

GBK Music

From the Hop-a-log series of books for children.

John Jones is a gifted pianist, guitarist, singer and producer who has had a passion for music since he was five years old growing up in Des Moines, Iowa. The heart of his music flows from his spiritual life. I am sure you will delight in the way he shares his 'lumpy log' and become swept up in the joy of his passion seeking integrity through music. With *Sharing Ole Lumpy Comes to Life*, John sits you on the porch swing in the swamp with the frog family.

Sheri Hauser shares her 'lumpy log' with y'all in song and rhyme with a southern twang. I am sure you will find a lot of fun tucked into the moral fiber threaded through the plot of the story line. Sheri is a writer who believes that dreams come to life when they are given a chance to breathe. You can find her other books on www.fordreamers.com.
