Qualitative Information- Summary of the progress of your action/event

During this vulnerable time of COVID-19 pandemic Nomi Network Team has taken a great initiative to provide a mass and free health check-up camp for all our beneficiaries and Especially for our community outreach workers. Those who we are going Door to Door to spread awareness about Covid-19 pandemic. Our project team-Deepalaya has organised monthly check-up camp for them in every month. In this day 60 beneficiaries were consulted by the Doctor. During this camp necessary investigation and medicines were dispense free of cost. The main agenda of this monthly campaigning is to this programme is focused towards general check-up of people addressing issues of personal health care, vaccination, hygiene, blood donation illness prevention our community from this.

Objective

- Provide free and high-quality medical services for our vulnerable beneficiaries.
- Evaluate the living conditions and determine the obstacles and challenges to work on solving their problems.
- Solve their health issues by visualizing the obstacles of life and adopting a healthy lifestyle right away.
- Provide medicines at free of cost to all.

Activities

In the Presence of Director and Chairperson of Deepalaya and all staffs. Recipient attendance and their signature have been taken. In the camp following investigations were done- Blood Pressure, Hemoglobin, Height & Weight, Random Blood Sugar (RBS) etc. were consulted and diagnostics by the Dr. Ajit Prasad Singh and provided free medicines to them like, Paracetamol, Levocetirizine, Antacid, Cough Syrup etc. So, medical camps provide free medical advice, medicine to the unfortunate people, and refer for specialized treatment or surgery whenever it is required. These camps make sure people are getting healthcare at the right time, and seeing the doctor early enough before a small health problem turns serious.

Some Quotes from Participants

I have enjoy the session and happy to have home remedies which is easily accessible to avoid allopathic medicines

....**Akansha Kumari**

I am really thankful to have this opportunity and I am financially not able to the go to the doctor for diagnostics but I am happy by the doctor sir's diagnostics

..**Reena Devi**

All the information shared by the Doctor sir is relatable to our life, We know everything but do nothing for our better health,,,, From today I will practice these good habits as well

...**Sweety Devi**
