HISTORY:

WECEP began as Westminster Nursery School in the fall of 1958 when Westminster Presbyterian Church recognized the need for a community preschool. Westminster Child Development Center opened as a church mission in 1983. Both functioned as two separate and distinct programs until 2015. At that time both programs were organized under the Westminster Early Childhood Education Programs (WECEP), LLC.

WECEP'S PHILOSOPHY & MISSION

PHILOSOPHY:

We Believe:

- * Children are unique individuals who develop at their own pace
- * Children learn best when they are actively involved in their environment.
- * Children learn best in a safe, nurturing, and creative environment
- * It is essential for children to test their own ideas and become confident, independent and inquisitive learners.
- * Children benefit from a strong parent/ teacher partnership which encourages

As a ministry of Westminster Presbyterian Church, WECEP espouses Christian beliefs, values and traditions. As a proponent of multicultural and racial diversity, WECEP respects the beliefs, values and traditions of all peoples.

MISSION STATEMENT:

Our mission is to create an educational community which provides the highest quality early childhood learning experiences in a safe, nurturing and creative environment. Through a play based, developmentally appropriate curriculum centered around spirituality, we will offer young children an environment filled with discovery and the opportunity for children to develop social, emotional, physical, language and cognitive skills. These skills will provide them with a strong foundation for future academic and social success and instill in them an excitement to be life long learners.

CHILD & FAMILY OUTCOME STATEMENT:

Child Outcome: Children will experience growth and learning in a loving environment that offers safe, fun and challenging opportunities.

Family Outcome: Families will be active partners in the education process. We welcome family participation in many forms. With proper clearances, family members may assist in the classroom for a firsthand view of their child's learning experience. WECEP teachers and administration will serve as a support system to the families during their child's enrollment. For more information on how you can be involved please contact the office or speak with your child's teacher.

To join our WECEP parent group please email Denise Burke at burke@westminster-church.org

PROGRAM INFORMATION

CURRICULUM:

The Child Development Center utilizes the Creative Curriculum integrated with our Christian based philosophy and values.

The Creative Curriculum® is based on five fundamental principles:

- positive interactions and relationships with adults provide a critical foundation for successful learning;
- social-emotional competence is a significant factor in school success;
- constructive, purposeful play supports essential learning;
- the physical environment affects the type and quality of learning interactions;
- teacher-family partnerships promote development and learning

Teachers create theme based activities and incorporate art, music, movement, problem solving, language and literacy into all lessons. Learning centers with hand on, developmentally appropriate activities are implemented.

As children progress into the older classrooms, the Handwriting Without Tears program is introduced. This program focuses on letter recognition and letter formation.

Outside programs such as Soccer Shots and visits from the Upper St Clair Librarian provide a variety of activities for the children enrolled in the Child Development Center.

OPERATING SCHEDULE:

The WCDC operates from 7am– 6pm, Monday to Friday and is open 12 months a year. Holidays and closings occur during the year and are outlined on the annual calendar that is provided to parents in July.

A variety of enrichment presentations, special visitors throughout the year, and hands-on science and music programs complement the classes

WECEP reflects Christian beliefs, values and traditions by modeling daily the love of God, self and others. We encourage and develop spiritual growth through classroom teaching, reading of Bible stories, prayers, and celebrating the seasons and holidays from a Christian perspective.

If parents do not have invitations or cards for all children in the class, we ask parent mail them to the home or distribute them to families personally. Teachers may not distribute cards, invitations etc. to specific children.

TERMINATION OF SERVICES:

Because we provide child care and education in a group setting, we must be concerned for the welfare and safety of all children and staff. We take action when a particular child or parent's behavior threatens the safety of — or becomes abusive toward — the other children, parents or center staff. As a result, we may disenroll the child immediately. We reserve the right to disenroll any child or terminate services as deemed necessary or appropriate at our sole discretion, with or without notice.

DROP-OFF AND PICK-UP PROCEDURES

Upon enrollment parents will create a passcode to be used with our electronic sign in and out system. This number will be used to sign your child in and out each day at the electronic station located at the entrance to the center.

When arriving at the center, please park along the curbed sidewalk outside of the center or in one of the parking lots.

