DROP-OFF AND PICK-UP PROCEDURES

When arriving at the center, please park along the curbed sidewalk outside of the center or in one of the parking lots.

Please use caution when in the parking lots.

Children should always be supervised when on Westminster property. Please do not leave children in a car unattended.

All children, including siblings of enrolled children must be supervised at all times.

Adults dropping off or picking up must accompany children to and from their classrooms.

Please do not allow children to run in the hallways.

Please do not leave infants in car seats unattended in the hallway.

Upon arrival each day, parents should communicate any important information regarding the child's health, disposition, and changes in schedules, etc. This ensures that educators have current, important information about your child each day.

When children arrive they should be greeted by their teachers, hang up belongings, wash hands and select an activity.

Once the children are dismissed, the pick-up person is responsible for the child. For safety reasons, please do not take your child from the classroom or playground without the teacher's acknowledgement. Children must be accounted for at all times.

(Please do not park in the handicapped spaces, unless you have proper identification. USC Police will ticket violators. There are additional parking spaces available in the lot across the street. In the interest of safety, please do not leave children unattended in your car.

- 
- ⇒ All persons who will be picking up must be listed on the Emergency Contact Form (minimum age is 16). If additional individuals must be added to this list, please notify the office by email.
 - ⇒ If you have an emergency that requires you to make last minute alternative pick-up arrangements, please call the WECEP NSK office (412-835-2906) or email us. Such arrangements can only be made by the parent or guardian.

Children will not be released to any unauthorized person without permission from parents or guardians. Staff are trained in procedures to protect each child in the program and are required to confirm the identity of any unfamiliar person before releasing a child. Staff will request photo identification of unfamiliar persons seeking to pick up children.

- ⇒ Staff will not release a child to any person who is impaired or in any way may endanger your child.

All children must be supervised by an adult at all times on Westminster property.

LATE PICK-UP POLICY:

WECEP Nursery School and Kindergarten requests that all children are picked up on time according to the child's classroom schedule. There is a 5 minute grace period extended without a late fee. If a child is picked up late on a regular basis, a late fee of \$2 per minute will be charged. The school recognizes the occurrence of unforeseen circumstances that would cause a parent to be late. In this case, a courtesy call (412-835-2906) is greatly appreciated. If you need to pick up late you may register for stay and play.

Temporary withdrawals for vacations or short illnesses are not reasons for refunds.

The Executive Director reserves the right to require withdrawal of any child whose needs cannot be met by WECEP NSK. The administrative staff also has the authority to move any child to another class, should it be deemed necessary for the welfare of the child and/or the class.

ASSESSMENT POLICIES

ASSESSMENTS:

Assessing children is an integral part of the nursery school/kindergarten program. At WE-CEP NSK we engage in ongoing assessment which examines teaching practices, guides curriculum planning, maintains communication with parents, identifies skills and interests of each child, recognizes children in need of additional support, and confirms the program is meeting its goals and objectives.

A comprehensive assessment requires a multi-method approach to record a complete picture of the child's skills and abilities. This is done by using the following methods: getting to know the child, using developmental checklists, requesting input from the parents, observing the child in the classroom and collecting the child's work samples. The checklists are shared with the parents along with their fall/spring report cards and during the parent conferences.

The assessment information is kept in the child's file. The child's teacher and administrative staff have access to children's files. No information from the child's file is given out without the parent's written permission.

PARENT-TEACHER CONFERENCES:

This is a time for you to talk with the teaching staff and learn about your child's development and progress. Conference dates and times will be offered to parents by their child's teachers. It is important for parents to make every effort to attend at the scheduled time. Parents and/or teachers may request additional conferences, if either feels there is a need. All conferences, as well as the child's records are confidential.

DEVELOPMENTAL CONCERNS:

When a staff member or administrator suspects that a child has a developmental delay or other special need, this information is communicated to families in a sensitive, supportive and confidential manner. The parent is provided with documentation and explanation for the concern, suggested next steps, and information about resources for assessment.

SAFETY POLICIES

SITE EVACUATION:

If it is necessary to leave the school property, the teachers and children will be relocated to the primary or secondary relocation site. The following procedures will be in effect:

- * Administration will notify the police department, the site, the Board President, and families.

SECURITY SYSTEM:

In order to provide a safe environment for your children, a security system is in place throughout the WNSK/WCDC facility. Families are asked to order key fobs to gain access into the building. A refundable deposit is required for every key fob ordered. If a key fob is lost, the deposit will be used to order a replacement FOB. Deposits are returned when a FOB is returned. An intercom system is available in the main lobby in the event you have forgotten your key fob or for emergency use.

SUSPECTED CHILD ABUSE:

Mandated reporters are required by law to report suspected child abuse or neglect immediately to the Youth and Family Services Agency. Due to their contact with children, child development professionals are considered mandated reporters.

GUIDANCE POLICY:

Positive approaches to help guide children's behavior as well as to encourage sharing, caring and active participation in resolving conflict is the primary form of guidance used in the classroom. The guidance methods include redirection of focus, reminders of the classroom rules, as well as expectations and teacher facilitated arbitration when necessary. Classroom rules are few in number, clearly defined and consistently followed. Teachers and school administrators will maintain open communication with parents for the purpose of developing a strategy that will enable the child to be successful. Behavioral Observation Reports (See Appendix A) will be used as a tool to document any behaviors seen as challenging that may interfere with the learning of the child or other children in the classroom. After three related Behavioral Observation Reports within a 3 month period a meeting will be set up between parent and WECEP Director and/or staff to develop an intervention. The WECEP reserves the right to dis-enroll a child from the school if a child's behavior is aggressive, overly disruptive or dangerous to the health and or safety of other children or the staff. Decisions about such terminations will be made by the WECEP Executive Director and Board of Directors.

Staff never use physical punishment and do not engage in psychological abuse or coercion. Also, staff never use threats or derogatory remarks, and neither withhold nor threaten to withhold food as a form of discipline.

HEALTH POLICIES

ILLNESS:

Children may become sick during the day or show signs or symptoms of illness prior to arrival — we know how it goes. If your child becomes ill while at the school and we think it's better for him or her to be home rather than in contact with other children, we'll call and ask you to pick your child up no more than one hour later. In the event of a serious accident or illness, an ambulance will be called. To ensure your child's safety, your Enrollment Agreement provides a record of names, addresses, and phone numbers of those people you have authorized to pick up your child. We ask you to keep this information current and supply names and phone numbers of your family doctor and preferred hospital.

If your child is diagnosed with a contagious disease please inform the school. Per DHS licensing, if any suspected case of a contagious disease is reported a health notice will be posted on the front door of the school.

A doctors note stating the child is no longer contagious is required to return to school.

MEDICATION:

Any medication must be labeled with the child's name. Please bring any brought to the office so it may be recorded in the Medication Log. Prescription medication must have the original packaging with the doctor orders of dosing on the package as well as the child's name. Staff will not dispense medication without written parental consent. Epi pens must be in their original packaging. All staff is trained in the administration of Epi pens.
