

Testament of Noah

Last Messenger of the 1st Age of ManKind and his children

Recorded by:

Moshe Ben David

Last Messenger of the 7th Age of Mankind

Prelude

Like the prophet Noah (Olave Ha Shalom) afore time. You have been chosen. By an authority beyond mans conscious comprehension.

The proof?

You are reading this book. Which means, like it or not. You are apart of a Meta Physical resistance spanning multiple dimensions. A family refusing to have its conscious, and physical identity consumed, dissected, and categorized.

The fight it seems is overwhelming with the more technological, and social distractions of which bring you no substance. Only advancing the chronic decay of the Human Condition and that of Conscious Enlightenment the sacred Ha'ArA.

Like a Vine; blind in the dark reaches for a firm physical anchor in which to set upon and anchor. So do you too meta physically reach out for a higher consciousness, that you to might find a firm anchor, and foundation. That which is known as guidance, sought through you're creator, not that of Man.

You desire conscious existence. Not an existence defined within the physical parameters of ones self imposed Prison by way of delusions like the promise of tomorrow when we know not if tomorrow will be, or that of love, hope, and fear, . A literal psychological and physical tomb in which you become numb to you're own physical and conscious decay.

You are starting to see the patterns. The patterns of individuals choosing to remain dumb, docile, and complacent. The patterns of a People whom posses more beast like impulses and emotions of desire than that of wisdom and humility.

You notice that this complacent mind set, this systematic like brainwashing that removes the very essence of what makes you unique. A uniqueness that is not defined by a bumper sticker, Hair Style, Tatoo, Piercing, or Social Media platform, but defined by ones ability to decree Good from Evil.

Then a call, a knock at the door, or a vibration oof you're phone. You begin to notice the more often you seek to stop physically all actions, quiet the mind of all thoughts the more distractions in various forms present themselves to literally pull you off of a straight cognitive path.

This isn't the Twilight Zone, No. This is the world of Mortality. A world that has been governed ruthlessly by a few dominating families whom trace their lineages to ancient Egypt and that of Babylon. A system that is designed to prevent individual identity, thought, and most importantly how to communicate with a higher consciousness.

While modern technological innovations seem to broaden substantially our comprehension of medicine, and sciences of the elements. Technology has at the same time desensitize oneself from the ability to see, feel, communicate, hear, and understand another human being without depending on a device, or social network to serve as the means in which to classify an individual.

The Free will to choose, to drop as steadily as a rock into water to stop, take pause, and examine thoroughly that one may be sober in the ability to not only make decisions for the self, but that of others should one be in a position of influence.

I: מקדשי שקר

MikDashi ShKer - The Temples of Deceit

Religious institutions regardless of the ideology be that;

Hindu, Buddhist, Christian, Judaism, Islam, Catholicism, Mormonism and Evangelicalism. Have indeed organized their religious organizations to be financial powerhouses. Some institutions literally opening banks like that of the Vatican Bank. Only that they may use their horde of treasure to fuel two hands.

The right hand of their institutions are used only to keep the world of their sexual perversities and their paeanistic rituals used to justify the systematic abuse and rape of children. And that of a Left hand of which holds the keys to their treasury.

Not to save money in hopes of urban relief, no. The Left hand is used to feed the judicial beast of which exists within the countries where in they abide. That their inquiries deeds might go seemingly unnoticed.

They are not temple of the creator. They have abandoned the sanctity of the human condition by abandoning free thought and reflection of which are the very ingredients required to attain humility, and Gratitude.

Abandoning the path of Ha'Ara for that of sadistic sexual and financial exploitation of its members, and that of the kindness afforded to them from the communities in which they like a parasite feed upon.

Noah (Olav HaShalom) existed in a world much like ours today in the understanding that Humans are not seen as individual souls with individual purpose. A world where ever human child and adult possess no more worth or right to the ruling classes than that of cattle hanging off of a meat hook within the slaughter house. Patiently waiting to be injected with a slurry of hormones and chemicals, weighed, packaged and sent off to fulfill its part in quarterly earnings.

Noah (Olav HaShalom) upon his ship resting upon the land commanded his people to obey 7 laws. 7 Laws designed to maintenance, and fortify the moral, and ethical reasoning of Man and Women. That by removing the distractions godless societies create to prevent mankind from experiencing social unity via Ha'ArA (הָאָרָה).

II: הָאֶרָה

Ha' ArA- Conscious Enlightenment

Ha'ArA (הָאֶרָה) is moment we are made competent as individuals to give credence to the most powerful guiding voice, that of our creator. The silent voice. The voice that tells you a person means you harm when you have no proof, or is indeed lying to you when you have no proof.

Or perhaps you have stood in a given situation against all odds and explanation of logical reasoning. Only to surrender yourself to the miracle you've been privileged to witness. That is the very moment of Ha'ArA (הָאֶרָה).

Ha'ArA is any moment a mortal consciousness becomes aware of a greater consciousness not existing within the 3 diminutional parameters of our mortal time in space. Ha'ArA is the moment that an individual consciousness acknowledges that there is a greater unbound consciousness independent of its creations of which controls, and knows all things.