Please use caution when in the parking lots.

Children should always be supervised when on Westminster property. Please do not leave children in a car unattended.

All children, including siblings of enrolled children must be supervised at all times.

Adults dropping off or picking up must accompany children to and from their classrooms.

Please do not allow children to run in the hallways.

Please do not leave infants in car seats unattended in the hallway.

Upon arrival each day, parents should communicate any important information regarding the child's health, disposition, and changes in schedules, etc. This ensures that educators have current, important information about your child each day.

When children arrive they should be greeted by their teachers, hang up belongings, wash hands and either sit down for breakfast or select an activity.

Once the children are dismissed, the pick-up person is responsible for the child. For safety reasons, please do not take your child from the classroom or playground without the teacher's acknowledgement. Children must be accounted for at all times.

(Please do not park in the handicapped spaces, unless you have proper identification. USC Police will ticket violators. There are additional parking spaces available in the lot across the street. In the interest of safety, please do not leave children unattended in your car.

- 
- ⇒ All persons who will be picking up must be listed on the Emergency Contact Form (minimum age is 16). If additional individuals must be added to this list, please notify the office by email.
 - ⇒ If you have an emergency that requires you to make last minute alternative pick-up arrangements, please call the WCDC office (412-835-9450) or email us. Such arrangements can only be made by the parent or guardian.

Children will not be released to any unauthorized person without permission from parents or guardians. Staff are trained in procedures to protect each child in the program and are required to confirm the identity of any unfamiliar person before releasing a child. Staff will request photo identification of unfamiliar persons seeking to pick up children.

- ⇒ Staff will not release a child to any person who is impaired or in any way may endanger your child.

All children must be supervised by an adult at all times on Westminster property.

LATE PICK-UP POLICY:

If a child is picked up late a late fee of \$10 will be charged along with the hourly fee for the amount of time late. We recognizes the occurrence of unforeseen circumstances would cause a parent to be late. In this case, a courtesy call (412-835-9450) is greatly appreciated.

Excessive late pick up times will result in a change to the child's schedule.

Procedures for Drop-off before 7:30 am & pick-up after 4:00 pm

Because we have lower numbers in the early mornings and evenings, we combine classrooms during these times. From 7:00-7:30, the toddler classrooms (toddler prep, toddler, and preschool prep) all combine with the toddler room. At 7:30, the first teacher in both toddler prep and preschool prep pick up the children from toddlers and take them to their respective rooms. The preschool and Pre-K rooms follow the same morning schedule, but in the Pre-K classroom.

In the afternoons, we follow a similar structure. The toddler classrooms (toddler prep, toddler, and preschool prep) combine in the playroom or on the playground around 4:00 and remain together until close at 6:00. The preschool and pre-k classrooms do the same in the gym or on the playground.

REGISTRATION & FINANCE POLICIES

REGISTRATION:

WCDC enrollment is based on availability of slots. Siblings of current children, WNSK enrolled children and church members do receive preference for enrollment. If all slots are full, families may register for our waitlist. Once a slot becomes available, a family will be notified and the registration process will begin. There is an annual service fee per child that is collected with the first payment of the fiscal year.

The account holder assumes full financial responsibility for payment. Payment schedules will be provided to families each year. Bills are distributed bi weekly.

AGREEMENTS:

Tuition agreements are to be completed each year with a start date of July 1 and an end date of June 30. The agreement indicates the days and times of enrollment as well as the hourly rate being charged. You may change your agreement once per year with out a fee. Agreements must be reviewed and resigned every 6 months even if no change is to occur.

Temporary schedule changes, additional days and or additional hours may be added with prior approval. Adding hours or days will incur an additional charge. The current rate will be charged when adding days or hours.

ASSESSMENT POLICIES

ASSESSMENTS:

Assessing children is an integral part of the WCDC program. We engage in ongoing assessment which examines teaching practices, guides curriculum planning, maintains communication with parents, identifies skills and interests of each child, recognizes children that are in need of additional support, and confirms the program is meeting its goals and objectives.

A comprehensive assessment requires a multi-method approach to record a complete picture of the child's skills and abilities. This is done by using the following methods: getting to know the child, using developmental checklists, requesting input from the parents, observing the child in the classroom, and collecting the child's work samples. The checklists are shared with parents during the parent conferences.

