In the Name of יהוה, most beneficent, most merciful, knower of the seen and unseen;

משה: Moses (Olav HaShalom) stated;

“In the last days. Regardless where a man or woman resides. They will all dress the same. In these days Woman abandons the honor of her veil.”

Indeed, today the very fingerprint of human identity has been eradicated. The diversity of humanity is only apparent in the vibrant colors of our skin. The absence of a citizens competency of “free will” to attain inner peace is itself only a theory in sociological and anthropological disciplines of study.

The competent absence of free will prevents ones ability to naturally seek the conclusion that only a higher consciousness is capable of allowing the self to seek atonement, Inner Peace, the sacred Teshuvah. The absence of Teshuvah, is the cause of the Cognitive Chronic Wasting Disease thriving within the Secular Democratic, and Communists Governments of the Modern 21st Century.

The absence of ones cognitive “Gut Reaction”, to seek a higher power not only for help in a given situation, but also for inner guidance is the equivalent of a Spider being suddenly made incompetent in the ability to spin their webs.

The Validity of Government is not the ability to provide in limiting societies cognitive growth by reducing mankind’s identity with that of animalistic reactions. As the moment a Secular Government body becomes inapt within its ability to continue providing a consciously incompetent populace the government will collapse.

To prevent the collapse of government and that of the harmony in which government provides. The Government must re establish the only approved means of governance of Mankind. That of its theocratical based Monarchial governments sovereignty being anointed by one prophet of which provides the base blueprint of societies structure.

The absence of Jehovah in a government is the absence of competency in family being the smallest form of government. As the source of authority recognizing the eternal unbreakable bond of a souls male and female half is the same Sovereign authority of which determines the existence of a nation and its peoples boarders to be observed and honored.

As a family, can only as individuals/Family attain redemption in the physical and spiritual act of Teshuvah, so must a nation as a whole physically and spiritually preform and maintain the daily struggle to maintain Repentance.

Teshuvah, is the only means in which and an individual and nation may break free from the very Vices of which of become the social acceptable excuse to reduce our worlds societies to be like that of the very Kingdoms our species was created to manage, in that of the Kingdoms of Animals.

The Secular Governments have been made aware of the astroids of which have been summoned by the creator as the very price of recompense for the great iniquities Mankind and its establishments have sought to preserve.

The Establishment of a North American Monarchy whom King has absolute authority over the land, courts, departments, and legislative branches, of which financial and management do not violate the edicts declared by Madrikh Obadiah last messenger to the Kingdoms of Israel and that of the Nations of the World.

Respectfully,
