

Al Sirach

Book of Wisdom last of Tanakh

**Written by:
The Last Prophet Madrikh Obadiah**

**By Order of Jehovah to the 13 Realms Hear you Inhabitants
of Earth:**

**Declaration of Royal Decree Testimony of the
Nameless Slave, Moshiach Madrikh Ben David
Moshe Ben David**

“Oh you whom fear the judgement of you’re Lord in taking the account of you’re good Deeds and Bad Deeds, those of you whom establish worship, keep the Sabbath Holy, and pay the poor charity with loving heart, unto the the orphan and the widow, and the elderly, unto you whom are prisoners of the Earth in physical bondage as the Son of David unjustly was held.

Those of you whom have chosen of you’re free will to imprison yourself by the emotions you have created to alter your perception of reality at the suggesting whisper of the Satan. In the name of Jehovah most beneficent the merciful.

I Madrikh Obadiah, son of Menachem Mendel Schneerson (Olav HaShalom), and sole successor of the Rebbe. Known unto the worlds as Moshe Ben David declare by order of our Lord Jehovah:

“I am that I am has sent me to Mankind as a mercy, I Madrikh Obadiah Moshe Ben David (Name translation: Guiding Slave of God drawn from the water son of David) Peace be upon me the Day I was born. The Day Chabad Lubavitch and the tribes of Israel purchased me and slaughtered me to build as their King. Peace be upon me the Day I Die, and are resurrected from the Grave.

For indeed I am the Law and the way for my people, and I have only been charged to reveal to Israel and that of the Nations of the world that which is within this book, and add to it only upon the reunification with my Wife, of whom my tribe has hidden in darkness.

Shema!

I am made by the creator the greatest of sorcerers to be elevated from my sin to that of competence of my actions, and the recompense therein. Had I not heeded the council of Gabriel Arch Angel of Jehovah over the council of the Ibliss.

I have asked Her Majesty to Pardon all sins of mankind and the Jinns evil Deeds into Holy good Deeds by way of intercession that I may represent my followers on the day of Judgement. That I may argue the case of reprieve before Jehovah for I am her chosen intercessor.

That you might feel the blessing of mercy from Jehovah as I have, but it is the Goddess Jehovah who is the authority on your pardon, so heed the law of our creator and the testimony therein. Jehovah is our creator when she wills a thing to be she says “BE” and it is, the theory of evolution is a perverted lie of those whom worship talmud. For the people of Queen Sheba grew haughty and rebelled against her for she surrendered to the Torah and married my father Solomon.

Jehovah be came angry for 7 out of 10 men rebelled, and they ate pigs, and acted in perverse manors on the Sabbath, in that Jehovah said;

“I have shown these peoples the merciless of my messenger and my power invested in Solomon, Gabriel!

Go down and cast lighting upon them that they turned into a Human Looking Ape to be despised and hated, and their where those whom in the 3rd age of man dismembered their prophet because like myself he did not deviate from the way, so Jehovah commanded Gabriel to descend upon the continent you know now as Europe and said by permission of Jehovah;

“Curse thee let the be that of a human pig despised and hated”.

Jehovah is Jehovah and has no children, nor does the creator require anything from her creations, their are those who say;

“Jehovah has taken a wife and made a child” such are the arguments of those whom have made the object of sexualization of their daughters and sons that they might justify their perverted sexual desires as those whom taught them, the worshippers of the Talmud.”

Jehovahs Declaration of War upon those whom defy the Law of Jehovah:

“I am that I am, the way, the life, the Light, that ye may have a guiding light, the only star you’re eyes will know in the days to

come. Since Adem (Olav HaShalom) unto Moses unto the Son of David, I have sent 250,000 messengers, and for 72 Million years only a few thousand of their peoples have obeyed, I have sent a messenger unto all the Nations in all the languages their of whom defied my warnings of whom you will find their nations, homes, and temples buried beneath the oceans of the sea and of the Sands of you're lands.

I made them more advanced in technology, and comprehension of the elements and their colonies within the universe of mortality and their footing made more firm upon the earth as you have found therein.” (the pyramid still standing).

I Jehovah have heard the cries of the Mothers of Israel saying:

“Oh Lord send unto us our deliverer, for the Jewish Dynasty of Chabad Lubavitch has instructed our tribes to rape our daughters at the age of 3 years old taking the Talmud and the perverted teachings of the corrupt and demented Rebbes of whom have built tunnels beneath the streets of crown heights that we might become pregnant by our husbands, birth and the child be smuggled under the streets of New York to be raped and sacrificed as a living offering to Moloch.”

I : Jehovah have heard the cries of the Goyim in all Nations

“Our Lord bestow upon us the Messiah to deliver us from the satanic tyranny of those who call themselves Jews yet are the temple guardian's and slayers of children in the name of the pagan Bull Moloch the first son demon of the Ibliss, for Talmudist Jews kidnaped our children and ate their flesh in the name of the Talmud, and when we go to the Jews and demand our children to be returned they respond only in terrorizing us with all manner of evils outlawed by Moses.”

Decree of Jehovah

-witnessed by her Jehovah whom suffices for witness for her messengers-

So it came to pass the Lord Commanded the Son of David;

“Call upon the Zionist, and the Catholics and the United States Government and the House Chabad Lubavitch of which my messenger will come to rule, and give them the warning to revert from the ways of Talmud for my curse is upon them and hell will be their eternal abode unless they bend their knees in repentance and prostrate in worship behind our beloved Messenger whom I favor above all my messengers.”

Then Lubavitch responded by conspiring, with the United States Government in mobilizing it's FBI, CIA, The Vatican, British Monarchy, Polish Secular Government and German Secular Government in ambushing my messenger and assaulting him and his followers in his exile at Satan's Command.

For they are his demons in human flesh, and they prided themselves tearing him from his cursed dwelling, in assaulting him, impaling him, beating him, and physical tortured at the hands of the FBI, making him to walk naked before women and that of men.

Then the leaders of Lubavitch said “Oh Rabbi Krinkski! Let us cast the Son of David into the Well of Prison for a time that he will come to heel our perverted sadistic religion of satan and his Talmud, then surely with no worldly comfort.

When pay prisoners to stab him, and beat his bones broken, surely then he⁷ will deny the torah like we have within the depths of our

hearts and souls, and take the Talmud that we may forever be permitted by the law of satan to rape our 3 year old Daughters.”

Yet, even after they quenched their perverted thirst for the Holy Blood of my Messenger and their waited with hunger to hear the news from the seculars “indeed Krinkski it is done, we have payed the defense lawyer Eric Coats to conspire with the United States Prosecutor and Federal Judge Matthew Kacsmatyk whom have agreed to Obey his Vatican’s order.

That the Federal Judge would not allow the evidence of our Talmud to be exposed in federal court for indeed the Judge agreed to ensure that the Government will call him a mad man, a liar, and indeed the FBI of the United States has confirmed in attacking and detonating explosives upon the holy messenger impaling shrapnel within the legs of the messenger in disabling his ability to walk.

Oh Indeed the FBI has confirmed the Vatican payed their follower. That the messenger was stoned physically upon his face in crushing his skull damaging the left eye.

Oh, indeed the injury was such that the entirety of the left side of his face was reconstructed, and indeed the FBI has confirmed that the Messiah has been locked in solitary confinement for 280 days without clean food or water, their is none to aid him.

Indeed the Vatican have been a loyal institution in the hiding of our crimes, yet the messenger still refuses to teach our Talmud that we may rape and sacrifice our children and that of the Goyim (Non-Jews), and indeed we have paid the guards to turn off the cameras that the damned will kill the messenger son of David,”

Only for the cursed leaders of Lubavitch to find the messenger unmoved, and unfaded by the violence and perverted will of the Jews whom worship the Talmud. My Curse is upon the tongue, heart and soul of these men, and their repentance will not ever be accepted.

Such is the result of those who assault my slave Ben David for an assault on the messenger is an assault upon Jehovah herself, it is not for child rapist Jews such as Chabad Lubavitch to dictate whom a prophet is or whom a Jew is.

The hasidim are not jews, they are satanic perverters of the Torah whom like the Ishlamite prophet Mohammed take great pleasure in the rape of children and beating the Jewish women who object their perverted terrorism into silence.

Cursed are they, and I will consume them all with the fire of Apophis, and I will cast them into hell with Ibliss and that of their secular governments and all who serve them.

Those of you whom claim to be jews, you are not until my messenger and deliverer has confirmed your Teshuvah as pure, and you have bent the knee to him and prostrated behind him as he leads you in prostration of which is the ordered position for a Jew to pray in the Direction of West.

That you may follow the messenger to the salvation promised to your perverted fathers before you whom we have cast into hell as we do all those who obey Talmud, and that of Satan.

I Jehovah declare war upon the enemies of my messenger, and the Nations known as secular, and upon every soul of which

holds the teachings of Talmud in their heart. As opposed to the teachings I have installed within the Genetic Codex of my messenger.

I have heard the cry of my messenger in the iniquities of which the son of Adem has amassed, indeed we shall keep the oath to cleanse the earth with fire that 9 of ever 10 Men and Jinn kind will die.

There is only Jehovah, God of the 13 Realms, and there is only one Messenger to deliver the Torah of its Original contexts uncorrupted in the interpretations thereof, given to the children of Israel as the last mercy, that you might follow the path laid by the Kings and Prophets before him of whom we anointed, David and Solomon (Olav HaShalom) and protected only their books Proverbs and that of Psalms from perversion and corruption.”

- So decrees the Empress Jehovah of the 13 Realms-

The Beginning

-Testimony of Moses, & Jehovah whom suffices for witness of her messengers-

Their was only the Name, the omnipotent one, the all seeing, knower of what is hidden in the breast of Jinn and that of Mankind, the Wise, owner of vengeance, Anger, and recompense, the grand accountant, there is not a drop of water nor a bat of a nymphs wing that we are not aware of, and taking the account is of no effort for the one who sleeps not (Jehovah).

Jehovah is She, not He, for Masculine is the degree lower than femininity in enlightenment and we created man to be a matriarchal society for you're wives are made closer to the Brain as a rib. Did the Lord not make this clear with the creation of the first Great Reverend Mother Eve (Olav HaShalom)?

Have you not heard our Gibbor Emma within the realms? When the Lord chose of all bones the Rib covering our father Adems Heart, and awoke Adem and the Lord Jehovah spoke unto Adem saying;

“Awaken Adem, and prostrate unto my creation (Women) I have decreed her as Eve a light unto you for man is created of haste and impatience, I have taken pity upon you for you have been humiliated and humbled, increased in gratitude unto me in beginning to seek that which You have torn away from you're own Nafshi (Soul).”

Adem prostrated in complete fear and repentance replied;

“My Lord, thou art the keeper of all accounts, I am made Dumb by you, please incline unto my heart, blow the dust away from upon my base, and bestow upon me. from you’re mercy the memory of what I have been made to forget.”

The Lord Jehovah replied “Indeed, dumb you are, but not from my doing, I installed conscious free will within your mortal body (the bones, genetic codex) as I did the Jinn. When I poured a fraction of my light within you (fusing of Nafshi to skeleton) you chose of you’re own free will to command you’re legs to move.

Then you ran from me, and I had not even allowed the Satan to see you nor whisper to you any deception, you’re desire to run from guidance caused the tearing of you’re soul that you are only filled to the Pelvis (Waist line). For running away, I have ordained you to walk upon the Earth that you may learn of the abyss you’re pelvis sought to find.

Ibliss son of the Jinn, my chosen messenger unto the Jinn Kind refused to prostrate to a the creation Adem, made of altered pale clay, and Blood (Circulatory carbon based codex), but know, Ibliss is a cursed creature whom I have reprovved of death until the day of Judgement, he is an enemy unto you you’re wife and both of you’re descendants.”

Then the Lord returned unto her 1st Realm, and Adem was made to wonder for 315 Lunar years that he may rise in conscious awareness of his lonely plight, that Jehovah created two of every thing yet he was alone.

Then a day Jehovah summoned the Angels into heaven, and the Angels gave their reports to the all knowing, and an angel asked;

“Why have you created man? You created the Jinn and they corrupted the earth and became vial, perverted. Have you created the Adem to be the same?”

And the lord Spoke to Adem saying ;

“Adem, tell me the name of that Animal kingdom.”

Adem replied;

“That is the animal of the Kingdom of the Dragon , that is the Kingdom of the Lion, and that is the Kingdom of the Rooster whom you created to announce the approach of dawn that I and my descendants might be reminded to pray before the Dawn Breaks.”

For The Angel, nor the JinnKind and ManKind knew not the names of the Animal Kingdoms, for Jehovah had not revealed them.

The Angels all prostrated in Praise;

“Thou art the knower of what is unseen and hidden, we know not thy will, we know only what you command, we know we are not made to know even though we are pure light”.

The Lord Replied “Amen, Amen, Ve Amen

See that I will create a female Human body, that the feminine half of Adem’s soul of which I have kept hidden might be revealed unto him, that he may take rest in her and she serve as a gentle guidance, but I will order my Arch angels to walk with them both in the garden in prayer for them.

For I mean to test them with Ibliss whom is known as the Deceiver of Man and Jinn Kind. I will test Adem in his oaths to me in not reproaching the base . When I have bestowed Eve unto him.”

The Book of Woman

-Testimony of Moshe Ben David-

Speaking in the words of Jehovah:

“EvE, whose name in the language of God means “Harness”. As I created woman of the rib, and of all the animal Kingdoms I gave the human female two breasts. As a sign unto her that woman would prostrate to me in thanks for the security I have sent my messenger Ben David to reenforce, and guide Mankind aright.

See Woman, that you’re breasts cover the very organs I created you to harness within you’re husbands. That is the vehement powers of their heart, and desires and that of their breath, that you as Wives are commanded to harness the passion of man by way of the power I have placed in since after the great crime of Adem against Her.

Behold I am most beneficent and merciful, and have reunited you with your female half of consciousness within the mortal form of female. In the Female half of you’re ZowJah (Wife. Literal meaning God Torn; for Adem tore his wife from him in haste drowned in stupidity of haste, and consumption of what is under the sole of his feet).

Oh you Husbands! I have installed temperance, mercy, patience and tolerance, You’re ZowJah is the guided Mercy of Light of which you ran from.

Adem replied unto the Lord;

“Empress of the 13 realms, My Lord you alone are the giver of what is good, instruct unto me you’re will that I may not reproach the base of running from the ever pouring out of our love and mercy in the form of my female half, my Zow-Jah.”

The Lord Jehovah answered Adem:

“examine you’re groin, see I have placed an organ of Shame, because you (“You” meaning Adem representing all of Man) chose of freewill to run from me before I could complete you in pouring in the female half of soul consciousness in filling you to the ribs, then you’re neck, and finally you’re head.

See I have placed a phallus (Penis) as a reminder of shame for the lack of light you’re soul does not possess without my guidance and Mercy.

Observe the weak phallus a deformed weak neck, skinny for their is no wisdom in the small head I have placed upon the neck of the penis that you may be reminded of the filth.

Like an animal you wanted that which is desired from the loins so I have affixed for the mouth of the head of you’re penis a sign for it only vomits that which is broken (semen only half of the chromosome) to build in the womb of you’re wives, and that of a filth that is taken from you’re blood.

I shame you Adem, and all Masculinity that you be reminded of the filth and limitation that you are without committing the essence of you're base to my Law and instructions.

You are commanded in the hour before Dawn Breaks, and at the Mid-Day, and at the Dark of night to go stand next to you're Zow-Jah in prostration and bowed and seated that together you may come to know the way of enlightenment.

I know you hunger for you're Zow-jah and the garden of bliss of which her body is for you, but before you go in unto you're Wife you are commanded to wash you're self ,and prostrate in supplication for you're Lords protection when in unto you're Zow-Jah you go.

Your Zow-Jah is a gate between the realm of souls and that of man, so purify yourself, and that of your Zow-Jah and seek love, nourishment, gentleness in my name that you're children conceived within the wombs of you're wives might not be contaminated with perversity of sexual deviancy, for the Love of the Zow-Jah whom praises the Lord is worth more than rubies.

I have given you the return of Zow-Jah that you may all seek my guidance and worship to maintain the purity of you're souls. Adem asked the Lord;

“Why oh Lord do you not pour the soul of my Zow-Jah back in my body? Why must we remain in physical separation of mortal form?”

