

JEHOVAH- SABAOTH,

Thank you that You are the Lord of Angel Armies. The God who battles on my behalf. When I am faced with overwhelming circumstances, graciously change my perspective to focus on the truth of who You are.

Open the eyes of Your servant to spiritual realities. Remind me in Your mercy that the battle for my peace is often a battle for what I chose to look at.

You oversee the seen and the unseen and You are able to intervene on my behalf. And I am grateful.

In Christ,

Amen!