The assessment information is kept in the child's file. The child's teacher and administrative staff have access to children's files. No information from the child's file is given out without the parent's written permission.

PARENT-TEACHER CONFERENCES:

Parent-teacher conferences are scheduled twice per year once in the fall and once in the spring. This is a time to talk with the teaching staff about the development and progress of your child.

Conference dates and times will be offered to parents by their child's teachers. Parents and/or teachers may request additional conferences at any time during the school year.

DEVELOPMENTAL CONCERNS:

If a concern of a developmental delay or other special need is identified, this information is communicated to families in a sensitive, supportive and confidential manner. The parent is provided with documentation and explanation for the concern, suggested next steps, and information about resources for assessment.

SAFETY POLICIES

SITE EVACUATION:

If it is necessary to leave the school property, the teachers and children will be relocated to the primary or secondary relocation site. The following procedures will be in effect:

- * Administration will notify the police department, the site, the Board President, and families.

SECURITY SYSTEM:

In order to provide a safe environment for your children, a security system is in place throughout the WNSK/WCDC facility. Families are asked to order key fobs to gain access into the building. A refundable deposit is required for every key fob ordered. If a key fob is lost, the deposit will be used to order a replacement FOB. Deposits are re-turned when a FOB is returned. An intercom system is available in the main lobby in the event you have forgotten your key fob or for emergency use.

SUSPECTED CHILD ABUSE:

Mandated reporters are required by law to report suspected child abuse or neglect immediately to the Youth and Family Services Agency. Due to their contact with children, child development professionals are considered mandated reporters.

GUIDANCE POLICY:

Positive approaches to help guide children's behavior as well as to encourage sharing, caring and active participation in resolving conflict is the primary form of guidance used in the classroom. The guidance methods include redirection of focus, reminders of the classroom rules, as well as expectations and teacher facilitated arbitration when necessary. Classroom rules are few in number, clearly defined and consistently followed. Teachers and school administrators will maintain open communication with parents for the purpose of developing a strategy that will enable the child to be successful. Behavioral Observation Reports (See Appendix A) will be used as a tool to document any behaviors seen as challenging that may interfere with the learning of the child or other children in the classroom. After three related Behavioral Observation Reports within a 3 month period a meeting will be set up between parent and WECEP Director and/or staff to develop an intervention. The WECEP reserves the right to dis-enroll a child from the school if a child's behavior is aggressive, overly disruptive or dangerous to the health and or safety of other children or the staff. Decisions about such terminations will be made by the WECEP Executive Director and Board of Directors.

Staff never use physical punishment and do not engage in psychological abuse or coercion. Also, staff never use threats or derogatory remarks, and neither withhold nor threaten to withhold food as a form of discipline.

HEALTH POLICIES

ILLNESS:

Children may become sick during the day or show signs or symptoms of illness prior to arrival — we know how it goes. If you keep your child at home, please notify your Center Director by 9 a.m. If your child becomes ill while at the center and we think it's better for him or her to be home rather than in contact with other children, we'll call and ask you to pick your child up no more than one hour later. In the event of a serious accident or illness, an ambulance will be called. To ensure your child's safety, your En-rollment Agreement provides a record of names, addresses, and phone numbers of those people you have authorized to pick up your child. We ask you to keep this information current and supply names and phone numbers of your family doctor and preferred hospital.

If your child is diagnosed with a contagious disease please inform the school. Per DHS licensing, if any suspected case of a contagious disease is reported a health notice will be posted on the front door of the school.

A doctors note stating the child is no longer contagious is required to return to school.

MEDICATION:

Any medication must be labeled with the child's name. Please bring any brought to the office so it may be recorded in the Medication Log. Prescription medication must have the original packaging with the doctor orders of dosing on the package as well as the child's name. Staff will not dispense medication without written parental consent. Epi pens must be in their original packaging. All staff is trained in the administration of Epi pens.

HAND WASHING:

In order to maintain a healthy environment and reduce the risk of transmitting infectious diseases all children, staff and volunteers will wash their hands upon entering Westminster classrooms.

HEALTH STANDARDS:
