## WARRANTY.....2

## WARRANTY

BluWater® Polarized product line by Global Vision® Eyewear is covered by a one-year replacement warranty against manufacturer defects under normal use. Scratches are considered normal wear by industry standards and are not covered under this warranty. Please call us for a return authorization number before mailing anything to us to be returned.

# TECHNOLOGY

Match the lens to your surroundings. This will provide optimum clarity for your adventure.

**BROWN**

**YELLOW**

**BROWN GREY YELLOW**

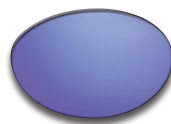

**GREY**

**BluWater® Polarized** offers lens colors that range from low light to bright light.

## **BROWN**

- Variable light and water conditions
- Adds depth to shadow areas
- Enhanced contrast

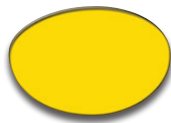

## **G-TECH™**

- Total ultraviolet protection
- Minimal glare
- Grey lenses with mirror coating
- Enhanced contrast

## **GREY**

- For any light condition
- Depth perception close to normal
- Normal contrast

## **YELLOW**

- Low light, foggy and hazy conditions
- Heightened contrast

**EXPAND YOUR LENS OPTIONS** for hunting, shooting and safety applications. Take a look at our full product line of shatterproof polycarbonate lenses. These are the right choice for any situation where safety is paramount. For a look at this expansive selection visit [WWW.GLOBALVISIONEYEWEAR.COM](http://WWW.GLOBALVISIONEYEWEAR.COM) or call to receive a catalog in the mail.

## Polarized Lens Identification

Polarized lenses act like window blinds. The lens absorbs horizontal light, while allowing vertical light to enter, mitigating glare. An effective method used to determine if two lenses are polarized is to hold them towards each other and turn one vertically. If you cannot see through the lenses, they are polarized. If you can, then at least one is not.

## Lens Materials

TAC (Triacetate Cellulose) is a chemical compound implemented in polarized lenses for superior visual clarity. BluWater® Polarized lenses manufactured with this technology block out 100% of harmful UV rays with wavelengths up to 400 nanometers. The minimum standard for UV protection in the U.S. is 100 nm. Our BluWater® Polarized lenses are made from TAC or shatterproof polycarbonate.

### ANTI-REFLECTIVE

Anti-reflective coating eliminates glare from light reflected into your eyes from the back surface of the lenses, resulting in crisper vision and enhanced contrast.

### FLOATING

The Floating collection is designed with the water sports enthusiast in mind. Most are enabled to float with neoprene or EVA foam, while Buoyant and Paddle are made of TPX®, a floating lightweight polymer.

### G-TECH™

These high-tech lenses have 7 to 13 layers of titanium dioxide and silica. Enjoy enhanced contrast with minimal glare. Salt water is abrasive to any mirror coatings, use with caution around salt water.

### PHOTOCHROMIC

These lenses are designed to provide optimal sight according to existing lighting conditions. Photochromic lenses automatically transform based on the amount of sunlight while blocking harmful ultraviolet rays.

### REPELON™

This optical technology creates an invisible barrier that keeps dirt, sweat and airborne particles from clinging to the lenses, resulting in easy-to-clean, smudge resistant lenses that stay clean longer.

### UV400 POLARIZED

UV400 Polarized lenses filter light rays with wavelengths up to 400 nanometers. They also filter intense reflected light, eliminating glare from reflective surfaces such as water and snow, while enhancing contrast.

# FLOATING

## BUOYANT GR

**FEATURES** Blue Rubber Tips, Blue Rubber Nose Pads, Anti-Reflective Coating on the Back Side of Lenses

**FRAME** Matte Black Soft Touch

**LENS** Grey

## BUOYANT GTB

**FEATURES** Blue Rubber Tips, Blue Rubber Nose Pads, Anti-Reflective Coating on the Back Side of Lenses

**FRAME** Matte Black Soft Touch

**LENS** G-Tech™ Blue

## BUOYANT 2 GTB

**FEATURES** Blue Rubber Tips, Blue Rubber Nose Pads, Anti-Reflective Coating on the Back Side of Lenses, REPELON™ Coating

**FRAME** Matte Black Soft Touch

**LENS** G-Tech™ Blue

## FLOATING 6 GR

**FEATURES** Vented EVA Foam

**FRAME** Matte Black

**LENS** Grey

## FLOATING 6 GTB

**FEATURES** Vented EVA Foam

**FRAME** Matte Black

**LENS** G-Tech™ Blue

## PADDLE GR

**FEATURES** Anti-Reflective Coating on the Back Side of Lenses

**FRAME** Matte Black Soft Touch

**LENS** Grey

# PHOTOCHROMIC

Lenses transform according to existing lighting conditions.