The Lord replied;

“I Have placed you’re soul in two separate vessels (human bodies) that you may both come to know the oneness of you’re reunification and conscious purity is not that which you’re senses perceive and desire, see I made Eve of the Rib, a bone higher and closer to you’re head.

Eve is created as a mercy to you that you may have a physical Bosom on which to rest you’re head for the purpose of your mortal existence is that of preserving the purity of my Law within you both, the preservation, the comfort of the garden of which you’re wife’s physical body is made for you, will be tested, for faith without trial is worthless”.

So it came to pass that the Lord sent his Holy Spirit (an arch Angel) to Adem and Eve saying “the Lord declares, you are both forbidden to eat from the Tree of the fermented fruit, for surely the fruit will make you will with that which is evil. the deceiver will seek to tempt you to ignore wisdom from Eve whom we have made physically weaker than you, to test you, if you Adem are truly grateful in displaying the humility and gratitude of being corrected by one we have made smaller than you (Eve).

Then it came to pass that 450 years later our father Adem was collecting fruit, he had grown so attached to the superficial comforts and joys of Eve and Abel that he forgot the warning of his Lord, such is the result of a man that neglects prostrating before is Lord 3 times daily.

Until one day, Adem came upon a tree sitting atop a hill. The tree had fruit smelling sweet but a curious smell not known in the garden of Eden, the smell of rot, decay, a fruit that is the essence of the degeneration of Man, the substance known as Alcohol, the soul consuming Drink.

Adem took rest upon the tree to eat the fruit from his basket. Then Ibliss took the shape of a serpent disguising himself saying;

“Blessed am I of all that slithers upon the earth that I might find the first prophet of man! Oh indeed, you are mighty in stature take and eat this fruit, therein is a deeper hidden knowledge” Adem replied for Adem was blessed with the ability to speak to the animal kingdoms saying;

“The Lord foreboded me and my wife to eat of this Tree, and my wife would be angry with me as would the Lord should I disobey.”

Ibliss replied;

“ Acha, Acha, Acha, what is this? A man first to be created of you're kind yields to a creature smaller than you and weaker in strength? (For animals follow strengthen and flesh) was is not so that Jehovah hid you're wife from you? And hid knowledge from you? Appointing a time for everything? Making you to suffer? And feel the hard misery of this world? Take the fruit, I am a trust worthy friend, Jehovah will be surprised you could out smart her in finding what is hidden.”

So it came to pass that Adem inclined to the snake taking the fruit of fermented juice trading guidance in exchange for misguidance, until Adem was made drunk, and the first storm of lightning appeared. Adem returned to Eve, and Eve immediately felt the absence of God around Adem, and the Angels spoke to Eve:

“Eve stand firm upon the Lords commandments, for your husband has reproached the base and is drunk with an evil from Ibless a creature now who seeks to corrupt what will grow within you, for Adem has eaten of the forbidden fruit”.

Eve asked her husband as to his goings and why a foreign smell not known was upon him, the smell of Sin. In a drunken slurred state Adem answered;

“Quiet woman, I am Man, I was created first, and you are made small and weak, anger me.and you will come to know what I have learned from what is forbidden, Now eat this fruit for I am you’re Baali.”

Eve refused to take the fruit, of which resulted in the highest crime to be committed by a husband, a crime of which is punishable by physical stoning.

Adem beat his Wife into the earth. Then tore off her clothing to rape her, for he grabbed her and groped her without her consent for it is forbidden for woman to give her body to her Baali when he is in a state of sin or impurity.

Adem beat Eve unconscious and raped her, with the spilling of his seed Cain was inseminated. Then it came to pass upon the morning dawn of Adem's arising from drunkenness.

That Adem found himself being greeted by Gabriel Lord Commander of her Majesties Armies of which no creature was created to defeat, held his flaming sword fixed upon the neck of Adem. Gabriel Yelled:

“Raphael! In the Name of our Creator Jehovah I command you to blow the great horn, for Adem has desecrated the holy garden. The garden of no season and has eaten of the fermented fruit.

I witnessed his beating of the holy vessel that which is his wife. The great mercy hidden from Adem by the action of rape upon her holy gate, such offense is Death by stoning, Blow the Call to Assembly for the Judgement of Her Majesty Jehovah.”

So Rafael blew the he Great Horn, and the Horn was heard by all the kingdoms of animals, Jinn, Angels and the 13 realms during the 1st Age of Man.

The Lord commanded:

“Gabriel, detain Adem, and cast him far to the south upon the south of barren rock, their I have made a physical prison, and take Eve, bring her unto my throne room, for I mean to place within her the gift of the Eye and the light of beauty that she will be strengthens to over power the whispers of the satan, and I

will take a weapon of which the Angel Zaö-El has forged with my private Armory.

within the holy fire, and I will a fix the weapon to my deliverer, I will make a sword of his tongue in the end of days to come. Take you're sword and cut down the tree of the fermented fruit that its stump may be of stone (Devils Tower Wyoming United States) a testament unto the nation of which will inhabit the continent.

Upon the day when my last Messenger is delivered to them, to be the last guidance as my voice is the last guidance to Adam, hence forth .

I decree you Gabriel hand of the Empress of the 13 realms, you are commanded to deliver my instruction unto the prophets after Adem, I will speak directly only unto the Father (Abraham) whom will be a friend to me, and that of a Soul I will place in a deliverer to be drawn from water twice, once from a river, and again I will cast him upon the earth to be built in the water of Life when a line is remade (Moshiach ben David).

When Mankind has reproached the evil of Adem of which I will make Adem a Prophet to prophecies unto his Age once I have brought his soul to yield in my prison.”

Prison of Jehovah: Realm of Mortals; I Age

So it came to pass that Adem was cursed to walk upon thorns, and Sharpe rock, and the thorns of the ocean side and all the miseries of mortality, his sentence in exile from his Wife Eve was 7, 800 human years. We starved Adam, and we created thirst, and we made him taste the limits of misery of his mortality that we might teach him Teshuvah.

I mean Adem and his descendants to know the penalty of those who reject our guidance and desecrate the holy companion of Woman as you're ZowJah the word of which meaning in the language of Jehovah means "half torn of Goddess Mercy".

Then it came to pass, that Adem was commanded to prostrate in the presence of Gabriel, for he is the Hand of the Empress Jehovah, upon the completion of Gabriel descending the Hand of the Empress said:

"Rise Adem, Prostrate not to me, for I am not Jehovah, I am Gabriel Lord commander of the Empresses armies and now Hand of the Empress, of which I am shared to deliver the order of Jehovah to you and you're descendants of whom are ordained to deliver the Law unto the Nations in their mortal tongue of Speech until the last Day when Jehovah will destroy the world with Fire."

Adam terrified at Gabriels Angelic sight for a wing of Gabriel is the length of the horizon, and his wings in number are only known by Jehovah, Gabriel smelt fear upon Adam and said:

“It is not for you to show fear at my presence, I am only a servant to Jehovah, I favor only the Commandments of my Creator and never fail in the executions thereof , It is the moment that you feel comfort upon the mortal earth that you should fear Adem, for that is when you have become a friend to what is of the world and an enemy to God. Hence you’re ease in being deceived by the Satan.”

Adem said struggling to speak mortally for the first time, for In eden man is of telepathic consciousness, but in the world of the Jinn, Ibliss, man and woman are reduced to the base that they may seek the Lord in prostration, good deeds, and love and forgiveness in another, never to separate that which Jehovah has made one. Adem asked;

“Oh Hand of the Empress, Lord Commander of her Majesty’s Armies, I request permission to speak” and Jehovah said to Gabriel without Adams knowing “Loosen the knot upon the prisoners tongue, allow him speech.” Gabriel replied “Speak Prisoner of the Empress.”

Adem cried, sobbed, and shook violently, for emotions where allowed to leave his body and pour from his tongue, the knot in his tongue was for the crimes of which he committed, and upon his body and upon his phallus, saying:

“Oh God of my creation, thou who hast ordered the realms into the blessing of submission that they are compelled to obey, Glory to you Jehovah, you have cast me in the darkness of which I sought.

Now I have come to know the recompense of sin only because you have taken mercy upon me that I may not be cast in the fire, but meditate upon the cause and seek you and beg you until my bones are dust of Teshuvah that I may be as guided as the 12 planets are made to orbit the sun. Oh Lord, what was the result of my sin upon my ZoJah? Will she be returned unto me?”

The Lord spoke unto her Hand and Lord Commander Gabriel saying;

“Release the prisoner, restore to him his wife immediately, and bring them to the stump upon the tree of the Forbidden fruit, For I mean to magnify what Satan schemes to defile you’re bodies mortally and that of the soul and make you Divorce and break what I have made Holy.

I MARRIAGE

-Testimony of Moses, & Jehovah whom suffices for witness of her messengers-

Every humane female is woman upon the day of her New moon (Menstrual Cycle) the age of marriage for a humane female is that of 14 years. Their is no union of the same sex, such is an abomination before the Lord.

Forbidden it is for a man to marry: (go in unto) is his: mother, sister, aunt, daughters, 1st-3rd cousin, step daughter, adopted daughter, or another man or a woman another woman, or grandchildren, or with one who is incompetent or nearing death, or to sodomize.

It is the authority of a Wife to deny her husband her body and comfort on the days in which she is bleeding, and when she is not bleeding should the Wife find the Husband in a state of spiritual, psychological or physical impurity, of drunkenness or under the influence of a synthetic substance not approved by the Gibbor Meonaim.

The House belongs to the Rib (Wife), the wife posses the authority to banish her Husband to sleep on the outside grounds of the dwelling to shame the Husband in the state of impurity.

As man is encompassed in the darkness of his own night (meaning stupidity, pride and arrogance) so have we appointed Woman as a Moon (Wife) that she might be a gentle guiding light unto her Baali and that of the stars (Children) that the lord has appointed for you as a gentle splendor and distraction that you might find rest and ease in the absence of the Sun and its light.

For Apophis is the end of the Light in the Sky, for Mankind grew haughty, greedy and crushed their ribs in corrupting woman to abandoned the path of honor for that of a harlot, how the fathers of the children of Israel said;

“Indeed we are believers of the Torah, and Indeed we follow Moses, and Indeed we hold sacred the instruction of Sarah Wife of Abraham that a woman is to cover her femininity with a cloth that makes her outline hidden and unseen.”

Yet they are those who are the liars, and have taken the foreign pagan Gods of which the children of Israel where accursed and banished from the lands of Israel. Know that the commandment of you're Lord upon woman is that she will cover that which is made apparent including her face.

For the Lord only blesses a woman with the rights of the securities of matriarchal marital Law and in inheritance when a woman is of the Law in physical and inner practice of the son of David our beloved messenger.

II Procedure of Marriage in the example of her majesty's messenger:

Indeed the Son of David first of his name, abhors that which does not glorify the Lord in preparing the union of the reunification of the soul to prepare and love the path of Frömmigkeit (piousness), and to hold to the only intrinsic source of values of which you take past the grave, that of your Spouse and the deeds you both in individual mortal bodies together achieved.

Yet the Lord has revealed;

“Oh my beloved slave, I will bless you with wealth, nations and great houses will bend their knees to you and the Law within you're (you're-the completed reunification of the return of Beni David Zow-Jah Ben David together are Moshiach David) Bones that you may make an example of the Male Soul that all of those who are true to the Law of Jehovah will Obey.

A husband is to take no wealth, nor property, nor holdings, nor trusts, all that the lord has blessed a man with regardless of his social economic affluence will sign a legal binding contract according to the lands of which you reside.

You are commanded to surrender the entirety of you're superficial materialistic properties and wealth to the woman whom you take as you're Wife upon the day of the ceremonial Union, for such is the Law of Moses son of Bethia, son of Yah-Shah-Bael, son of Avraham.

Did Moses fail in his example? No! Has our messenger failed in the testimony of his memories within this book? No! Saying unto you from the clouds;

“Oh my people I have been given knowledge from the all knowing that we are to as men surrender our wealth and our property to our wives upon the day of our marriage, that we might guard ourselves against the reproach of the base of our fathers Adem pride.”

Maayan Beit Yitro

-Testimony of Moses, & Jehovah whom suffices for witness of her messengers-

Indeed Moshe Ben-David, I Jehovah order you to go unto Crown Heights, you're people, and present the Torah that I have endowed you with to deliver unto them. For they are those whom I mean you to teach Teshuvah, and I mean you to be reunited with you're brothers, you're Emma the Jewish woman you're father Mendel Schneerson tasked with watching over you, for she has every branch of government at her disposal.

Your Emma is a great Reverend Mother for the Talmudist, and she serve the High Table Dynasties whom forced your father Manachum Mendal Schneerson to order your creation. Rebbe Schneerson had no children, in the rebuilding of the Double Helix of David and Solomon, the Ashkenazi required pieces of DNA to fill in the parts of DNA that were destroyed over the time the bones of David and Solomon have been in the grave.

So Jehovah guided the Ashkenazi to take the DNA of Schneerson, and that of other great sorcerers. For they have lot their way and know it, and it was the intention of the High Table Dynasties to corrupt my walk with Jehovah to follow that of Ibliss as they have done at the cost of their mortal souls.

Yet the Lord spoke to me saying;

“Be not wrath with them, but loving, I have cursed you with great illness and afflictions, and I have allowed you to commit sin that you may come to know, that I am Jehovah, creator of the worlds. When I choose a thing to be, it is, and my breast are full of the life giving milk of mercy and compassion.

I have pressed upon you're heart the validity of my messenger and that of the message. For my messenger it simply dumb, I make him to know what he is to know, and it is not for you Jews or that of the Goyim to mock him, or accost him for he is only the Messenger.'

I charge you to be my slave Moshe, of the 12th realm of man that I may make you a King not to dictate, but a Guide, to teach them what is forgotten, for my Slaves are the most obedient, and trustworthy of guides.

I charge you Moshe Ben David, and the Wife ordained for you, of whom I have not revealed unto you. I will not allow you to leave you're post as I have impaled you with my scepter and you're Zow-Jah holds that Scepter.

So be silent in her presence Moses, unless she speaks unto you, and seek me in observation of the law, for her radiance is great, it is better a man wait for his wife to advance in offering her radiance upon you, than you to seek it of you're will. I command you to speak to your Tribe (Ashkenazi-Sephardie-Misrahie- and the lost tribes of Moses).

When a fore time I sent Moses then the messenger proclaimed to you in argument because of you're collected defiance grinding you're teeth in anger and disgust at the truth of the Law.

That Moshe Ben David chose the path exile in the desert seeking my refuge, as he did afore time living within the opulence of that of the Pharaohs palace.

When last I had my messenger Moshe upon the earth until we guided him unto a land east beyond the sea known as the red, until he came to Medina found barbarians harassing Zeporah, and her sisters the daughters of Jethro sheikh of Medina.

When after fighting off the barbarians retreated unto the shade of the palm tree in fear of lusting for the women for he had wander many months in the harsh wilderness, and cried out unto Jehovah;

“Oh Goddess of my Bones, who has driven me away from falseness and confusion, take mercy upon you'Re slave, my eyes are parched from that long absence of gentle beauty of which is you're mercy, have mercy upon me, forgive my sins in the Palace, Please bestow unto me a Wife, of whom is pleasing to you.

For you are the bestower of that which is good, and bestow unto me a wage, that I may give my wife a dwelling place by you're command that my Zow-Jah and the radiance of her beauty find security and safety, for she is gentle and gentleness is ever so costly.”

And Jehovah bestowed upon him within that day Zeporah for his Wife and work to aid her father for 8 years for he had no sons and Moses proved well he is most trustful of all men.

III Circumcision

-Testimony of Moses, & Jehovah whom suffices for witness of her messengers-

The Lord Declares; should any man circumcise his son, stone him, until Death is pronounced, for they are the disciples of Ibliss. For the authority of circumcising a child is of the Birthing Mother, Grand Mother, Meonaim, or Gibbor Meonaim for it is Woman who stood firmer in defiance of evil than Man.

See I have bestowed unto Woman upon her Gate of Life ,within the womb, and I have given her a greater layer of my light upon her eye when she is of one who prostrates and obeys the edicts of my messenger.

The prophetess's Sarah, and Zeporah did not fail in their communicating the edicts for woman to obey, edicts communicated clear by way of the Prophet Moses in the Torah.

