## **Words: Cube, Cantilever, Modern**

- **Cube**

1. I looked at it as an open minded but still in my box of comfort
2. Complexity yet sophisticated
3. I'm just good at it and 7 is a winner
4. I liked the structure for my set
5. I just thought it was a little trippy and I liked it
6. They just dice and they in a cube

- **Cantilever**

1. First thing I seen. I have never seen the word cantilever and I was interested that I've seen this structure before and never knew the name.
2. I've had this kind of lamp before and smaller versions are good desk lamps
3. I don't know but this piece interested me and there are probably many ways to use it.
4. I'm a photographer so I've used and seen stands and lightboxes like this one
5. I've seen this is sports and I am using it for a set design

- **Modern**

1. I'm a photographer and a modern studio is something I dream of and hope to get once I get the money to buy it.
1. Again, I'm a photographer and a modern studio is something I dream of and hope to get once I get the money to buy it.
2. Modern desk style that I hope to put in my studio
3. Modern desk style that I hope to put in my studio
4. Modern art includes artistic work produced during the period extending roughly from the 1860s to the 1970s. It was a piece painted by Van Gogh. In his eyes the painting depicts the view outside his sanatorium room window at night, although it was painted from memory during the day. It like the dark, mysterious, yet calming feel to it.
