**Mission Statement:** The mission of the Kensington Trail Riders (KTR) is to promote, preserve, improve and create opportunities for equestrians and the equestrian trails and facilities of Kensington Metropark and surrounding areas. KTR will work to ensure present and future equestrian usage and enjoyment while building a community of trail riders, cultivating strong relationships with the Huron Clinton Metropolitan Authority and other trail organizations in the area. By encouraging proper land management, equal access and promotion of equestrian trail opportunities, the Kensington Trail Riders will encourage equestrian tourism to the Huron Clinton Metropark Authority and be a voice and advocate to policy makers and management in regard to equestrian trails and facilities within the Kensington Metro Park or HCMA area.

**Kensington Metropark** encompasses more than 4500 acres of beautiful flat to rolling terrain through mixed hardwoods and open fields. With more than thirty miles of out and back trails in the park and a single-track connector route to Proud Lake State Recreation Area and its trail system, there is a riding route and terrain elements for any riding preference. The Huron River meanders through the Northwest corner of the park and provides a welcome oasis for watering your horse or taking a swim after a hot ride.

The park is home to deer and wild turkeys. You might see the Sandhill Cranes that frequent the area and get to hear their prehistoric cry. In some places the trail will border Kent Lake or maybe you'll ride to the high points of the nine mile western loop. The staging area off Martindale Road between Dawson Road/GM Road is frequently busy with horse people from all areas. Kensington allows no hunting and is generally relatively bug free when other areas are unridable. Facilities at the staging area include a Porta John and nearby hand pump for water, although most just ride their horses over the hill to the river. It's a beautiful park and we are sure you will enjoy your ride.

**We will post our upcoming camp out dates and ride schedule on Facebook and our website.**
