

**Jehovah Rapha, we come to You today for healing— healing in our bodies, our minds, our attitudes and our hearts. We are grateful that You gave Yourself this name so we would never forget that You are our Healer. Heal the wounds that we cannot see and those that we do not talk about. Lord, whatever we need today, I thank You that You are more than able to give us our miracle. Thank you, most of all for the healing of our sin-sickness and bringing to us restoration with the Father. As we wait on You, teach us to trust more and wait well.**

**In Jesus' name, Amen."**
