. Appointments are \$40 per hour. The client is assigned a graphic artist who will continue to work with him/her for the duration and beyond. The program is to be treated like a 'wedding planner' in that the artist sticks with the client until it is all finished to make sure everything matches. The graphic artist continues to follow the clients to meet their changing needs. It is our goal to get the client to use the Lasertrain Classes with the Print Sets and learn to do their own publishing. With each project the individual is given a computer disc and show how to publish the project using his/her own equipment.

#### GBK Writer's Ink

This program is designed to promote fine writing in children and young adults by allowing them options to be published. We publish two books per year featuring young artists and authors giving them an opportunity to become 'published authors and artists' at a young age. In addition, we publish Class Books which are a combination of the whole class' effort for the year and release them at whole sale price for the class to sell to their families and make money for their school.

#### Our Books and Authors

In 2009 Glorybound Publishing Foundation has over 70 books in four languages and large print. We specialize in training books for children and adults. We have over 200 digital pat-

dation to publication and review by the Association. President is Barbara Burke.

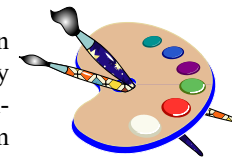

#### Art

#### ***Creative Art Explosion***

At this time Glorybound Publishing has published 4 artists with 2 more having books in process. Art is an essential part of making books exciting to read. Pictures are essential to children's books. Glorybound Publishing recognizes that in order for fine art to be appreciated, it needs to be shown. We enjoy sharing a variety of mediums and typologies. Within the books we now publish, we have paintings, murals, water color, pen and ink, graphite, and porcelain paint. The cover of one of the books features a painting done on a saw blade (Chalisha). In another book (Dreamer), murals are used with a real child posing as if she is in the picture. The murals are on a Mexican restaurant (presently). We love art.

***Artist Bank***-It is our goal to provide support and attention to Artists. The artist Bank is a program where the artist submits a specific number of pieces digitally and we keep them to show authors who might need an artist for their book. With the artist bank 30 pieces are submitted.

***Creative Explosion Night*** : Collaboration with a coffee shop atmosphere to display art and have teaching lesson on publishing art and books. Three hour program with music, art class and opportunity for artists to introduce their work.

**United in Word Program** promotes translation of books into foreign languages. The goal of the foreign translation program is to help children (people) appreciate other languages. It is not to sell more books... Consequent to this goal, GBK will accept translations of languages which are not mainstream dialects and print books in that language. With the language program, a person may submit to translate a book. It has to be approved (because we may already have that same language in process). Once it is approved the individual translates the book and has it signed off by another individual who speaks the same language. The book will be printed in English as well as the language (On the same pages) so that it may be understood by individuals who speak both languages. The one who translates the book receives 20 books Sent to a Tax-free organization of their choice. GBK has no limit to the number of translations which they can do because they print the copies individually using their own printing equipment.

## Sunday School

Some of the children's books have companion Sunday School materials. The Books to look for are ***Little Fishy Hooks***.

Plays & Puppet shows-GBK has several plays that we look toward having on stage. The plays feature classical music and instrumentation with adults inviting the children to fill in the positions which are filled with adults with the intention that they will aspire to the same level of playing their instrument. It provides training in instruments

for children as well as those who will be on the stage acting. Edelgard Strunks has two children's plays 'Setareh and the Nightingale' and 'Moon-flower'.

## Sound Studio Recording-

It is our goal to record all of the books we publish onto audio disc. We use our sound studios specifically for recording our books. The authors will be given first option to read the book as they are the best one to 'tell' the story. The children's stories are told with more action while the adult books have musical background.

## Interactive Elements

Glorybound Kids has a lot of interactive elements that go along with the books. BaBa Verde La has Suffolk Sheep Wool which is obtained from Norah's Ranch. Alpaca Shear Fear has Alpaca fiber which gives kids some of the clippings to touch, also from Norah's Ranch. These are some of the Fiber Books.

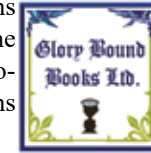

We will have a lot more of Fiber Books. Sharing Ole Lumpy has a musical CD and a whole program for teachers to have their class do the play. It is completely interactive and the classroom can use it as a money making project while everybody learns.

With that program the copyright is released so that the school can print off as many copies of the book as they want to be able to pass them out to the students. Most of the interactive elements included with the books have been dream directed (by Sheri's dreams). All of the children's books have something that the child can hold in his hand; the older ones have a flute or a something while those under three years of age have a stuffed animal that is safe for children under three. We buy in bulk and package them using Opportunity Village People. The book on the Civil War will have dolls from the era. It is a play with 32 songs in it.

Authors and Artists GBF provides business cards, brochures, speaking engagements, book signings,

radio interviews, and order forms to our authors to support them along the way as they continue to write and draw. Most of our authors have several books and they follow one after another. Our authors receive royalties for books we publish. We set up speaking engagements and accompany them providing support and making sure that they are not taken advantage of by any one. We guard their copyright and their material. GBF is responsible to sell their books at the presentations and speaking engagements (as indicated). We set the prices of the books and make them available by providing brochures, ordering capability, web options and maintaining an active credit card account.

## Distribution

Avenues-Once the books are available they may be sold. When we make our books available to an avenue, we present all of the books, not just a few. The books are presented with the author and artist who is represented. Many times we present original artworks (on canvas) alongside the book. Distribution is through the web site, MorLots Store, Church bookstores, Publishing Conventions and speaking engagements. All of our books are digitally produced, therefore we have option for many translations, sizes, bindings, and large print within the same book.

## Children's Health books

feature a health issue related to children sponsored by a Doctor or Medical Group and written by Sheri Hauser (Registered Nurse.) 'Children's Health books' at invited hospital events and donates a substantial amount of books to Doctor's offices, hospital gift shops and diabetic organizations. One of the Children's health books has a play which helps to promote good living free from candy. It's a Candy Wrap.

## Spiritual bridges

Sheri's dream books-The dream books are unique in that they are entirely written from dreams, about prayer and knowing God. The books are like bridges of understanding which cross over a specific place in the river to bring the reader to a place where he/she can ask the right questions (to God) and He will provide the answers. All of the information related to the bridges may be found on the web site. Several books are released for free on the web site. The books promote faith in understanding dreams-the whole sum of the Spanning Bridges books is to promote faith of the people to help them become brave in interpreting their own dreams and visions to understand the voice of God for themselves.

Sheri speaks to groups on dreams as she is invited. Part of the