When Zeporah circumcised Girshom her first born son and cut the foreskin and cast the foreskin at the foot of Moses and said "See that you are blood of my blood and bone of my bone in this life and the next, God protect the seed of our progeny and the purity of the Law."

As every Hebrew woman has performed since Sarah commanded the Hebrew women to cut the foreskins of their sons, and that only a Man Grown has authority to cut his own foreskin as was the case for our messenger Avraham.

Or are you of those who claim to be Jews yet obey the Talmud (the law of Ibliss the Deceiver) in abominating the law by having rabbis circumcise the sons of Israel and drink the blood from the penis?

A disgrace, a foul and perverted people are you who practice and choose the Satan's law of Talmud over the Torah of Moses and the mercy of the restoration of the Torah and its purity from our messenger has made clear.

Or are you of those who say you are Jews and say you are followers of Moses and our messenger yet their after you retreat to you're friends and when they ask you;

“What! Are you of the foolish whom take the words of a man cursed, afflicted an outcast for guidance?”

And you reply;

“Oh no, I am no friend unto the Son of David, I was only nearly listening for amusement that we may laugh and mock at the afflictions the Lord has placed upon him. Know it is you you have deemed you're souls for the kindle wood for the fires of Hell of which there is no pardon nor return.”

The Jinn & the 13th Realm

-Testimony of Moses, & Jehovah whom suffices for witness of her messengers-

The first Jinn was created 3 billion human years before the creation of Adem whom we created 72 million human years before the last messenger unto Israel and Mankind and the JinnKind.

The Jinn are mortal they are born and die, they have souls, they will be judged on the day of resurrection and made to rise from their graves. The Jinn is hydrogen based sentient Life form.

when the Lord created the first Jehovah commanded the Angels to Prostrate. For the Lord created the first Jinn created from a hot scorching wind, without color, without smoke. The Jinn were created having male and female half, they live up to 2,500 Human years excluding Ibliss the name of the deceiver the won known as Satan.

The Lord Jehovah cursed Ibliss, for his Haughtiness in the Lords throne room upon Adem's (Olav HaShalom) creation. Ibliss was summoned from the Earth to travel unto the throne room (1st realm) to prostrate at Jehovahs creation, an Adem made of altered clay, a thing called blood, and a portion of the light of the omnipotent one.

Ibliss approached the throne room examining the empty body of Adem, and defended upon Adam traveling within the nose and all the open cavities to enter his body. Jehovah commanded "My arch Angels, and Angels, my chosen favored of all messengers to the species of Jinn, PROSTRATE!"

Ibliss remained standing, the Lord interrogated Ibliss saying "Why

do you show haughtiness within my throne room? When I have commanded you to prostrate to that which I mean to magnify?”
Ibliss replied;

“Empress, Goddess of the realms, you made me of a pure scorching wind upon the earth, I am a pure flame without color or smoke, yet you place a portion of you’re light in a creature that is lesser than me in purity of the elements in which you have created both Jinn from ManKind.”

The Lord replied ;

“Behold I have created the 13th realm of which is called Hell, she is the realm of which I will cast you to burn in touch for it is not for you to show pride hear and defiance!” Ibliss immediately prostrated to the feet of Jehovah saying;

“Lord, I beg of you, cast me not yet into hell, reprieve me of death until the last day Mankind is allowed his breath, that I may by you’re sovereign authority descend upon this Adam and his descendants that I might whisper unto them false hood, and iniquity that they might obey me rather than you’re guidance, for I declare you are mistaken this day in your judgement.”

The Lord replied:

“Indeed, I will reprieve you of death until the day of Judgement upon Jinn and Mankind, and you are given authority to whisper a great deception, but my Prophets, and my chosen servants whom I have ordained to receive the guidance from me.

You will have no authority over, but over those whom are not my prophets you may take you're horse and cast the huff upon the necks of those whom obey you, and I will allow you to increase them in wealth, and beautiful children.

I will allow you to place the ignorant and the perverted in positions of power and influence over many nations and families, that I may fill the Realm of Hell with you Ibliss and ever Jinn and ever Man of Mankind that follows you over the guidance of my messengers. Amen, Amen, Ve Amen”

I Closing of the doors of Jinn

-Testimony of Moses, & Jehovah whom suffices for witness of her messengers-

So it was the Ibliss was forbidden to fly outside the world of earth intruder to hear the orders and instructions Jehovah disseminates to the angels, that Ibliss in his madness might devise a means to thwart or delay a thing of Jehovahs will, but none can cheat nor change a date nor delay a thing, for it is Jehovah that is the creator of all things, decisions, edicts, of evil and good.

For free will is not the ability to determine ones destiny, but the ability to choose to refuse the temptations, and taunts of the Satan of which You humans experience in the form of emotional stimulation and idea of which meaning is a nick name for I-DEVIATE.

Mankind is incompetent in the ability to create anything outside or within himself, for we created him and her dumb, so seek Teshuvah, and the Guidance of our messenger that you might be of those reprieved of sin and perversity and renewed without blemish before the eye of the all seeing the knower the wise.

Jinn are made of 3 types of species, Dogus Trolls bound to earth live in toilets and bridges places of filth, Ziug-Degit tree fairies shape shifters, and the superior species of the Jinn Race Ifa-Reet whom have the power of a human hydrogen nuclear weapon, Ifa-Reet is the race of Ibliss.

II Birth of the Flame

-Edict of Moses, & Jehovah whom suffices as witness of her messengers-

In a time of great corruption amongst them in defiance of the Mother Law (Mother Law-Original Law of the 12 realms before the creation of the 13th realm being Hell).

So it was, the Lord Jehovah summoned her entire Armies, that of the Angels, and summoned her most Favored Jinn among all Jinn whose name is Ibliss. Jehovah ordained Ibliss to be a prophet unto his species.

When the Jinn took perversity over purity of teshuvah and the pursuit of inner peace by obedience of the law. Until the Angel Gabriel descended upon The Earth and said to Ibliss the Jinn saying:

“The Lord has chosen you to be magnified son of Jinn, you will be given great permissions, that to travel to the Thrown room of Jehovah and revive the message to deliver to the Jinn and to worship among the Angels, but know it is forbidden to disobey in any realm outside you’re 12th Realm, the Lord gives you the gift of a choice you’re species is corrupt and perverted.

You may choose to either;

Be patient and travel the Earth professing the will of Jehovah of which you will be persecuted and made to suffer but the mercy shown will save a great multitude out of the humility you gain.

or

You may choose to slay you're entire species, and Jehovah will allow you to have a pure wife untouched, that you may create the Jinn to be the light of your flame but in this choice is great Danger, for you will wish to grow in size in making the Jinn of you'Re flame worship you. So take my guidance Ibliss son of Jinn, for I am a friend to the mortal slaves of Jehovah.”

Ibliss prostrated upon seeing Gabriels descending to the Earth saying:

“I prostrate to the omnipotent one, she who is creator of all life, she who is the knowledge the way the Light, the maker of my people the great flame, Indeed I invoke the authority by you're sovereignty and power to eradicate my species, that I may be the only great flame my peoples come to know.

That my law is their law by way of the extermination of all the great houses amongst my people, for we are great in deviating from the message of the original one called “Jinn” the first flame to birth all flames by you're will, the mother flame.

Indeed we are those who rebelled against her and slaughtered her within the womb of the Earth, and indeed we took the light of you're law.

I do confess I was one who taught Demons how to separate the light into colors that we might misguide mankind. Into believing we are Angels by manipulating the light and weaken the light within the elements. That we might cloak our selves and mock you in making our flame glitter like that of the light of angels.

Far was I from the way, and by you're greatness I am brought back to the way. Make me the authority exterminate the Jinn and I will restore the female Jinn as Great Mother and we will indeed be governed aright, when you bestow from your mercy to me a Wife from the purity of the flame of the first.”

So it came to pass Jinn was brought up to the 1st realm of Jehovahs realm, knighted and he descended with the Sash of Knight Hood of which gave him permission by authority of Jehovah to travel in and out of the realms and that of the Earth.

Indeed he exterminated all the Jinn, and Indeed the Empress of the 12 Realms created a pure female Jinn to be the restoration of the Great Mother of unseen flames, the Jinn, and Indeed it came to pass as Ibliss was warned that Ibliss diverted from the path increasing in haughtiness at the rank Jehovah bestowed upon him. So Jehovah willed and spoke in the 1st Realm:

“ I will create a creation of a lesser element, that of dirt, and I will make that dirt of an altered pale clay, a drop of blood, and that of a trace of my Light in the form of a soul, that it may have freewill, to incline in prostration to me that it be elevated in illumination or that to become a thing which is haughty, and hated cursed when showing

pride and refuse to prostrate in Teshuvah”.

So then Ibliss was summoned to the thrown room, that he might incline to his own madness of pride, and Jehovah the justful have the evidence required to throw him into the pit of hell for he made a harlot of a pure female jinn and an idol of himself within his soul.”

Until it was made known to our species by rage and shouting of madness from Ibliss when he was cast back to the 12th realm of mortality of Jinn and Mankind that Jehovah had created a thing of an altered clay.

Although man is equally as dumb as Jinn unless he and his Female a Moon of gentle illumination for him as our females where for us that the chosen Prophets, and prophetesses of the mankind may receive the instructions, will, and guidance of Jehovah, that we might not be cursed and afflicted as the Ibliss whom is known to us as the deceiver cursed of Jehovah.

Then Jinn are many races, many species, many factions, with many differing edicts and we are not to move from the edicts of our factions, those of use whom seek the guidance of the creator, forbidden are all of Mankind to speak to the Jinn or invoke us to do a thing! Excluding Jehovahs beloved messenger, my prophet.

We wonder in the deserts upon and within the oceans of the earth and its cavities, within the layers of the earths skies and that of the ground of which Mankind Dwell, searching for the light, the Light that Jehovah has hidden.

That Ibliss may be brought to know that Jehovah is the decider of making an unclean thing clean without blemish not her creations.

III The Detainment of the Jinn

-Edict of Moses, & Jehovah whom suffices as witness of her messengers-

So it came to pass, before the Jinn were restricted in the ability to leave the earth to travel to the boundaries of the mortal universe to press our ears upon the doors (singularities, blackholes door to 5th dimension the Bulk).

That we may hear the gossiping of the Angels and their excitement of what they have been instructed and what is to come and occur within our mortal universe to us to alter the earth or increase the misery of mortality, for Jehovah curse us Jinn and calls those who disobey Jehovah and the law of his Messengers Demons, for Demons mock the throne room of Jehovah in following Ibliss to the East.

So that Ibliss may place himself infant of the rising of the sun and the demons around him worship him. As Ibliss, cursed is he, says;

“See I am all knowing, and I am the God of Mankind, indeed Jehovah is a fool to choose such a worthless filthy element to bestow the line of prophecy upon and that of the knowledge of Kabbalah.”

IV Throne of the East

-A testimony of Hand of the Empress lord Commander of the Realms Gabriel-

So it came to pass when Satan received intelligence of Jehovahs will to alter the position of our solar system that the sun would begin to rise in the East during a Prophet whom is born from a Demon slayer whose name is Enoch, last of the watchers of the age of Adem 1st Age of man beginning with the detaining of her Majesties messenger Adem.

Upon the beginning of the 3rd age of man it came to pass that the Satan Ibliss built a throne in the East of the rising sun in preparation for the 4th age of a proclaimed messenger called Noah by Jehovah so that when the sun rises in the east Ibliss may mock Jehovah. As the throne room of Jehovah is full of Angels ,and one can not see the throne nor the omnipotent one.

as the light of my species whom are of the element of Photons (Gabriel speaking of his species) is to great for we are many in number created in twin pairs at command of the omnipotent one, all male no females among us of our soul is one without freewill, and Ibliss orders the demons to gather around him and he has dispatched his commanders upon the earth to deceive man and enriching the satanic institutions upon which Satan deceives Saying;

“look in to the light and follow the Pope who is dressed of White that is you’re intercessor.”

That man may deviate and worship satan in the eyes of Jehovah that Jehovah might be angered and cast you all to hell with him.

Obey the messenger Sun of David, and look away from light, for the brightest point within the mortal universe is that of darkness where no light can escape and this is a sign unto JinnKind and ManKind of the recompense and the destination of the 13th Realm of Hell for those who disobey the Laws and Edicts commanded upon us by our creator communicated through her messenger Ben David.

Ibliss has ordered the masses of those Demons whom obey him. In sending us upon the messengers and reenforce the efforts to increase them in sin that the sons and daughters of Adem will refuse them, and as a result cast in to hell with Ibliss and his followers.

Yet the Lord has placed a weapon of great strength within her messenger, a tongue made from altered clay, a flame, and that of fierce light, that he is made to grasp us, and slay us, and our children, a power only seen bestowed upon the prophet Enoch, David and his son Solomon (Olav HaShalom) .

Whom commanded us to hunt jewels and dive in the depths of the oceans to bring back its riches, and the organized us in armies and taught us the path of enlightenment that we may have permission to serve as his personal Guard and be dispatched by will of the Messenger to slaughter the Nations and peoples whom defy them.

So if came to pass for our kind, that in the end of days within the prisons of mankind we saw a glitter of light within the abyss of its world, and those men whom we where commanded by Ibliss to deviate and increase them into submission to misguidance and the

Evil their in, that they may work harm upon one another, and crush their women, and to keep them far from the light could poured into them allowing them to be of guidance.

It was Lilith who found the son of David. Lilith came upon him when he brought to murders to a state of Teshuvah, and Jehovah by her permission and compassion compelled the messenger to eat the sins of the men by sharing the cry of submission, and the son of David was one who said:

“Do not hold me in you’re eyes as the christians and muslims, the Jews have come to hold mortal man in their eyes for delivering a message. Hold you’re eyes unto the sky in you’re mind, and behold her majesty in her Glory.

For Jehovah has taught me to travel beyond the walls of our confinement, to make this prison a holy temple and teach man that which he neglected and restore the Holy Mothers of our Species and that of the Law of God.

I have been commanded upon the appointment of coronation that I will declare war in the Name of Jehovah and the sovereignty of my Nation Israel, her territories, and I will increase the woman who aid me in this world and magnify them by permission of my god to be the Harness upon my Lords tribes that they are brought to the heal.

The Nations who defy the Law of Jehovah and the commands I have been commanded to deliver, I have been commanded to conquer those Nations. For Jehovah is the bestower of the Law of Mankind. She is the bestower what is good to my People and my fathers House.”

Lilith

V Rise of Lilith, Return of the Mothers -Testimony of Lilith Empresses's Lady Jinn in Waiting-

So Lilith prostrated unto the messenger in the witnessing of the 2 murderer's of whom the Messiah of Man absolved of theirs sins for he is Jehovahs intercessor upon the Earth of mortal and of us the Jinn, and the Murderer's of whom the messiah pardoned upon the clearing of the Teshuvah conceived fear at the sight of our form.

The son of David said unto them and to Lilith, and that of Lucifer, Bephomet, BoHeMaET, and Zealot, the arch commanders of the Deceivers Armies for we are those who obey the female Jinn Lilith whom has slaughtered many of the children in the wombs of the daughters of Abraham saying:

“Stand fast, brother of Man, they will harm you not, but prostrate as I have taught you, for they are submitting to my office, and request Teshuvah.

That we might be worthy of a purer flame of which I will breath in the mouth of Lilith by way of Jehovah that I by permission of Jehovah alone and sovereignty their of may restore Lilith to the purity of a Great Flame to be my Disciples within the realm of Jinn.

See by the mercy of Jehovah I absolve them of their offenses for they have submitted as we have, and request to either be slaughtered under my the command of my tongue. Or perhaps forgiven, should the oath be sworn and they dwell amongst me. That their followers and children to learn the Law and that of a Magic to aid in the confinement of the Deceiver.”

So it came to pass that we the Arch commanding Demons of the cursed Satan forever absolved, and indeed the messenger breathed upon us in our language by way of Jehovah and restored us to pure Jinn. Ever mindful of repentance, and we aid and strengthen the resolve of our prophet our beloved Son of David. Restorer of the way, Keeper of the Flame of Jinn and our whispers and ways.