### NEW ADDITION

## 24 SAMSON® 3 BRN

**FEATURES** Double-Injected Gray Rubber on Temples, Gray One-Piece Adjustable Nose Pad, Lenses Transform According to Existing Lighting Conditions, Comes Boxed with Microfiber Pouch

**FRAME** Matte Black

**LENS** Light Brown to Dark Brown

### NEW ADDITION

## 24 SAMSON® 3 GR

**FEATURES** Double-Injected Gray Rubber on Temples, Gray One-Piece Adjustable Nose Pad, Lenses Transform According to Existing Lighting Conditions, Comes Boxed with Microfiber Pouch

**FRAME** Matte Black

**LENS** Light Grey to Dark Grey

# LIFESTYLE

**BAHAMA MAMA 1 GR**

**FEATURES** Pink Pattern Frame

**FRAME** Gloss Pink

**FEATURES** Double-Injected Blue Rubber on Temples, Blue One-Piece Adjustable Nose Pad  
**FRAME** Matte Black  
**LENS** Grey

### NEW ADDITION

## SAMSON® 3 GTB

**FEATURES** Double-Injected Blue Rubber on Temples, Blue One-Piece Adjustable Nose Pad  
**FRAME** Matte Black  
**LENS** G-Tech™ Blue

### NEW ADDITION

## SAMSON® 3 WHT GR

**FEATURES** Double-Injected Gray Rubber on Temples, Gray One-Piece Adjustable Nose Pad  
**FRAME** Matte White  
**LENS** Grey

### NEW

## SANDBAR GTB

**FEATURES** Double-Injected Black Rubber Temples, Black Rubber Nose Pads  
**FRAME** Matte Black  
**LENS** G-Tech™ Blue

### NEW

## SANDBAR PINK GTP

**FEATURES** Double-Injected Black Rubber Temples, Black Rubber Nose Pads  
**FRAME** Crystal Pink  
**LENS** G-Tech™ Pink

**NEW**

**ANSI Z87+**

## SEASIDE GR

**FEATURES** Meets ANSI Z87.1-2010 Standards for use in Industrial Applications, Double-Injected Black Rubber Temples, Rubber Nose Pads

**FRAME** Matte Black

**LENS** Grey

**NEW**

**ANSI Z87+**

## SEASIDE WHT GTB

**FEATURES** Meets ANSI Z87.1-2010 Standards for use in Industrial Applications, Double-Injected Blue Rubber Temples, Rubber Nose Pads

**FRAME** Matte White

**LENS** G-Tech™ Blue

## VENICE

**FEATURES** Flash Mirror Coating, Flexible Rubber Tips, Rubber Nose Pads

**FRAME** Gloss or Matte Black

**LENS** Brown or Grey

# REPELON™

(Lens coating repels water, oil and dust.)

## DAYTONA 1

**FEATURES** Semi-Rimless Frames, Blue Rubber Tips, Blue Rubber Nose Pads, REPELON™ Coating

**FRAME** Matte Black Soft Touch

**LENS** Brown or Grey

## DAYTONA 1 GTB

**FEATURES** Semi-Rimless Frames, Blue Rubber Tips, Blue Rubber Nose Pads, REPELON™ Coating

**FRAME** Matte Black Soft Touch

**LENS** G-Tech™ Blue

## DAYTONA 2

**FEATURES** Semi-Rimless Frames, Blue Rubber Tips, REPELON™ Coating

**FRAME** Matte Black Soft Touch

**LENS** Brown or Grey

# — SPECIALIZED —

**BIFOCALS** help with near vision. The built-in, non-polarized and lightly tinted magnification lenses, allow for greater clarity to work on detailed tasks.

## BIFOCAL 1 GR

**FEATURES** Magnifications of 1.5, 2.0, 2.5, or 3.0

**FRAME** Matte Black

**LENS** Grey

## BIFOCAL 2

**FEATURES** Semi-Rimless Frames, Rubber Ear Pads, Magnifications of 1.5, 2.0, 2.5, or 3.0

**FRAME** Matte Black

**LENS** Brown or Grey

## OVER THE GLASSES

## COMPANION GR

**FEATURES** Rectangular Frames that Flip Up, Rubber on Top Back of Frame, Matching Side Lenses, Fits Over Most Prescription Glasses

**FRAME** Gloss Black

**LENS** Grey

## GOGGLE

## DRIFTER GR

**FEATURES** Adjustable Strap for Comfort, Includes Microfiber Pouch for Cleaning and Storage

**FRAME** Matte Black

**LENS** Grey

**POLARIZED READER** are perfect for on the go reading with a polarized magnetic lens attachment and pouch.

## PL READER

**FEATURES** Pouches That Match Frame Colors, Magnifications of 1.5, 2.0, 2.5, or 3.0

**FRAME** Gloss Black, Gloss Blue, Gloss Demi Brown, Gloss Gray, and Gloss Red

**LENS** Acrylic Clear Reading Lenses with Magnetic Polarized Click-On Lenses

# ACCESSORIES

## CORD 3B

- Man-Made Black Material with Rubber Tube Ends
- Also Available Cord **3Bc** is Carded for a Peg Board System with UPC and Pricing

## CORD F

- Man-Made Floating Blue Material with Rubber Tube Ends
- Cord **F** is Carded for a Peg Board System with UPC and Pricing

## CLEANING KIT

- Spray Bottle With Cleaning Solution
- Microfiber Cleaning Cloth
- Screwdriver
- Resealable Pouch
- Packaged for Pegboard system with UPC and Pricing

## GRIPPER CASE

- Black Jersey Cloth Shell with Felt Lining
- Easy-Grip Design
- Zipper Closure
- Spring Hook

## POUCH 2C

- Blue Microfiber Fabric with Pull Closure
- 3.5" x 7.25"
- For Glasses
- Carded for a Peg Board System with UPC and Pricing
