Mogoditshane

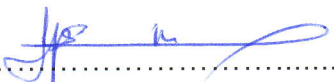

BOTSWANA

To Whom it May Concern:

The Botswana Defence Force has been working with Caliber Sales Engineering, Inc. since 1997 as one of our primary support agencies in maintaining our Ground based Air Defence Radars.

Caliber Sales Engineering has always been found to be a very professional and reliable partner; performing site surveys, repair and supply of major components and spare parts, as well as onsite installation and maintenance.

We thank Caliber Sales Engineering for their years of good service and look forward to their continued support in ensuring the successful operation of the Botswana Defence Force Air Defence Radars.