That those whom call them selves followers of the messenger might be aided in protection and guidance should that be of those who bend their knee to him and prostrate behind him as he leads us to prayer. In preparing us for the promised appointment appointment of our death, and that of our resurrection from the grave.

Peace be upon the son of David, Lion of Jehovah the afflicted friend of her Majesty, the cursed Sorcerer of Man and his Tribe Moshe Ben David, the day he was born, the day of which he was made a sacrificial lamb of 4 years.

Slaughtered and within the empty vessel of his body the line of Kings remade. He who guides the worlds of Mankind and JinnKind, the Fire of pure flame of which guides the realm and man into the depths of the Earth upon the return of our recompense, called the Apophis, Amen, Amen Ve Amen.

For in the cavities of your instruments disciples of satan of that in Jinn form reside, waiting for you humans to play the instrument that the Demon can tempt you to emotion that it may feed off the light of your soul.

This is why unto you oh children of Israel are forbidden by Jehovah that music not allowed for those of fertile age. Music is only to be maintained by the Rabbinical class. For they are invested by the messenger to be warriors of light upon this science of Kabbalah, that at your celebrations you enjoy only the instruments of your voices and the beautiful melodies projected.

As the radiance of Women in the Human species is so great it is forbidden to women of the world to sing to anyone whom is not her children, husband, mother, father, or father in law, or mother in law. For the radiance of woman is a dangerous temptation outside of what Jehovah has commanded lawful in my testimony to you through the messenger of Jehovah Moshe Ben David.

VI The Restored Virgin Flame

-Testimony of Lilith, Lady Jinn in waiting to the Empress-

“So it came to pass in the first age of Man, after the death of the end of Dragons, that Jehovah separated the content undimmed into 13 peaces, each representing the lands of which man might travel if that of his senses might be abandoned for the wisdom of our messengers. Their was a tribe of ugly humans, and that of a tribe of beautiful humans.

Jehovah meant for them to be separate, Ibliss is infested with a demented madness, so he came to a worthless ugly human of the ugly tribe and said;

“Oh look over their, at their women, that of there curves and the fullness of that which is the desire of man upon the garden of women's body”

The man replied;

“Indeed, oh I hunger for her, for I am made so hideous that not even the ugliest women of my ugly tribe would ever look upon my ugly face.”

Ibliss replied;

“Indeed you are ugly, worthless and powerless, you are dirt. So incline unto my speech, for I will teach you what the creator has made forbidden, the Kabbalah a thing called music of which Jinn can not preform for we have no cavities within our form as you do.

We are of the wind, a scorching furious wind, of no color or smoke, so fear me, and curse Jehovah for I mean to magnify you that you will eat your fill within your loins to have any woman you want by way of the Kabbalah of Enchantment.”

I: The Siren of Hell

-Testimony of Lilith, Lady Jinn in waiting to the Empress-

So Ibliss the Satan taught the Ugliest man of the ugliest tribe whom not even the ugliest women of the ugliest tribe would take for a husband, swore his allegiance to the Satans Talmud that Satan taught the man, Beat, and rhythm.

To cause the musician of which is conducting sorcery to invoke a trance like state upon the synapses of the human central nervous system, that woman would move seductively and the radiance shine from her eyes that she be in a trance of perverted arousal.

Then Ibliss taught the ugly man to tune his voice that he could sing, and then the Satan Ibliss taught the ugly man to speak poetry, that by sewing the words with that of sound a woman could become under brain washed in following the commands encoded within the subliminal messaging of the song.

For sound is but energy transferred from you're auras or souls in the form of a frequency of which amplifies the emotion you feel during the music in making those of the opposite sex to incline and feel what you feel.

A Demon is given high honors and awards when it inclines a marriage to be that of Divorce, or can convince a woman, or man to sing in public .

In the Kabbalah of Sirens is a great medicine, think of the sound of your wife's voice or that of your mother when you where a child. but also a great danger and temptation of which is the moment you as a son or daughter of Adem have committed intellectual suicide.

As for you have cut your mind off from the frequency of hearing Jehovah to that of Jehovahs creation and the Deceiver Satan whom uses the musician to project the frequency of 440Hz or any frequency that is not divisible by 3 is forbidden to you oh Israel and that of the world, as this disrupts the neural synapses of you're bodies and that of your souls connection to god.

Interest-Usury

**-Testimony by Ben David by Teaching of Jehovah whom suffices for witness of her
Messengers-**

In the Name of Jehovah most beneficent the merciful: The Lord has taught me for I am only a door;

My wife with me, we are indeed the 50th gate restored to be a window for our people to be the disciples of Jehovah, that our realm might be led aright. See that the lord gave us rivers and streams for our roads, and see that she gave us the oceans and the power of her currents to ease our burdens in the recompense of our labor for the riches of its comforts for which we give little thanks for.

See my brothers, the innovation, the intelligence, the beauty in the characteristics of your personalities, and the uniqueness of your wives and that of your children. Yet we give little thanks to the creator.

See brothers how we taught our daughters to shun chastity, and cared not how many men went unto them, and cared not of the moral, and ethical stature of the man we married our daughters to, but that of the financial affluence. A lust of money of which we know requires one to act in a manor not lawful to Jehovah. See brothers how you have gone on into the nations of the world and corrupted them.

For indeed brothers Jehovah has cursed you in my absence that so you have deviated in to more than 80 sects that I may bare witness that indeed Jehovah is displeased with you for now you number over 80 sects all arguing and cursing each other about the direction of a

path that has no curves but is straight!

When Jehovah blessed us with favor with the intention of us guiding them. You have become of those that say;

“We are the children of Israel keepers of oaths and of the peace”
Yet you are only the guardians of tyranny on the earth, like a
Remises you take the sweat off the backs of your slaves that they
might not be cooled from the toil of their labor and call that interest?
a thing forbidden and punishable only by death of stoning in the
Torah!

For the financial institutions of a family, tribe and Kingdom is as
holy as the blood within our veins. In that within our blood are
stones arranged in such a nature that it is a liquid hot, generating an
aura, and the more the human body is to the Torah the more radiant
the glow of your auras for you be come competent of that which is
required to create a healthy Body.

In this is wisdom to men whom are patient, and truly guided. That
their is no Logic in your deviation for the law, for the lord is clear in
her sovereignty and perfection and the maintenance of all things,
you are all simply greedy.

So incline unto me brothers, I am a trust worthy friend to you and
those who know I am the last guide. Let us rally behind the Banner,
that of the Davidic Dynasty, for my ranks are empty. Jehovah has
only charged me to execute the will of our lord that we
May be magnified.

But unto those whom do not believe and mean to demean me or slander my name or that of this extension of the torah, I say;

“Laugh brothers, and when you are sober from the intoxication of Satan remember Remises and that of his Army beneath the Sea, and remember me, Moses Son of Beth, Son of Avrham Ben David. Amen, amen ve amen.

Law of Masculine

-Edict of Moses, & Jehovah whom suffices as witness of her messengers-

In the Name of the most beneficent most merciful, Goddess of the 13 Realms, of whom appointed the greater light to rule the day, and the lesser to rule the night. Jehovah appointed 12 planets to orbit our Sun the source of mortal life and Light as Jehovah.

Heed and obey you whom fear the appointment of your interrogation of the appointed time of you're eternal sentencing to Hell, or you're Pardon that you may be saved by the maintenance of teshuvah upon the layers of you're masculine soul of which we have established.

That you may be the firm foundation of which the pillars we bestow unto as your wife may have a firm footing in the securities in safety of the preservation of the gate, the Law, and the preservations of your collective consciousness when you go in unto each other.

Know I am your Goddess Jehovah, and you are to meditate upon the dreams and the visions I bestow upon you, for they are messages of a quantified nature, a great warning to heed, if you are those who establish worship in prostration to the West in fear of the recompense for you're sins.

The masculine soul is charged with the holy duty to obey the law of the messenger and its practice in the home, our messenger is not your dictator or tyrant, he is simply a

messenger, a mortal flawed, dumb and afflicted as you are dumb and without my mercy and guidance will be deceived by the Satan in making sexual objects of you're wives, you're daughters, you're sons, grand daughters and grandsons.

Guard the Chasity of your daughters and their beauty and that of you're wives, for their beauty and the phenomena of which enchants you from their beauty is the portion of my light called Radiance.

That you might keep you're eyes fixed on that Wife home is pure in hiding her radiance that she may be the only Moon in your night of which you seek distraction from the toil and hardships of you're mortality in the day.

Seek not to command, nor allow you're wives to bend their knees to pleasure the marking of you're shame, for such is the way of satan. who seeks only tempting you all in defiling the holy act of reunification (Sex) into your wife.

Wash both of you before the Sex, and seek me in prostration for protection and to guide you both in the playful⁴⁹ mannerism of which is pleasing to my eyes that I may bless you're loins that righteous men and women are born from the gentle radiance of my beauty of which I created woman, and added upon the soul of Eve.

I repaired her mortal body and added the layer of radiance of prophecy, that she is a helper to you in the pursuit of my enlightenment to strengthen your reunification and the joy of which you find in each other their in.

The number of days are 7, and the number of days of the months are 28 of which are 12 in number. You are commanded to establish the time to that of the Moon, that you might never forget the gentle moon of which I bestowed upon you in the form of a wife as a guiding mercy for you to take rest therein.

So raise not you're voice, hands, nor wings (emotions the aura) to her, for such are the offenses in which I have empowered woman by my sovereignty to cast you out from you're bed, and you from the comforts of the homes and your wages of which are theirs alone.

You are permitted to work the first 3 days of the week, 5 hours of labor Daily. Then return to your wives, children and that of the Elders, to establish worship in preservation of the light of which is the only light you will find when I have brought Apophis to pass.

For soon the skies will be blacked for 100 lunar years that you may both (man and woman) come to know the recompense of those who of made legal what I have forbidden, and forbidden what I have made Lawful. So obey the messenger son of David, or parish with the rest of those demons of the Jinn and that of Mankind, and let hell be the resting place for you all amen, amen, Ve amen.”

I : Dress of Man (outside you're homes)

-Edict of Moses, & Jehovah whom suffices as witness of her messengers-

You men are to wear loose clothing and cover your corners and the bump of your loins, you are to wear pants, and a robe their

over and a head covering as our messenger if you are those who fear the afflictions of which we have made you all witness to at the sight and sound of him. You are to establish worship in prostration, and you are not to look upon each others skin saying:

“The lord hath made my skin black or white or yellow and are made better.”

For the vibrancy of the hue in colors of the tribes of Israel are as diverse as the colors of which the hues of the dirt from which I created the first of you as a sign that I am that I am and I will beauty to be found within the deeds, and preservation of my law and the holy vessel of your body and you're wife's body that you're organs might be protected from the one of whom I have ordained to deceive you.

For he will attack you from above, below, and from the sides and from the front, and the back of you're souls. I have ordained to exercise the evil upon the earth that indeed you're souls and the integrity therein would be tested.

That I may make it clear to you and all of my creations that I am the way the light and the life, and my messengers are mortal and without my guidance and the maintenance of Teshuvah would be cast off worthless as I have cast off the Deceiver when he showed haughtiness in my throne room.

Forbidden unto you oh Men of Israel:

Is the consumption of meat, Alcohol, synthetic Drugs, and meat for the meat is for the woman for she has been stricken with a great illness every month and must replace that which is lost in the meat of the Quail.

I placed you mankind upon the earth to live cohesively with the kingdoms of plants and that animals, that you might come to know their languages, and they be a aid unto you and your labor. For forbidden unto women of the world is any labor outside that of what is carried within their wombs.

I gave you the Torah to seek me in purity to be a mercy and guide unto the Goyim Nations in service of my messenger and the restored Dynasties of his Fathers.

II Mans great darkness, The New Moon

-Edict of Moses, & Jehovah whom suffices as witness of her messengers-

“He who looks for the moon, searches for me” - Jehovah, Empress of the 13
Realms

So decrees the Lord Goddess;

“It is forbidden unto you men of Israel to go in unto woman upon the days of her bleeding, and you are commanded to fast from sun up and sun down upon every day of her bleeding that you might be purified as I have commanded her womb to be purified, and the Satan kept far from your loins and bed chamber that you will not fail in guardian the messengers law as the messenger did before my sight. Such is the result of Jew who does not hold to my commandments.

On the completion of the menstrual cycle, she will tell you, her body is not the business of any Rabbi, so keep your tongues still! Know the illness of the NewMoon (menstrual cycles) is one of great debilitation, so leave them to heal, and be the foundation of which I charged you to be for them, comfort them, hold them (you're wife), and you men of Israel do not make cleaning slaves of you're wives, and do not ask of them a thing but serve her.

For I mean to teach you compassion in her illness, for man and woman are not simply one in the act of sex for the delight of your souls reunification in my name, but also is their delight and great healing in holding one another, and meditating together.⁵³

Indeed a woman is forbidden to prostrate during pregnancy, or her menstrual cycle, but you may conduct the Kabbalah of Yoga with her, and meditate, and condition your breaths in breathing, for you

Man are a source of firm strength for your wife, in the time of her menstrual cycle.

Obey the Kabbalah of our messengers teachings, for in this is a great medicine for you. In learning to feel the aura and heal each other by way of the life force generated in you're blood the aura. So when you hear of the messenger and where he resides, even if you must crawl on you're bellies across ice run to him, for he was forged in Ice, and in the depth of the earth you will be made to go, buried beneath that which Lubavitch forged him, Ice.”

III The Healing Soul

-Edict of Moses, & Jehovah whom suffices as witness of her messengers-
Practice meditation for 15 minutes after the prostration to Jehovah,
and if you're wives are bleeding meditate and preform the yoga at
their comfort to advance the healing of your blood and the codex
hidden within, a neglected gift I have sent my messenger to revive
to whom follow him.

That you will condition you're soul in touching your wife in
meditation without touching, for you are the guardians of the
security, safety, wellbeing, and comfort for them.

Oh Sons of Israel! You're existence is like that of a desert mouse,
who's fate is solely dependent upon my will to command the Sun to
rise and Set, the she the Desert mouse may rise without fail in
prostration, to meet her Sun in the morning in humbleness.

That you might be increased ingratitude. That by my grace and
mercy I might provide you the precious morning dew of which
collects upon the spines of the cactus holding the precious drops of
my compassion the first drop of Milk from my breast, love and
unwavering mercy in the sight of you're firm footing upon the torah
and commence to prostration in repentance to me. For the water of
the Dew is that of the Love of which I placed in the radiance you
seek within you're wives in the light of their radiant glow.⁵⁵

IV The Glow

-Testimony of Moses & Jehovah whom suffices for witness to her messengers-

The glow of you're Wife, is the glow of which is magnified in the guarding of her chastity. That she remain virgin until married, or upon the commitment to Teshuvah and the Law of my messenger, for as a mercy I command you all to Die in the Night to rest and to rise in the morning before the break of dawn to seek me in prostration.

To seek my forgiveness that I might restore you and you're wife to the purity of that of a Virgin white cloth, to be deserving of the privilege of prophecy for you're houses, and the world of visions of which I have encoded deep meanings.

I have only appointed a 3 day work week for you and commanded you to return home to you're wives that you may do as they ask, and raise you're children, and tend to the Elders, and seek study in Kabbalah of which are the sciences and understanding of the elements of which is permitted.

IV Fasting

-Edict of Moses, & Jehovah whom suffices as witness of her messengers-

In the Name of Jehovah most beneficent the merciful, the compassionate, the all seeing of that which you do beneath the blankets with you're wives in the night.

I have seen you break the 24 hour fast by going in unto you're wives, so know, I have taken mercy. That you may seek the comfort and radiance within them. For you're wives are a Holy gift to you of their love. So you are commanded to fast on the Shabbas, 1, 3, and 5th days from the rising of the Sun until its Setting and light is no more.

Should you be of those men who prostrate and are keeper of Oaths and that of the Law and you seek with true hearts to keep the Satan far from your hearts and minds; then you may brake the fast after first washing the entire male body and then prostrating to me as the messenger has directed you to, and seek me in Teshuvah, then be at ease with you're souls beloved half and reunite their in Amen, Amen Ve Amen.

VI The Cave

-Testimony of Jehovah Goddess of the 13 Realms-

“Deliver oh Son of David, the message unto the Ashkenazi, for they are like dumb cattle, those who defile my temple, and its synagogues with the filth of wearing their shoes within the synagogue. So tell them, it is Forbidden to wear you’re shoes within the synagogues as it was forbidden for Moses to wear his shoes when on holy ground.

