PRODUCT SOLUTIONS

Albany Line Card

Specialists In:

- Custom Air Handling
- Precision Cooling
- Humidification
- Dehumidification
- Critical Airflow Control
- Fans/Blowers/Vacuums
- Energy Recovery
- VRF & Mini-Splits

Aerofin manufactures heating, cooling and heatrecoverycoils, as well as fluid coolers and remote air-cooled condensers. Specializing in high-quality, industrial duty coils.

Direct and indirect fired gas heaters and air handlers, focusing on total air management. Steam and Hot water solutions are also available. AbsolutAire focuses on three markets: Direct Fired Make Up Air, Direct Fired Heating and Ventilation, and Indirect Fired Heating and Ventilation.

Carel offers a full line of humidification solutions with superior yet simple controls. Gas Fired and Electric Steam generators, Ultra-Sonic and Atomizing Humidifiers, and live steam injection.

Airflow Control Technologies for Critical Environments. Customizable Airflow Technologies include award winning, low pressure-drop AccuValve airflow control valve.

Applied Environmental Air is a leading manufacturer of quality water sourced heat pumps, fan coils and air-handlers; in capacities from ¼ to 20 Tons. American Made High Quality Manufacturing: With over 600,000 square feet, and growing, of production facilities located in Dallas, Texas, AE-Air is one of the largest fan coil manufacturers in the US with both the most up-to-date manufacturing equipment available and a stable, experienced, highly skilled workforce.

NuClimate offers Induction and Chilled Beams with IAQ drainpans, multiple configurations are available. Our Valance units are of aluminum construction with fan assist and drain pan options.