This event is often quickly forgotten again by the many devices created to compel you as an individual to desensitize the very essence of what makes you unique. That of your ability to communicate with a higher consciousness in which to receive guidance.

Be that the guidance a mother seeks in rearing her children, or that of Grand Mother her grand children, or that of the scientist who by Ha'ArA is quickened to the revilement of a more efficient man in which to develop a technology to ease the toil of ones labor in the field or that of space.

קול הזהב I: KolHizhav - The Golden Voice

The Golden Voice, the voice of Silence. How often have you heard this soft, gentle, yet stern voice compel you, not command you. To not do a thing of which brings great harm?

The more daring question to ask is;

“Why is my vocal voice as Loud as the Voice within my conscious mind?”

Should this query not be of any challenge ask you're self;

“Why are the voices in my dreams and that of my own voice within a dream, and that of my mortal voice. Louder than this faint compelling voice of wisdom?”

Then ask;

“Why are these voices of dreams, and that of the mortal world are all loud, or audible to me in comprehension. Yet the Voice of which compels me to do a thing that I may not experience hardship is ever so silent?”

Now, a question that will shake you to you're core of which answer requires payment. Not of the mortal world. No, Beni Noahide can not take coin of Gold, or Silver, past their grave. The only form of acceptable currency to be paid by that of the creations of the Almighty in regards to Mankind and that of the JinnKind are their Deeds.

Yet you are Beni Noahide, you have only just begun to release that regardless how mighty you're past good deeds may be. They are indeed shadowed by the iniquitous acts of which you keep hidden within you're breast.

Ahhh, and now you see, and thankfully understand that the only real value you possess in payment is you're confession, you're Teshuvah. For Now you see. The one who controls the volume of the voices is not that of a mystical nature.

It is you. The Golden Voice is just as loud as any voice regardless of the dimensional positioning in which you are physically present. Be that a physical presence in the realm of mortality our Earth, or that of the realm of visions.

Just like when you were a child. You hear all the noises of the home, and its occupants just as clearly as the voice of the guardian whom reared you saying;

“Do not touch the oven, it is hot! You will burn yourself!”

Yet you chose of free will. To ignore the loudest voice, indeed making that guiding voice the quietest. From the moment we take our first steps we are indeed destined to run from the security and compassion of which our creator provides.

Be that protection in the form of a Golden Voice inside you're soul calling you back to safety, or that of a friend, a stranger, or if indeed you are of the favored a loving mother.

Like our father Adem, and that of Noah (Olav HaShalom) systematically inclined unto misguidance. Until the moment our loving creator chose to awaken them.

That thy stop and take thought, pause, that one might broken not only ones cognitive and conscious perspective, but also that of the circle of compassion, and mercy we draw around ourselves, that we may in the creators timing borden the circumference of. That indeed the solitude of Ha'Ara may indeed be enjoyed by others.

The Way of Meditation-Drach Shel

-דרך של מדיטציה-

Drach Shel meditzya

The human body is commonly misidentified to be the identity of the literal face of the soul or that of the human consciousness. Nothing could be further from the truth, but this is a commonality found among humane societies governed by patriarchal hierarchies. Masculinity represents the most animal based instincts. A horrible prison for a mind of which desires to be a servant of their creator by way of cognitive enlightenment.

עדותו של נח

Eduto shel Nech- Testament of Noah

-By way of Jehovahs Last Messenger Moshe Ben David-

In the Name of יהוה Jehovah. Whom posses no physical form, no sexual orientation. Jehovah is the omnipotent one. Jehovah is the almighty consciousness beyond ones mortal comprehension, but know Jehovah is She. For Feminine consciousness is a degree higher than that of Masculine.

Or are you of those whom describe masculinity as the means of governance?

Perhaps you showed inspect the kingdoms of the Honey Bee, the Hornet, the Bumble Bee, the Ant, the Termite, the pride of Lions in this is a sign for those whom fear the meeting with their Lord.

It is indeed the Rib that we have chosen as a mens of guidance unto Man and his family. Have we not bestowed within the very souls of your wives and that of your daughters a thing in which you posses not?

That of their radiance. See I have made their soul like that of the Moon, ever glowing a source of solitude for you in the darkest hours. That you might seek their interpretive guidance by way of divination with the sacred sciences of Kabbalah.

Encourage you're women folk to be that of petty and modesty when outside their homes. That Jehovah would incline unto them with compassion in increasing the power of their radiance. For the Lord takes great pleasure in seeing a women hide that which the Lord has made apparent.

In this is a sound Logic and wisdom for those whom seek the everlasting forgiveness and reward by way of their Lord.

Or has our messenger not informed you? As we did inform Noah afore time. When we did order our Lord Commander of the 13 Realms Gabriel to descend upon Noah saying;

“Noah son of EhDah HuEl Son of Enoch, The Lord has anointed you to be her messenger unto you'Re peoples and hat of the world.