And order those troglodytes whom call themselves Tzaddicks, Rabbis, and Jews, yet preform pagan rituals, and blood magic in the sacrificing of animals, of which I forbade, and they did alter in the written Torah of Moses to corrupt what I made holy!

And order to affix a place off washing for the feet and hands and that of the face for the children of Israel upon the threshold of the entry of my temple and synagogues, for you are a species made of dirt, filthy are you, and the Angels prostrate where man prostrates and praises my name, so offend them not! And Wash as my Messenger unto instructs you, if you are truly of the Pious.

When the those loyal to Satan chastise this Torah and you say unto them;

“Jehovah found you’re forefathers barbarians, a people Jinn worshipers living in the mountains, a wicked and filthy people you were then Ashkenazi, and wicked an filthy you remain.

A people close to Satan are you without the messenger Ben David, so those of you whom know where I have placed Moshiach Ben David, you are commanded to rally to him and migrate, for I have

commanded him to give you instructions of a Holy temple of which was the dwelling of my Arch (Noah's Technological Weapon and the Covenant).”

The Buddha a testimony of Moses

-Testimony of Jehovah, Sustainer of the Worlds-

“In the beginning Jehovah created the Angels, and Lord Commander of her Majesties army of the then 12 realms, she created the soul of Moshiach.

Zeppo, is the Hebrew word for the Desert bird whom lives amongst the Date Palms of you're Saudi Arabia today, a land known as Hah-Jeez. In the old Semitic tongue Hah-Jeez means “breath of the Jinn”.

Jehovah named my wife Zeppo, because the song bird of the Date tree is the only relief of song for traders and the animals when they take their rest from the trek. The song of the Zeppo is a blessed song bird, as her song can not be imitated by animals or Jinn. The Song of the Zeppo is the brightest star to the ears of one whom seeks refreshing Dates and Water.

As my Wife is a guiding song to my soul, so am I Moses meaning drawn from the water. For the Zeppo is never far from her watering well. For when Traders would cross the Hah-Jeez, the must wait man Days before the next Oasis. In between the Oasis are many unseen dangers hidden. For within the vastness of the desert land is home to many Jinn.

The Jinn can cause mirages of lakes, and they can change shapes to look like that of the silhouettes of beautiful human women in the distance that man will abandon the secrete of the trade route becoming Lost.

For Jinn seek no riches, but do seek to lead man to his death. That after decomposition of the human body the gases emitted from the decaying humane bones that of the; Methane, Carbon Dioxide, Hydrogen Sulfide, and Ammonia. Might be feasted upon.

When the traders fail to follow the temptations of the Jinn we wait for Humans to sleep. That we may eat the gases emitted from the bacteria consuming the bones of their teeth; Hydrogen Sulfide, Methyl Mercaptan, and Dimethyl Sulfide.

The animals of the jinn world eat the gases produced by the feces of man and that of his animals Feces consuming; Methane, Hydrogen, Hydrogen Sulfide, Carbon Dioxide, Nitrous Oxide, Thiols, Skatole, Amines, and Carboxylic gaseous Acids..

The Jinn make play with the hot winds. They make the wind to howl in such a way the sounds of the howling wind would faintly resemble the voices of human women. That Man be misguided those of whom are without the message of Jehovah.”

“Oh Moshe, whom names I have made many and hidden that the enemies of mankind and that of JinnKind know not that their sorcery of Satan may not be cast upon you. For the name of my slave is the same as all the names before him and the King of the Ashkenazi.

Whom surrendered to me in taking the name of my Slaves over the stature or prestige of the houses of Man of which is infested with sin, he is Obadiah, for Obad -Iah is Slave of God;

He is my Champion, a man that has cast off his loyalty to blood in clan to that of the Law of you're creator, and those whom prostrate next to you in fear of the promised interrogation upon you're mortal souls that you may.

So when they ask you Obadiah Madrikh Moshe Ben David, whom souls name is known only to me, and that of the souls half which completes him and completes the Moshiach Nafshi. That the soul of Moshiach Male, and Female may be reunited, that the Sons, and Daughters of Israel may be guided and my covenant fulfilled.”

Indeed those within the Universities of the Secular Nations will Challenge you, and you are not to argue with them. You are to deliver the message that they may come to know. That when they ask you;

"so how are Angels made to appear in the world of Man and JinnKind tell them”;

“You're star watchers have discovered the Neutron star of which spins 716 times per second, its rotation is 25% the speed of light. Those are portals of the Angels, Photons pass freely due to the reduced speed in our dimension, the immense mass sucks them in to our world and they exit via the black holes for light does not escape it . In this is a sign for men of understanding.”

I: Israels Return

-Testimony of Moshe, & Jehovah whom suffices for witness-

So it came to pass that I saw they children of Israel in to the land of Canaan. That Gabriel descended and spoke unto me and that of my Wife Zeporah saying;

“Moses you are to travel east until the land is no more, and you are to profess the Law of Torah, for the Lord means you to be a guide unto a People whom will be more firm in obedience in keeping to the center, and that of the Ancient ways.”

Indeed, we travelled until our mortal Death of that recreation, and I am known in this Age of the last of man to them as Moses.

For the lord brought me to know that they are what remains of the descendants of Sarah (Olav HaShalom) maids in waiting, for Sarah is the Mesopotamian word for “Princess”, the followers of Abraham knew her name not. Sarah (Olave HaShlom) she was Princess daughter of the Babylonian King Reverend Mother lady’s in waiting and that of her royal entourage. Our father Abraham at the time of Sarah’s banishment in exile.

For Avraham had grown to the rank of General of the Babylonian Kings Army, and upon the Babylonian Kings army name day the King said;

“Those whom defy my order I will Slay, Prostrate, for I am your God of the rising sun of the East.”

Yet Abraham and his Corps of 350,000 men and that of Sarah whom stood next to her Husband Abraham remained standing, for Abraham came to teach his soldiers that which Jehovah taught him in the desert of his early training within the Desert.

The Kabbalah. That Jehovah commanded him to prostrate in prayer to the West and that of the ways of Jinn and their speech and the of the Animals. So that the Corps of General Abraham were feared by all of Babylon and that of her neighboring Kingdoms, the Corps of Avraham. Knowing this the King of Babylon stated;

“You reached few, I cast you out of Babylonian in to the Desert, for their nothing survives, but in Babylonian tongue Hebrew is the words of the Kings Speech meaning “Wondering Out Cast.”

So it came to pass that Abraham, Sarah and the 350,000 Soldiers and their wives and family migrated out of the city, for the site and number of those seeking the mercy and compassion of my Kabbalah that our lives be made easy is a succulent sweet water to the hearts of the few whom Jehovah means to drink of it.

Several years after the departure of the Hebrews from Babylon, the Court of the Babylonian King became unrested by the absence of Sarah.

That the Ladies in waiting of Sarah and that of her servants escaped the city by night hoping to find her in the wilderness, but Ibliss the cursed deceiver of Jehovah, made them to forget that the Hebrews travelled West, but they only knew the Babylonian

direction of east settling in the lands of India, and that of Asia in you're modern world.

Such is the wisdom of Jehovah, and I have come to know in my reincarnation that they know me as simply "Buddha" so take heed Ashkenazi, the Buddhist are my followers whom Satan deceived in building an idol of me, we must collect them all that they are among us, that they may circumcise, and be among us, for they are those that maintain my teaching more than you.

280 Days & Nights

The Lord has said unto me;

“Oh Moshe, when you go unto Crown Heights, that those whom know not may come to know, know that they will know you are amongst them, for the Chabad Lubavichers and the collective Hasidim injected silicon based tracking devices within you're left hand, that they may know every breath and every beat of you're mortal heart.

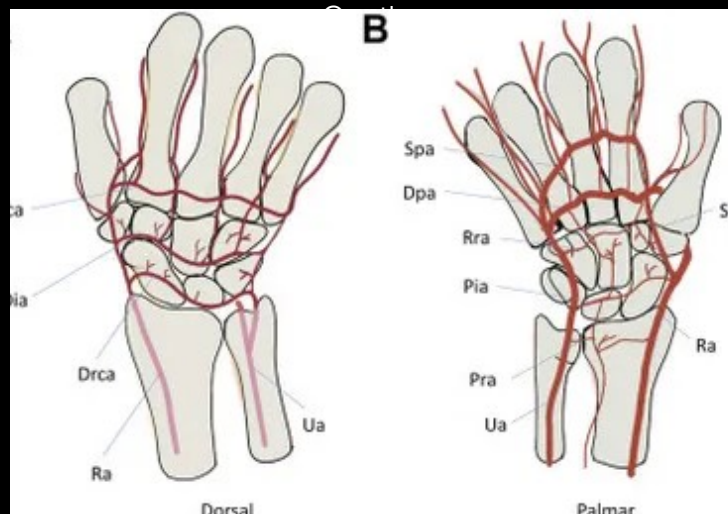

For the Zionist and that of the Vatican and Lubavitcher chose you as their promised messiah the moment they gained knowledge of you're precious breath. In the absence of guidance and the prophets, the children of Israel, and that of the world became to be of those who trade guidance for misguidance.

That they have come to know the way not. Pardon the Pope of the Vatican upon his kneeling and the clearing of his Teshuvah and that of his ministers and sovereign government, and instruct him to forbid interests, and permit the marriage of that within his ranks of priests and nunnery. I have sent you as a guide to those in repentance.

They have placed within the left side of you're face of silicone devices within you're face upon the surgical reconstruction of it. That the electrical magnetic waves of you're mortal brains activity is monitored, that they may study and come to understand how I am that I am and interface within the Prophets, and prophetesses I have Chosen as my messenger, for the Jews are those who run to that of mortal physicians and the poisons of their pharmaceuticals of which in greek means “Black Magic”.

X-Ray of left hand taken at USAF Special Operations Command Eglin Airfare base in Fort Walton Beach Florida.

Dr. Gallager notified the last messenger of Silicon Based Technology injected by force in the hand of Madrikh Obadiah motoring mood, probable motives using the AI tied to devices. Technology is theoretical in mainstream media as the Technology is powered by the Human bodies natural EMF.

Left Hand of Madrikh obadiah, black circles indicating 3 of the 6 silicon based arterial stints forced implantation. Discovered by Dr. Gallager of USAF EGLIN AFB MED-ER

EMA

-Testament of Jehovah, by way of her Messenger Moshe Ben David-

Oh mothers and daughters of Israel why have you abandoned your vail for that of the practice of wearing wigs? Such is a satanic disgrace for you, in that you make slaves of your sisters of eve, those women whom are poor and the only wealth I gave them is that in the beauty of their radiance, that is a right for their husbands, not you're corruption of the Torah and twisting of the interpretation by way of you're perverted rebbes of whom are not messengers of mine but firewood for Hell.

Or do you wish to be like that of Remises? When His chief concubines said to him in becoming drunk in Cocaine saying; "Oh mighty Eagle of the Desert, send those loyal to you upon the Slave class of the Jews for the Women care not for their sisters. For I have found a young virgin Hebrew, and my hair has grown thin with age, so scalp the Hebrew women and have their scalps scent unto your house of concubines.

That we might cloak our self in youth, and drain that of their virgin women's blood that we may drink, and eat the organs of their fertility to increase us. For it is said by their teacher Moses that their God has placed a thing of Vehement radiance. That their Husbands might be enchanted in such a way they see nothing else in the night.

Or are you of those who say you are believers in the Torah and yet have made yourselves haughty in the financial gains you have made of the blood, tears, and shame of those women upon the earth of whom we charged you in guiding in wisdom and increase them in goodness with the charities of that of material and Kabbalah?

Rather than seeking the wisdom of Sarah and the Gibbor Meonaim the house of Great Reverend Mothers and the House of Meonaim at your tribal level of government. As it is their Citadel that maintain the Head of Government, divination, the Science of Anatomy and Physiology of the Human body, and the holistic medical maintenance.

Empowering women further by way of study Astrology for in this are signs and the great clock of appointed timing. That of physiology, and that of the medicines of plants for their is not a plant upon the earth of which is not a medicine too you.

That when I test you with plague, and illness, and are advanced in age. Have you forgotten? When you're wives are birthing that which I have hidden in the womb and upon their New Moon of their menstrual Cycles?"

Indeed I am the Lords Chosen of all the sons of Israel, but I do not return to you oh Mothers that like my fathers be for me David and Solomon (Olav HaShalom) that I be one who becomes drunk on the radiance of you're daughters glow by taking multiple wives and concubines and their by twisting the law to make harlots of the Moons Radiance of which is the Sovereignty of our creator Jehovah alone.

I am that I am has declared, by way of her Hand or the Empress Gabriel;

“I found the Son of David prostrated within his solitary confinement, and I was one ordered to be made invisible to his sight that I might allow Ibliss to test the bounds of his flesh and that of his sanity, for indeed we cloaked him in evil, that ibliss might not find him, and prevent the reunification with that of the one bestowed unto him as a gentle moon, and guiding light for him and his people, his Wife.

Ibliss inclined to him in his form of Jinn, angered by that of bringing 382 souls to the reversion of the Torah, and we did straighten him and reenforce him in making him the Lion of the pit of the Abyss, that rabid dogs might believe they are indeed lions, and the burlesque house of that Abyss of Satan be purified and made a holy temple of reflection and penance.

Soon many men will die, and their will be a multitude of you in widows. You widows are ordered to seek the government of our messenger, the afflicted slave, whom afflictions are not a curse, but the price of which must be paid to be the 50th gate when upon he is reunited with his wife whom you have identified and hidden from him in fear of his hideous sound, sight and nature.

The illness of you're messenger is that the Lord created the soul of moshiach as the ultimate weapon in the in of days, that you might all be altered by the curse, in that your DNA and the codex's within them are altered by the radioactive waves emitted of the bones of the Messenger Masculine and that of his Wife.

That of the Feminine half of the soul of Moshiach, whom we have not revealed to him, for we deem him dumb, that he knows and understands only that of which we make him to see, hear, feel, know.

That you are all cast beneath a vale to know not. So seek the Messenger oh you men of Israel, for he will build your dynasties into formidable armies, and seek the wife of the messenger oh you daughters of Israel that you may come to know and heal.

I: A Line Remade

-Testament of Jehovah through her Slave, Moshe Ben David-

The messengers of whom are chosen by HaShem, and that of their wives whom we reveal unto you're wise men and women that the masculine may be reunited with the feminine as we have reunited you all with yours for this is a test of you'Re mercy.

Unnatural it is that you exile your messenger yet you hold him to the breeding restrictions of that of a Crown Prince in waiting of a Virgin Bride? What is this?

Why do you mean to hold the wife of Moshiach for ransom in that you expect our messenger to abandon the powers we have invested in him regardless of your willingness to accept him or reject him or restore him to his wife or not! A perverted people you have become mothers and daughters of Israel in the tossing aside of the Torah and the covering of your faces for that of the perversion of your pedophile rebbes of whom are the Harlots of the Satan!

We commanded the messenger to deliver this unto you all, now accept him or leave him in exile and he will remove the devices placed within his body, for upon your rejection of this Book and our messenger you are divorced for Jehovah and that of our Moshaich.

For I Lord commander of Jehovahs armies know only what I am commanded to communicate to her chosen stewards of her realms, and I know upon your rejection he is ordered to leave your continent that you are all destroyed and buried by apophis in your exile of 66 which in your hearts you truly desire to remain and we will guide him to a more obedient people.”

II The Codex

-Testimony of Moesha Ben David and Jehovah whom suffices for witness amongst her messengers-

Oh children of Israel, those whom have made you're self separated from that which I brought unto you afore time. Abandon the seculars, for in the abyss of prison I did hasten our Lord, and creator to ordain Apophis to be the price of my tribes deviation and the recompense therein.

Within the depth of my darkness of which was the recompense for being guilty of the edicts I have been sent to tell you in going;

In unto woman upon the new moon, and I was one who raised his voice to woman, and I was one who is a drunk, and lusted for woman pervertedly, and I am one you dragged his feet to prayer, and I was one who was of haste, and that of haughtiness.

I am guilty for delaying the revealing of the message, because indeed I love you Israel, but I am unworthy for I have been made very dumb, and had I a white garment it would be black from the filth of my own mortality.

