V2 ACTIVATION INSTRUCTIONS

STEPS:

1. Plug your new Unique Componentry Starlink in and turn it on utilizing one of the two remotes (if applicable).
2. Download the Starlink app on your mobile device.
3. Open the Wi-Fi tab on your mobile device's settings and select the appropriate Wi-Fi name (Your last name in all capital letters, STARLINK, or STINKY)
4. Open the Starlink app on your mobile device.
5. Once your Starlink is connected and the app states "OFFLINE" or "ONLINE", click "NO ACTIVE SUBSCRIPTION" and follow the prompts on Starlinks website to activate your hardware with a new Starlink account or an existing Starlink account. It will automatically type in the appropriate ID number. (Please note your Starlink will not be instantly online when turned on. It will go through an entire start up process which can take between 2-30 minutes)
6. Once activated, turn your Starlink off utilizing one of the remotes (if applicable) and wait approximately 5 minutes before turning it back on.
7. Refer to the instructions sheet labeled "INSTRUCTIONS - DO NOT DISCARD" for more information on how to reset your Wi-Fi name, set a password, etc.
8. Or visit https://www.starlink.com/activate
