

6 ITEMS FOR CREATING AN EMERGENCY KIT

BOOSTER CABLES

These should be in any vehicle and can get you started if your battery dies

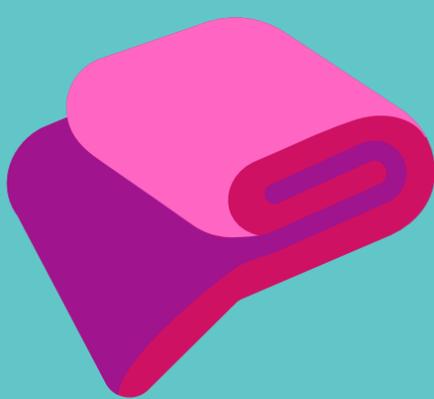

FLASHLIGHT

In the event that something goes wrong while driving at night, a flashlight can be very useful.

FIRST AID KIT

In case any injuries occur you don't want to be bleeding all over the upholstery.

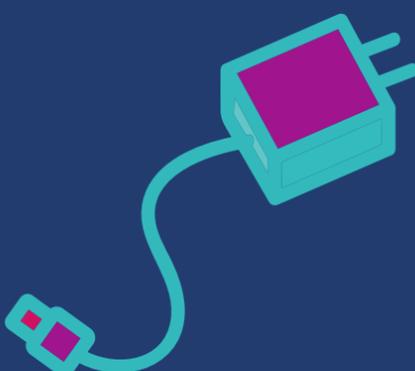

BLANKET

In case your teen gets stranded when temperatures are very cold.

PEN & PAPER

To write down any necessary information including insurance info if an accident occurs

CHARGER

A charger can power up any device including cell phones which are certainly needed in an emergency situation