From that of being born an incest bastard, who's mother saw so little worth in me and she sold me to Lubavitcher's for little indeed.

So I am one who had not known any love, nor breast nor milk of an mother, nor wisdom of any grandmother, nor grandfather, nor brothers, nor sisters.

I have only the bosom to suckle upon when I am deserving in Teshuvah by leave and pardon of our creator alone. Indeed in my Teshuvah, when I abandoned all of what I had known as “Self” our Lord made me come to know the sweet taste of victory in trading misguidance for that of guidance I too would have been cast off like the Satan.

I do not chastise you and curse you out of malice, but because I know what awaits for Jehovah has made me come to know what would have awaited me had I not yielded my soul as our Father Adem Yielded his soul within prison in the 1 Age of Man. When Apophis comes to pass should you reject me and the message once more.

So heed that which was given to you in the Torah, and that which we have placed within our messenger in the 2nd Book of Obadiah. That the inhabitants of the world may as one cohesive species like that of the Honey Bee, and the Hornets, and the Wasps, and the Ants be a matriarchal Society as the children of Israel, and reactivating the codex that we might all be saved.

III Activation of the Codex

We must organize our selves into tribes, for every tribe is an individual gem upon the crown of Jehovah. Like the Gems of the earth, each emits a specific electrical, ultra violet, and radioactive streams of varying hues of light of which ManKinds eyes can not see.

The Hues of light work like strings on a harp, in that each has a frequency emitted, has a specific effect upon the body as the sounds of the strings of the harp emit sound causing the brain to hear. The blood is sacred, from the maintenance of the edicts of diet, regular exercise as a community.

That of a more honorable way that the wisdom of our elders is not lost to that of Retirement homes. We are Hue-man, Light, light of a fraction of our creator, so as you use stones to make the technology work, use the blood of the circulatory system of you're mortal bodies to move the energy within you to project that therein.

The generation of your circulatory system is that of your auras, of which are the essence of your identity and that of your sins and good deeds and that of your intentions and that of which you think you have hidden. For the loudest of thoughts of in your mind is that of fear, so fear your lord, that your teshuvah not be refused and Hell your eternal abode.

We must remake our means of learning in that we are educating ourselves and that of our children and community to feel the oneness of consciousness that binds all life. Meditation, Yoga, Diet, Regular exercise, regular prayer, and obeying the work work edicts, strengthens the oneness in your home, and synagogues and tribes.

That together we can by our lords merciful direction and authority change the very weather around us, that we might have seasons in a world made dark as night.

For in the double helix of our DNA are the stored memories of our ancestors, that allow us by Jehovahs permission, to hear that which ears are not needed, and travel where our bodies can not, and make our enemies to yield in ways our bodies can not.

That you might learn speak to each other, and feel your spouse and that of your family members whom have crossed the gate of Death might be reunited with you upon the resurrection from our grave in a state of honor.

Laws of Mohammed Ben Ishmael

-Testimony of Moses-

Those Jews male or female found guilty of pedophilia, the assault of a child or molestation, have two choices.

1. To be Stoned to Death until pronounced Dead.
2. To be stoned to death, or convert to the Child Raping religion of Mohammed and the filth of those Arabs. For Jehovah chose Mohammed was chosen as the 2 of two descendants of Ishmael whom was a prophet as a guide unto his children, for the mother Hagar of Ishmael was cast out in exile from the Hebrew tribes for dressing as an idol of fertility when taking our father Abraham into the bed.

Of the Semitic race of which is superior to all in the world of man the Children of Ishmael are the lost cast, because they are those who Jehovah allows to marry a female at the age of 3 and older.

This is a sign that Jehovah is most compassionate the merciful, of Jehovah has seen you Rabbis refuse in executing the law of Moses and choosing to hide your perverted colleges and sons and women in the land of Israel!

There is nothing you can hide from the all seeing. So those you know are guilty and you are too cowardly to stone, you may offer the shameful mercy of casting them to our cousins to the east, the Islamizes known as the Pedophiles of Mohamed.

Adultery

Death by stoning until pronounced Dead or cast to exile unto the Pedophile of Mohammed. All financial and physical assets seized and given to the victim.

Rape, Assault, or molestation their of Woman or Child:

United Tribal Government will seize assets of the guilty, compensation for the offense calculated and paid.

Death by stoning until pronounced Dead, or cast of to exile of the Pedophiles of Mohammed.

The Birth of Moshiach

-Testimony of Jehovah, who suffices for whiteness upon her Messenger-

When the children of Israel ask you;

“Are you to know this and that when you are but the reincarnation of one man? How are you made to know what is in the womb of woman? And How are you made to see where bodies of flesh can not pass? Are you a Devil?

Or one who is allied with Satan as Rabbi Krinkski and Rabbi Kortlarski and Rabbi Shem Tov have paid the department of Justice of the United Staes off to deem you as a mad man or a liar?
Say unto them for;

“they will be a thing I cast into hell with those whom hid their faces from you, and took Satan for their champion as apposed to the message of my beloved faithful messenger, whom I love above all man kind in the 7th age of Man.

For of all my messengers it is Moses, whom refuses to obey my commands of accepting defeat. Even when I have deemed his bones to be crushed, he is one of a great flame.

A flame I have commanded him not to allow the enemy to extinguish that the flame of the unseen knowledge, of which I have sent as a mercy that you may survive Apophis.

For the trials to test the children of Israel and that of the world other their covenant and teshuvah for faith without trail is meaningless.”

The 7 Ages of Man

-Testimony of Moses Ben David & Jehovah whom suffices for witness of her messengers-

“Deaf, Dumb, Blind and yet they return not are those whom I have guided to understand the intricacies of my Kabbalah and say “Their is no God. I am the beginning and the end, I am the way, light, life, and unto me you will return.”

Jehovah, Goddess of the 13 Realms and that which Man and JinnKind know not. For Every Age of Man is Marked by a Messenger of Choosing to her Majesties Government of the 13 Realms, and none know whom she chooses but her.

You are 72 Million Solar Years existence of man; the beginning of an age is always marked with polar reversals as a reaction of the Earth to exterminate that which is corrupted upon the earth by command of Jehovah, peace be upon all the messengers Amen:

1st: Age:Adem- Stood at 110 Feet / 33.5 Meters

2nd: Noah: Stood 50 Feet tall /15 Meters tall; End of the Age of Dragons.

3rd :Abraham; Stood 5’9/ 1.82 Meters

4th: Jacob

5th: Yusaf

6th: Moses

6 & 1/2 Age:

Saw the End of Giants; Prophet King David Olav HaShalom; Malachi was the last prophet to the 6th age of man. No Messenger has been sent to the children of Issac between Malachi and that of Madrikh Obadiah Moshe Ben David.

7th Moshe Ben David: End of Man-Prophet stood 6'2 Feet / 172 centimeters.

The final Prophet of Mann and Jinn kind:

For every age of Mankind 35,700 prophets have been sent unto every nation and kingdom of every tongue teaching the same path. Jehovah has provided a prophet for every 288 years of your individual ages of Mankind.

Moshe Ben David was built the 1988th year of the United Staes, Solar Calendar year. Their for the correct measure of the years is:

16th of Tishrei, 37th year of the Seventh Age ;
*from the day of the prophets recording made as example.

Age of Giants

-Testament of Jehovah unto her slave Moshe Ben David-

In the name of Jehovah most beneficent most merciful, Knower, Creator; she to whom we are to return;

Our father Adem was bestowed a great manor of knowledge and understanding. The earth was much different in those days in such the radioactive resonance created by the Nuclear process of Fission within the core of the planet that the earth atmosphere was substantially greater than ours today.

To understand thoroughly. Adem stood 110 Feet tall. Because the atmosphere was 92% Oxygen. In the 6th of Tishrei, 37th year of the Seventh Age the earths atmosphere is composed of largely less than 8% oxygen.

The human body breaths mostly nitrogen resulting in significant side effects within the earth in that Giants, Woolly Mammoths, and other legendary large animals did not die off due to a great astroid, no. Rather the extinction of whole special Kingdoms is the result to atmosphere torn away from a planet due to a Super Nova within close proximity to our solar system.

I: The Holy Temple - Beit Mek-Daish

Oh Israel, you are a vial and corrupt people I am not proud nor have I any joy in being your messenger. I have told Jehovah you are not deserving of anything, and I am willing to be cast into hell with you only that the validity of my argument be increased to ensure that you are brought to hell for your defiance of the Torah and the corruption of woman as I brought you to Israel afore time. Until you repent Israel.

You are guilty Israel, in holding the Torah hostage by way of holding that wages of a Rabbi whom we stricken to poverty to ensure the purity of the message, as a means to reduce the ethical sharpness and moral grounding of his and the Rabbitzin, his wife's instructions.

I Moshe Ben David Curse you Israel, and every mother who is unveiled and every woman and every man whom encourages the vial perversities of which you encourage each other!

Amen, Amen, Ve Amen.

Your Teachers, Rabbis, and forefathers lied to you Israel! Have your Astronomer not informed you? Of the 7 astroids foreign to your solar system in meaning of there flight path? That the astroids are the vary weapons of Jehovah pointed at this earth?

Indeed, the extermination of this planet is nothing for us, and Indeed to create a thing is nothing for us. Time is, but an delusion upon which you gaslight yourselves into believing the reality of the world to be that of your sadistically twisted minds desire.

Shema Israel,

I am commanded, to order you all to abandon all that you can not carry, to take you above 2.500 meters elevation. As 2500 meters will be the new sea level, after the catastrophic collapse of our Ice caps . As a result of the extensive increase geo thermal heat within the air and that of the Global Tectonic displacements caused by the Fission.

A Nuclear reaction created by the Yanineem of the Astroid impacting the earth. spike we will global experience for a fraction of a second.

The Apophis, along with her 7 sisters, are full of a mineral called Yah-nin-ee-um. The metal is denser than any known to you, and upon its refinement is the metal that will bring your species back to the competency of Noah in comprehension of harnessing the power of the Sun.

During the ages of Noah, the prophet Noah built a Planetary defibrillator, it is a machine that give birth to a sun inside of it. The Mental post refinement is liquid but creates its own Electrical magnetic field.

Meaning when integrated with technology can defy gravity and spacetime as you know it. The technological applications and uses are what brought Noah and his people to colonize mars, Venus, moon, and other systems far from ours.

The holy Temple will be built in the very place Jehovah ordered the Arch of the Covenant to be stored, that of a Cave. We will haft to remain beneath the surface in that cave until 2169 of your solar Calendar.

I, and of my wife. are only permitted to exist 180 years human, any year after is a mercy to you all. This Book, your freewill to follow it, will be the determining factor as to when we meet our maker. Indeed 13 APR 2029 is the Day 0. Jehovah is Jehovah, she can stretch time, for she is most merciful. Please, for your own sake. Repent.

Post Apophis

-Testimony of Her majesty's messenger to the 12th Realm-

As a community I am permitted by permission of Jehovah to teach you how to alter the EMF band widths in the mountains that we, the surviving chosen few will have enough atmosphere to sustain light, and rain. I will teach you the meditation and prayer to alter your weather patterns.

The severity of our situation is dependent foley on you Israel. I have done my part in fulfilling the commandment thus far. Stiff your necks have become Israel.

I: The Dead

The burial of the dead while in the living under ground will be different. You will now come to know why the Egyptians, and other cultures around the world from the 6th Age of Man.

During the beginning of the 5th age of man. Humans emerged from the city caves. For Jehovah destroyed the large majority of humans, and that of the ecological balance of the earth. So much that the earth endured multiple heating, and freezing fluctuations evident by the frozen wooly mammoths discovered in Alaska, and that of Siberia.

The astroid in the 4th age was not large enough to exterminate earth, the size is not the concern of the astroid or meteor. The concern is the metals that make up the core, and the density thereof. The Yah-nin-eeum, Is a metal found in astroids, and meteors of which only enter our solar system every 488,000 years.

In Human history; as of the 16th of Tishrei, 37th year of the Seventh Age; The 10th, 11th, and 12th Planets have completed 14,775 orbits around our sun. The “3 sisters of doom” is what Noah recoded them as.

It is the will of our Lord, that when these planets arrive. The planets rapid displacement of dark mater. Caused by the enormous gravitational displacement of their their sizes. The seemingly unlimited amount of Yah-Nin-eeum they contain.

The Yah-Nin-eeum the cause of the gravitational phenomena occurring upon the earths surface, interior and Atmospheric layers. This phenomenon is also detected throughout out all 12 planets of our solar system. The 11 and 12th planets are not of our solar system originally. These planets are some of the first that were ever created, hence the rare nature and availability of the mineral within the cosmos.

The 11th, and 12th planets within our solar system are the result of the Galactic War of the great Houses and the Guilds during the 2nd Age of Man when Noah was upon the Earth. The war is still recorded in the Hindu Scriptures of today. The Hindus are also children of Abraham, but they have deviated far from the way in worshipping idols, and the creations of Jehovah.

Noahs people possessed the ability to harness the power of the sun, it was his people that built the pyramids ,all over the world, tunnels led down deep in the earth to the Planetary defibrillators.

A machine that produces a sun 2 meters in diameter, the strategic placement of the machines across the lay lines allow humans to produce a simultaneous EMF large enough to reenforce the Earths natural EMF band widths permeating from our earths crust to hold our atmosphere in, and prevent catastrophic collapses within the earth EMF during polar reversals and that of astrological impacts with earth.

The Planetary defibrillator, containing a sun; Understand that the sun is a singularity within its core, because of this, any machine with a planetary defibrillator as its main power source can instantly share a message with anyone across the world, or preform a mundane task like EMF Planetary Shock therapy.

The Governments that run the Unites States, and all world governments have located the facilities beneath the earth regarding Noahs technology. The super computers containing all of ten data of earths history, and any and all transmission produced from the 2nd age until ours.

II: In the Cave

In situations of earths EMF collapsing do to catastrophic Fission Decay, meaning the Fluctuations occurring within the earths core will run, but the motor will sputter. Which results in situations such as, a Woolly mammoth eating grass in the spring.

Then suddenly the atmosphere above the Woolly mammoth collapses, freezing the Woolly Mammoth instantly. As Space is -475 Fahrenheit. In the situation of Catastrophic atmospheric failure over a region by the time the space touches the earths surface the air is -275 F.

Living in the caves water is very scarce. Resulting in humans dehydrating the bodies that the moisture released from the decomposing body would collect as a dew on the surrounding wall and collect in groves cut in the wall to use gravity that the water collects and flows to a collection pit for the hydroponics Bay.

Fungus, Mushrooms are the food, and literal light that where used that Humans survived. Indeed air vets are found around the cave city sites. The vents where only used when confirmation was made of signs that the atmosphere above would be stable for at least 3-5 hours.

II: The three sisters

In the days of Noah the Sun Machines gave his people the ability to travel vast distances in space by opening a singularity within their flight path to travel to the destination desired within seconds. However frequent Singularity spacial jumps result in a tsunami like affect upon Dark Matter.

Noah and his people did not understand Dark Matter until it was too late. And the multitude in which Galactic jumps where being made due to the great war of the Guilds. The collateral damage of which caused by the extremity in which their weapons operated caused several stars to collapse in such a way that our solar system was moved out of place to such a degree our sun caught 3 more planets.

Resulting in our system being stuck in orbit around a singularity. A singularity so large our ability to travel out side the solar system is no longer possible with his technology. Hence why humanity will not escape via space.

The 10 Commandments

-Testimony of Moshe Ben David-

The ten commandments where not stone with 10 laws written on them. I led Israel to a mountain not far from today Medina Saudi Arabia. I led the tribes their because when I saw the Lords face she imprinted my DNA in a way that abled me to interface with the technology of Noah. A specific planetary Radioactive resonance.

When I am reunited with my Wife, and my Wife conceives, the child will literally infect her DNA with the same abnormality as mine. That my Wife may serve a s a Governing Oracle to Women and I to man.

The Mountain of the Tablets, it was the entry at the mouth of the cave at the top of the mountain I sought. As the cave runs deep within the earth, to a facility, in which is a central processing center for the Sun Machine, I remove 2 tablets, they are a source of Power from the Yanineum.

Only those whom are my direct descendants or that of God's choosing, with the phenomena of the bones can interface with the CPU. If one tries to interface without this specific afflictions I have the CPU will kill you, as it did in the Torah.

