

Rockhard Cable Tie Merchandiser

Rockhard Tools Cable Tie Display

is the best way to market your cable ties program. Full color signage with a 360° rotating display make it easy for customers to find exactly what they are looking for.

The display is approximately 7' tall (including signage), and almost 20" square so it can fit in places other displays won't.

Each display comes with:

- 35 SKU's of American Made Cable Ties made from 6/6 nylon material available in natural or UV Black Stabilized (for outdoors).
- Available in lengths from 4" to 36" in tensile strengths of miniature, intermediate, standard, light duty standard, heavy duty, and extra heavy duty. Closures include standard, releasable, and mounting head.
- 360° rotating display.
- Display hooks with scan tags.
- POP signage and support.
- Setup instructions.
