**POOL BREAK-IN**

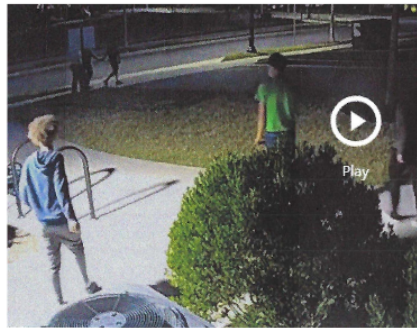

**LEISURE POOL  
CLOSED TODAY  
UNTIL 5:00 PM**

## Police Investigating Break-In/Vandalism At The Pool

At 9:15 pm last night, four boys trespassed at the pool. One boy climbed onto the HVAC unit and over the fence. He then opened the pool gate to let three of his friends in. The boys tried all of the door handles and finding them all locked, walked over to the lap pool and allegedly threw a guard chair, an umbrella, several chairs, and flags and metal posts in the pool. Then they allegedly proceeded to the leisure pool and threw a recycling bin full of trash into the pool. The boys also allegedly damaged the door to the ladies room.

The police have been called and are conducting an investigation into this incident. We have cameras all over the outside of the clubhouse and around the pool, and we have video footage from last night. If you know any of the individuals in the photos above, please contact the Management office at: 301-540-6010 or by email to: [cabinbranchmanager@comsource.com](mailto:cabinbranchmanager@comsource.com). Any information you can share will be appreciated.

Parents, please speak to your children regarding respecting the property of others and the dangers that this type of behavior could pose to them. The boy who climbed the fence could have fallen to the pool deck below and been seriously injured or killed. We are taking this situation very seriously and will work with the police to bring it to resolution.

## Leisure Pool Closed Until 5:00 PM Today

The leisure pool is closed until 5:00 pm today. During the incident last night, a recycling bin full of trash was thrown in the leisure pool and now the pool must be chemically treated before it is accessible. We are very sorry for the inconvenience.