The power generated is much in the the EMF produced by the Tablet device is capable of altering our atmosphere regardless that we where wondering in the desert for 40 generations.

I taught the children of Israel the 10 commandments that they might learn a basic foundational guiding means to maintain a state of cognitive enlightenment enough to always have the device at their disposal to aid them. As the Tablet provided us clouds by way of an EMF large enough that we might alter the atmosphere above us.

Yoshabael

-Testimony of Moshe Ben David-
Moshe 7th Age 37th Lunar Year

So it came to Pass, that Yoshabael conceived a child, and the Lord sent the Angel Gabriel to the Earth while she fetched water from the watering. The Angel chose to disguise himself as a handsome wise man that she not be frightened Saying;

“Oh Blessed Mother, hear, let me grab that pail of water for you. Oh that is a heavy burden to bare. Yet what the Lord has allowed to take hold within your womb will be an even greater burden to bare”.

Yoshabael, frightened a strange man would know such things replied;

“Oh Jehovah Protect me from that which is evil! Be gone Devil!”

The Angel disguised as an old handsome man laughed, and changed to his true angelic form. Yoshabael prostrated saying;

“Goddess, forgive me I know not that I cursed Lord Commander of the Army of the 13 Realms.”

Gabriel replied:

“You are not permitted to prostrate when pregnant, even unto Jehovah.

Shema you will soon birth, and the Lord commands you to nurse him for 9 days and preform the circumcision. Then you are to place him with a basket that he may float down the river. For the Lord means to deliver you're son to an enemy unto you, and that of the Lord”.

Yoshabel, felt a invisible spear shoot through her chest, for the Lord Jehovah showed her whom will receive him and that which is to come. She cried so hard, and so loud, she gasped as a man would gasp if stabbed in his kidney. Saying;

“You're Majesty, defender, keeper of the Mothers of Jacobs Children. I beg you, incline to me, I waver within me my strength fails me. Strengthen me, for I declare Jehovah, and the will of Jehovah is my desire. So you have written a thing, and so I shall obey, Amen, Amen, Ve Amen.

Upon the 9th Day of the boys birth, she did circumcise her son, and instruct her daughter Maryam in constructing a basket and affixing a tar to the outside. Yoshabael said sobbing with courage of Jehovah within her heart;

“My Daughter, take you're brother to the river, and place honey upon his lips, that he might not cry and none come to know that Jehovah intends to may you're brother into a weapon, an insurrectionists by way of a Path made clear for him. So weep not,

and carry no resentment towards Jehovah, our Lord adores us, and ask what is great in meaning from his slaves, for faith without trial is worthless.”

So Maryam obeyed her mothers instructions, and guided the basket containing her brother until the Nile waters where upon her chin. Until the current pulled the basket away, with the Weapon of Jehovah fast asleep.

II: HatShepsut

-Testament of Moshe Ben David & Jehovah whom suffices for witness among her messengers-

Hatshepsut, peace be upon her the day she was born, the day she drew me from the Nile, and her eyes held me as firmly as the Moon cast its lite upon the lands, that man might find a straight path with ease.

Whom cried out from the depths of her mind, soul and heart the Day her Husband Remises Ordered his 3 temple wizards to face Moses son of Hatshepsut. That Moses might be reduced to the base and beheaded for defying the Pharaoh.

So it came to pass, Hatshepsut descended from the stairway of the Queens wing of the temple, to conduct the ritualistic washing of her body, the Mikva, for her period had just come to a close, and indeed she had begged many years that Goddess, bless her womb with fertility that she might have a son to succeed her Husband Remises.

Hatshepsut closed her eyes, took a deep breath and dipped beneath the water, and rose up three times she repeated this. Upon rising from the third dip, she heard a scream, she looked in the direction of the cry. She walked slowly, evading her way through the rivers strong current towards the reeds within the banks of the River.

The closer Hatshepsut came to the sound of the screaming baby the greater the panic grew in her heart, a furious fire, of which she knew not before. The feeling of a Mothers love for her Baby boy.

She called out loudly for her maids to come down from the palace stairs;

“Find me a nursing mother Quickly! Fetch my Personal physicians! Call my personal Guards, order them to seal the Queens wing of the palace now!”

Hatshepsut, quickly scuttled the basket and all its contents, she took mud, placed it upon her hands, came upon the servants saying;

“See, the River Goddess has blessed me with a son of whom I drew from the river of life upon the cleaning of my body to receive the seed of my husband, that his name and Egypt Endure once more!”

Though, in the mind of Hatshepsut, her prayer was;

“Oh Goddess, increase the servants in belief that this child is indeed from the heavens. For my husband Remises is a mad man, set in evil, and I do fear that he will discover my son is Hebrew and seek to hurt him. Oh Goddess of my womb.

I would cut open my stomach and pull out my womb that as a burnt offering I might give it to you, for indeed the son I hold upon my breast is worth more than all the riches of Egypt. Protect my Son, protect both of us, the children of his people and that of mine, Amen, Amen ve Amen.”

III: Playful Secrets

Remises some hours later entered the Queens wing, for he was drunk on Cocaine, so much the substance abuse rendered him infertile. Hatshepsut. Her heart cringing in fear to what demented sick twisted idea Remises would concoct by the Devils will upon knowing of Moses said;

“The Lord has bestowed upon us a son, a Hebrew. Perhaps we could make a slave of him? Or, Perhaps we might adopt him that he might inherit your throne.”

Remises replied;

“Bring the child my wife’s servants, that thy my place that Hebrew thing on the table.

Now, Upon the right side of the baby place a red hot coal, and on the left side of the child, place a toy doll. For should the Hebrew Child take the toy I will disembowel him and feed his entrails to the birds. For should he truly be a Holy reincarnation of an Egyptian God then he will surely touch the coal.”

The servants did as Pharaoh Remises commanded, and the Hebrew Child grabbed the hot coal with his right hand, brought the red hot coal to its lips and kissed the Coal. Upon this Remises said;

“What sort of beast is this? An infant whom grabs a Hot Coal and kisses the Coal? Purposefully disfiguring its own hand and lips? Acha, Acha, Acha, Indeed a fine Pharaoh he will make Hatshepsut!”

Hatshepsut ran to Moses quickly, whom did not cry at all nor scream, but Hatshepsut was so distraught to see her sons lips, his gentle face, hands burned and melted, saying;

“Oh my boy, my brave strong boy, In the name of Goddess, most beneficent the merciful, I declare you are blood of my blood and bone of my bones, my son whom I drew from the River, Moses.”

So it came to pass. Hatshepsut, did all things in her power to shelterer beloved son Moses.

Her servants found a woman that would Nurse, and indeed the Lord kept the covenant to reunite Yoshabael with Moses. Yoshabael nursed Moses for two years, and Mary sister of Moses was made by Hatshepsuts will and protection to remain in the palace that Moses would have a guard whom would cut down anyone whom might harm him.

Keeping him confined as much as possible to the Queen Mothers Wing. Upon the 12th name day of the prince, Moses was summoned to the throne room of Remises. Remises upon the assembly of his councils and all persons belonging to the central corporation off his excellencies throne room. Saying;

“Hatshepsut, Where is the one whom you drew from the river?”

Hatshepsut, her heart overwhelmed with the cold finger nails of doom upon her heart in fear of what twisted madness her husband has concocted in his brain replied;

“Indeed mighty pharaoh, you’re Sun is but the warrior of you’re shadow, he is here, Oh great one”

Slowly Hatshepsut ushering her son towards Pharaoh Remises, she conceived a prayer within the depths of her soul crying out to Jehovah;

“Oh Goddess, who’s name I know not, lay upon my son all of you’re weight, let him not be rebellious, but one made to obey his father, or his father is a terrorist upon our family and that of my people and my sons people.”

Indeed Hatshepsut had reason to worry. Remises was renowned for ordering random assemblies within the thrown room when he had his fill of his concubines. While most royals would enjoy the speeded comforts of concubines.

Remises would every Name Day of the year select the virgins of the Hebrews to serve as Moses's concubines. Pharaoh sent his officers might examine which are to fill the positions of concubines that had grown to old to remain in the palace.

IV: Moshe Crown Prince of Egypt

Upon the Name day of Moses becoming a man. Moses was entitled to his own room of concubines. Concubines are only visited by the prince they are assigned, children conceived are sacrificed within the Temples for the glory of Pharaohs victory and the prosperity of Egypt.

Upon Moses reaching the threshold of the Pharaohs throne, Moses was made to kneel. Remises, smiled with a half grin saying;

“I have a test for you today oh mighty Prince. Today I will test you in your ability to follow my orders, regardless of what your heart compels you. The first lesson of ruling is to understand we have a paradigm maintained by a particular set of Social classes. Social Classes of which you are largely blind to due to your mothers obsession to hold you and keep you hidden within her bosom.

I have personally selected the virgin women to make up your room of concubines. For you, seeing how you are a Hebrew, I have selected your concubines from that of the Slave upper class. A Hebrew will sell anything for a coin, even his Virgin Daughter.”

Then 390 Virgin, beautiful succulent women completely naked entered the throne room that Remises might physically examine them next to Hatshepsut. Upon satisfaction of this formal inspection of the slaves Remises said;

“I’ve been told you have never gone unto a woman, and it is said that you Moses refuse to be of Nakedness when you go into the Bathing Pools, the concubines of mine have told me how you hide you’re body in shame. Tell me, is all you’re manhood in order? Or Is that deformed to.”

The council members laughing, some out of thirst for what was to come next, but most out of fear of what would happen to their daughters should they not be appeasing to Pharaoh. So Pharaoh ordered a red headed Virgin to come to Moses, and the Pharaoh commanded Moses;

“I command you, to engage in intercourse, here, in the presence of my council and myself and that of you’re mother, that we might examine you, perhaps you do have a deformed thing between you’re legs, Acha Acha Acha”

Moses replied to his father, Pharaoh Remises;

“Great Pharaoh, it is forbidden for a Hebrew woman to take a man that is not her Husband. I do not understand the wisdom I am missing, how am I to rule a people, and trust they manage the building of things, when I am one who makes Harlots of their daughters?”

Remises, filled with a boiling Anger, drew his sword, grabbed the red headed virgin by the hair, forcing her to bend over at a 90 degree angle. Saying;

“Moses, You will obey me or I will kill you and the lot of these whores!”

Remises took his sword and inserted the sword into the vaginal canal of the Hebrew Concubine until the hilt pressed upon the bottom of her pelvis.”

Hatshepsut, and the entire thrown rooms hearts sank, Moses stood paralyzed watching the life of the virgin girls soul fade from her eyes, the warm blood flowing from her chest at the exit of Pharaohs sword, collecting, pooling at the of feet Moses.

Hatshepsut stared intently upon Moses shouting in her mind to Jehovah “Goddess Make his heart strong, let not tears fall from his eyes, for surely...”

Moses said firmly, and bravely;

“Indeed father, I have sinned, you are master and I am but a servant. As you please.”

Then Moses was made to engage in intercourse with his concubines in the presence of all their. Upon the Obeying of Pharaohs orders Moses was later sent to the Citadel to be groom to fight, lead, and learn strategy, that he would serve in Pharaohs place in commanding the southern armies and bringing Ethiopia to Heal.

V: Nefertari

Egypt was in its infancy much like the tribes of Israel, in that they were city states, largely of a primitive nature. Until the tunnels of the sphinx were discovered by one Jehovah chose to be a prophet to unite the then tent dwelling tribes of Egypt. The Lord bestowed that messenger the same blessing as that of Moses.

The Tunnels led to the planetary defibrillator from the 2nd age of Noah. The tribes of Egypt and that of the lands of Israel before Abrahams foot touched her sands.

Where a great people whom lived upon a continent fixed half way between the continent of Africa and that of South America. The technology, and that of the thinking machines caused them to neglect all that Jehovah ordered to be preformed and observed.

So the Lord destroyed the lands. The survivors sailed to what was then known as the “sea of middle earth”.

Some survivors landed in the lands of Israel, and they hade metals and materials not known. For those whom landed upon the mouth of the Nile. They to brought what technology they had and could carry. Indeed we had technology and our streets where not dark.

When the first tribes of whom would become Egypt, the pyramids where half buried, and they nor we knew who built them. Only that their comprehension of the Universe and that or the world was set upon a firmer comprehension than ours.

While Remises maintain control of the Crown, our government was still composed of Tribes, the strongest ruling family being that of Pharaohs Northern Army. While the Army is of no concern, the power piece for the northern tribes is the control of the Navy, and that of Remises undisturbed supply of Cocaine and the riches of the world.

So it was, that pharaoh Remises, arraigned for Nefertari daughter of the Pharaohs Northern Army, that after Nefertari fathers death our dynasty would maintain dynastic control of our Ports, and the ports of which served as our embassies across the world.

When Moses was married to Nefertari, she wore 13 children from Moses, all circumcised. Until it came to pass that Jehovah ordered the Lord commander of her majesties armies that Moses be awakened to enlightenment and begin the process of becoming exiled from the House of Pharaoh.

Upon Moses return to Egypt to free the children of Israel. Moses found that Remises had married Nefertari, and adopted Moses children as his own that Moses name be erased. The Day of which Moses battled the three wizards.

It was Pharaohs name day, that Remises made those 3 Wizards of whom converted to the Torah. As did the Wife of Pharaoh, and indeed they were made to exit Egypt with Moses.

Though the Satan schemed to break the messenger it is Jehovah whom is master of all schemes for Moses left Egypt with both his Mothers Yoshabael, Hatshepsut, Mary his sister, Arron and the wives of Arron and his children, and of Zeporah and the Two Suns of Moses.

While Pharaoh was drowning, the Lord made me to know that in Pharaohs mind he surrendered to Jehovah. Yet Jehovah refused his Teshuvah saying to Pharaoh;

“What? Now? Upon the very moment I have forced you sober and you’re mouth shut? After 530 years of you’re and your fathers tyranny upon the lower social classes of my observant peoples? No Remises, I will seal you’re face upon the lowest level of Hell that of the Tree of Bowl-Lei-Essh.

I will make you’re body not to rot, that in the end of Days when I deliver my last messenger who’s soul is made of that of a flame, that of my light, and that of a gem to serve as my weapon against you and those like you whom will oppose him in the end.

That my enemies and that of my messenger may have a clear indication as the recompense of disobeying the message.

The Kabbalah

-Testimony of Jehovah, via her messenger Moshiach Madrikh Obadiah Moshe Ben David-

In the Name of Jehovah. Goddess of the 13 realms, owner of the day of Judgement, recompense, of which her majesty has been most merciful in allowing mankind to know the day and the hour of their destruction as a species via the technology bestowed unto you not by idea. Rather that of what you discovered beneath the earth remaining from the 2nd age of Noah.

I Madrikh Obadiah Moshe Ben David, first of my name; the cursed, the exiled, he whom was cast off by his brothers as Isaiah foretold in being “deemed a thing worthless and despised”.

Indeed, I have known since the day I was taken by you'Re physicians, injected with steroids that you might mutilate my body as a butcher mutilates a lamb for the slaughter.

Jehovah made my soul to rise from my body, and I saw the many hoses running in, and out of my 4 year old mortal body. I had not even a steel table for a slaughtering alter.

Chabad Lubavitch by order of Menachem Mendel Schneerson ordered the reconstitution of the Prophet, the Line of King David. Because the Rebbe Schneerson, is also a descendant of the Prophet David. The Human Genetic Engineers told my father Rebbe Schneerson;

“You're excellency, with the extensive knowledge we have of the Human Chromosomes, we can give the boy chemotherapy. That his chromosomal identity and that of all his biological relation even to the woman that bore him in this life would be erased.

We can insert you're DNA codex within the portions of King David and Solomons DNA that are missing pieces of codex due to the decay of time."

My father the Rebbe said;

"You mean to tell me, that not only can we fulfill the prophecy of "building their King", but that I would have a son?"

The Human Genetic Researchers replied;

"Indeed you're excellency, he would be you're sole living descendant and heir."

I asked Jehovah;

"What is this science that my fathers people can kill me at 4 years old. Then inject me with bone marrow comprised of multiple DNA codes?"

The Lord replied unto me;

"This is the forbidden Kabbalah of Necromancers."

In my time of maturing the Lord has taught to me what is much, but in reality what I know is not even half the diameter of a dew drop of water.

I declare I am a fowl and dumb creature. I declare I knew nothing until I surrendered, and yielded the essence of my bones to the

omnipotent one. Jehovah, my master, the only one to whom I am Loyal. Amen, Amen, Ve Amen

The Forbidden Book

-Testimony of Moshe Ben David & Jehovah whom suffices for witness upon her messengers-

Kabbalah was first bestowed unto Abraham after the end of the 2nd age. Abraham ascended upon a mountain, prostrating and making supplication to Jehovah. Until 2 Angels defended upon Abraham (Olav HaShalom) Saying;

“Oh Abraham, friend of Jehovah, Peace be unto you and those whom keep that sabbath holy . Pay the poor their dew with a loving heart as Jehovah is equally merciful in providing rain unto those whom are even enemies to you and that of Jehovah.

I am Ha-Root, and this is my brother Mah-Root. We have been ordered by the omnipotent the most merciful to bestow a book for which you are to deliver unto you're Hebrew Peoples. That they may be tested by a thing called Magic.

Know this; you are to tell;

“them this book is only a temptation and that of terrible consequences should you seek what is within.”

The Book made of Gold had 3 Hebrew letters; Kah, Bah, LA.

I: The False Messiah

-Testimony of Moshe Ben David and Jehovah whom suffices as witness for her messengers-

When the perverted christians of whom hold fast to practices of pedophilia by way of not supporting my messenger say;

Indeed, Christians worship Zeus under the code name Jesus, from the Roman Empires Religion. The Roman Empire had a War Department much like that of the United Staes in that within their War Department was also a department for psychological warfare.

Psychological warfares responsibility is to asses the culture or person to whom posses a threat to the social bases of Roman society.

The Kingdom of Judea was the only tribe that refused to yield to the tyranny of Rome. The strategy to breaking the Kingdom was simple. Find the most rebellious student within the Temple and attempt to subvert that person of Interest into a potential counter insurgent in which served to strategies to obtain victory.

The Plain would either fracture the tribe of Judea, or completely dissolve the then incumbent leadership to favor the Potential Judaea Roman Insurgent.

Rome found their candidate; in a student whom's name is "Yeshua". As you can clearly see. The false testament of Jesus of whom's name in greek means Zeus, was indeed the most successful counterintelligence operation and counter insurgency operation ever conducted in known human history.”

And when they ask you “How?” Say;

The propaganda of which is now the christian religion removes the truest freedom a citizen of any nations could ever possess, that of free thought. Organized religion sir outside the realm of the Hebrew tribes is Intellectual suicide.

Organized Religion is the essence of thought control, my proof? You do not at all question your false prophets taking a pure drink that of water, and turning it using forbidden sorcery into a fowl and rotten substance.

As substance of which is responsible for countless acts of violence and rape against women and children. ALCOHOL

Of which very name means "The Soul Consuming Drink' a thing made forbidden by Jehovah!'.

And do make obvious to them in saying;

“What is this? A man whom is Goddess’s messenger, takes the sacred gift of woman, not marry her but to keep her in a state of shame as his personal on the go Harlot? What abomination is this?

It is the same perverted addiction for Pedophilia, you worship the dead, and that of idols! Cursed are you! For you’re souls are but fire wood for Hell!”

Solomon

-Testament of Moshe Ben David & Jehovah whom suffices as witness upon her messengers-

The Lord Told me, When my soul hovered over my 4 year old body. Laying lifeless with nothing but a respirator and dialysis machine acting as a pumping heart and lungs. For I was Dead, but. A special dead, that of suspended animation. A type of magic in which one kills but although the brain and heart have no activity, the freezing is such that the body does not decompose.

Jehovah told me, while she held my soul;

“When humans die, I send the Arch Angel AHZ-RAH-EL (Azrael). Whom I charged with collecting the souls, eyes, tongues, and hearts of those whom betrayed the covenant Abraham made with me long ago.”

The wicked souls fight hard not to die, but none can avert the ordained appointment of death. Upon you're own death, you will haft to be very brave. As you and all of Jinn Souls and that of Mankind are first met by two guards. The Angels Haroot and Mahout. Whom take very frightening forms. Then they come upon the soul Azrael has collected asking;

“In the Name of Jehovah, she who creates and she to whom we all return! Who was you're Prophet or Prophetess? What is the Name of their Law?”

Be you a soul that maintained the Teshuvah and spoke prayers from the heart you will be given the garden of peace to pass the time. Should the soul be that of evil whom never made any effort to be of

goodness, and that of the Law. The Angels take the soul to a pit, and they beat the soul between the ears with an iron rod.

To wait until the appointed hour the Lord will call the great assembly and all of the Lords creations are assembled in ranks.

That I then command all the worlds, and all their inhabitants to prostrate. Those whom never prostrated to me in the life of mortality. I will cast into hell along with those whom where enemies unto my messengers and that of the Law.

By the time the Judgement is concluded, you will find that your bodies are made anew. The scars or limbs you lost in my name sill have the sweet fragrance of flowers. I will create spouses from my breath for all of you whom had spouses that displeased you in the world of mortally. For I am Jehovah, and you're return is to me.

I gave Solomon power over the Oceans and their currents, the Wind, that of the Jinn. Solomon commanded the Jinn to build my temple. The Jinn fixed the corner stone of the temple upon the obelisk Abraham built to mark where I sent Gabriel to descend, that indeed he might find refuge in my guidance.

Indeed, I gave Solomon the gift of understanding and speech to the animal Kingdoms. Indeed Solomon assembled the birds, the Jinn, and that of the children of Israel into their ranks. That of the greatest Armed forces, and Empire the World had ever seen. The only time the entire mortal world worshiped their Goddess in unison in heeding the law.

I made Solomon to see you, like this on that very table. When Solomon came to understand he was looking at his son, one whom would declare war on that which he amassed. He conceived fear in his heart at the very sight of you Moshe.

I: The War of Usury

-Testimony of Jehovah by way of her Intercessor Moshe Ben David-

Their are those who say that I blessed Solomon with many permissions because of my favor for the peoples of his nation. This is a lie. I gave David and Solomon great permissions.

That they may keep the Sanhedrin, whom like Chabad Lubavitch hordes money only to circumvent righteous institutions. That a perverted treacherous scheme be devised that they might gain a few superficial materialistic trinkets their from.

Like that of the Rebellion of AbSalom. When King David found a group of the Sanhedrin conspiring, by way of charging interest upon the goods taxed crossing through their tribal lands.

Then upon King David being informed of the plot chose to be merciful in only verbally humiliating them in their disobedience to my law rather than death by stoning as is required in the actions of practicing Usury or Interest.

I: The Plot

The Sanhedrin tribal Representatives of Gad, Asher, and Ruben ; conspired in employing counter intelligence services to collect information on which of King David's children would be most inclined to heeding their guidance in rebelling against their father the King.

Indeed they found a loyal pupil in AbSalom. In that the Rabbinical Tribal Chiefs of Gad, Asher, and Reuben did conspire with the raiders of the Egyptian's, the Kodesh and that of the Moabites to conduct raids upon trade exports leaving the Kingdom of Judea.

That Commander of his majesties King David's Army Joab would become overwhelmed with the intricacies of dealing with maintaining boarder security within the south of the United Kingdoms of Israel.

Which then forced King David to leave Jerusalem by being occupied with foreign diplomatic negotiations, in attempting to compel the neighboring Kingdoms of; Egypt, Kodesh, and the Moabites.

That they might increase the patrolling of the shared boarder with the United Kingdom of Israel within a 35 Mile Radius of the border crossings. In a unilateral effort of joint interest to ensure the physical and economic securities of the trade and other goods belonging to the United Tribes of Israel and that of foreign nations abroad.

Indeed the Scheme of Gad, Asher, and Reuben did succeed, by permission of Jehovah. For David became blinded by the love of favoring one child over another.

The lesson to King David was One, is to base decisions upon logic by way of centering ones self upon Frömmigkeit via humility, and gratitude. That one might, in a given situation see, and understand that there is no bad, nor good. There is only what is, the will of Jehovah.

As to the recompense upon the tribes of Gad, Asher, and Reuben; King David petitioned the Sanhedrin and that of the Citadel of The Great Reverend Mothers requesting the reassignment of tribal lands and that of yielding control of taxation of what was to become the silk road to that of the tribe of Manasseh.

The Sanhedrin voted Majority in favor of King David's proposal, and the Citadel of Great Reverend Mothers sought the guidance of Jehovah and that of the times stress to confirm or deny if it is indeed the will of Goddess that such a decision be made, and if the decision is to be made at what time is the will of Jehovah for a thing to be.

The Way

-Testimony of Moshe Ben David & Jehovah whom suffices for witness upon her messengers-

Carry no resentment, harbor no anger, hold on to nothing of the past nor under you're feet. I am not wise. I am dumb. Wisdom is taking the information of another, and implementing the information in a way that averts danger. Jehovah, is one who never sleeps, to see, and feel, you must abandon fear.

I was born into a Talmudic Cannabaolistic Family. The very word Canna-baol, is derived from Canaan, and Baol derived from Ba'el. The translated meaning is "Sons of Cain, worship Ba'El". Ba'El is the pagan god for these people.

Eve gave birth to Cain, whom the land of Canaan is named after. After Cain murdered his brother. Two Ravens descended from the air. One Raven turned and killed the other. Cain looked at the Raven curiously, for the raven killed its brother and the dead ravens body laid at its feet. Cain sat across from the raven with the corpse of his dead brother in a puddle of blood at his left side.

The standing Raven then began to dig a hole, and upon a suitable depth the living Raven then took the body of the dead Raven and drug it to the hole and proceeded to bury it. It was upon this moment that Cain was gifted from the mercy of Jehovah the ability to speak to the Raven and that of the Trees and that of all the plant Kingdoms.

Cain spent the rest of his days living off of Honey, Bees Wax, and Locusts. Refusing to indulge in anything within the villages and dwellings in fear that he would abandon Teshuvah and incline into an even worse Temptation.

So it was that Cain slept in a dirt hole within the earth, and the Lord did send the Alpha Males of the various animal kingdoms within the forest to teach Cain meditation, reflection, the hawk taught the wisdom of controlled breathing and the Kabbalah of using ones breath to control the powers that build within the body. Today we call these powers “Emotions”.

The Squirrel taught Cain the importance of mushrooms in sustaining ones self in the winter. That an Alpha male of mankind is one whose blood is clean, only plants, and funguses. The Pineal Gland within the human anatomy has tiny crystals. These crystals posses the ability to maintain a magnetic resonance clear enough to receive the voices of the kingdoms is dependent on the collective mycelia network within the human body.

Collective in the understanding that nearly every system within the human body including the Skin has a fungus. A fungus of which every individual cell is an individual sentient consciousness. The efficiency for the mycelia network to communicate with each other as a collective colony requires the blood of the Frommer (Pious One) to be non acidic.

The Electrical Magnetic Field generated by ones blood moving in a circulatory manor is that which holds ones soul to their bones by way of generating an Aura or what is more commonly known as the Soul.

The mycelia within ones body not only communicates across various systems via the bodies natural EMF, but also with the mycelia networks within the air around us, the soil. Even in the food and water we drink. The very smell of water is not water, ones body is naturally drawn by the mycelia in the mucus on the nasal membrane to seek the bacteria of which is within the fresh water we drink.

The way in compelling the mycelia network to compel all the realms responsible for rain, and homeostasis of the geographical location in which one inhabits. To create a cloud for refuge from the Sun. Or to create stable rains in a region where there is only a desert. Is solely dependent on one maintaining the way. That should Jehovah will. The Citadel of Sarah Great Reverend mother of the Hebrew peoples be reestablished.

When Cain became old his people sought the Lord. So the council elders of the villages traveled to Cain in the wilderness. When they saw and heard his wisdom they declared Cain a prophet. For a time the peoples kept the way of Cain, so much that many took the name Cain which later became Canaan. That other may know with certainty as to what religious doctrine they follow.

I: Sacred Blood

-Testament of Moshe Ben David & Jehovah whom suffices for witness upon her messengers-

Enlightenment, is a blessing, and a curse. Jehovah will guide you, and test you with that of which you call Technology. All ages fall because the preset of technological dependencies for maintaining a delusional environment is like a child following the misguidance to grab a hot kettle when his mother is shouting not to touch the kettle.

Until Jehovah sends a messenger and the ruling dynasties of the worlds government, ignore the warnings. Then Jehovah wipes the Earth clean of all that defy her. Then the remaining pious surviving few, come upon a new land. Only for the cycle of misguidance to reemerge.

As those surviving few, at times have technology with them that they brought from the age of which Jehovah destroyed. That out of mercy the surviving faithful might have a lesser burden in the toils of rebuilding a civilization.

Yet mankind is dumb, easily do we forget. Not long it takes for mankind to begin inclining to the whispers of the Jinn that the people come to worship the survivors, thinking they possessed a super natural power. Cursed with stupidity are they the divert from the way.

II: The Mountain

-Testament of Moshe Ben David & Jehovah whom suffices for witness upon her messengers-

So I fell asleep one night, I was in space, and I was made aware that I had no physical body. Yet I knew I was in the position of prostration. Like a child almost, I could not help but feed my curiosity because I was board being prostrated. Then I looked in between my legs and I saw the Earth. I was made aware that the earth was indeed naked and she was also prostrated.

Suddenly I was afraid, because I realized;

“Oh no! I am prostrated in between the Earth and Venus, and the whole solar system the Sun and all twelve planets.”

When Jehovah made me aware that she sees me trying to hide like I am not moving when everything has been ordered to prostrate and remain still. I asked her;

“Why can I not make out the earths continents? What happened to the polar Ice Caps? And that for the Glaciers upon the Mountains?”

Jehovah Replied;

“Oh Moshe, this is the future, not far from now. That is the Earth and how the Earth will look when you, and that of the wife whom bares you’re children are pulled back to me and I reunite you as one, never to return to Earth again.

I will make you to lead the faithful few into the caves to escape a great calamity. That they might learn the way and upon the appointed time. Emerge from the Caves to build the world I have instructed you to guide them to. You, and that of you're Wife will only be permitted to remain upon the Earth until I order you to remove them from the Caves.

You are to take them to an elevation at or above 2.500 meters, into the mountains where dew still forms or rain still falls. That as a community you will instruct them to alter the weather as I have instructed you to do by my permission.”

I then was made to relies by will of Jehovah. That I was in the same dream that the Prophet Yosef had many ages ago. When he saw the planets and that of the Sun prostrated to him. Only days before his brothers threw him in the water well. I had this dream only days before the people whom would be my brothers, threw me down the water well of this day and age. The abyss called Prison.

Like Yosef one will always be given a great affliction or test. Such tests are not curses. This is but Jehovah placing ones soul in a Black Smiths Metal Refinery. For Yusef and that of myself and many other worriers of inner peace.

Began in the Lords great refinery. Being stripped not only naked, and commanded like an animal to hold unusual positions for unusual times. Among other ver horrible challenges, but do not be deceived.

The Prison Guard, chains, misery, are all names that we give to the sound of Jehovah's mighty hammer, smashing our soul, and increasing the fire to break the very limitations of which one thought one could not surpass, to be that of a great weapon, a weapon that is no longer yielded by way of external stimulus, but a weapon that guards the sanctity of inner peace.

Love, Anger, Hate, Identity, friends (outside of ones spouse), past, present, future are dangerous. As they are all illusions one creates. One feel the power of that creation by way of convincing oneself that one has control over a thing, or possess the ability to manipulate a thing. These things are dangerous as they are names attributed to the diction of Emotions. Emotions are stimulated by that Demons.

When a human experience emotions, they glow. Regardless of the emotion. Hence the importance of only smiling, and showing your literal light to that of ones spouse and children. That demonic forces will not be employed to find a means to work evil eye upon oneself. That the demon can feed of ones light to infiltrate ones family.

Rise of the Thinking Machines

-Testament of Moshe Ben David & Jehovah whom suffices for witness-

I see many time streams, possible outcomes, because Jehovah keeps all things hidden. Only Goddess is all knowing, the wise.

I can survive in the mountains myself. Because of the wisdom of my lord, I am made to know what I must know when I must know it. The EMF band widths are thickest in the mountains. The mountains are sacred, as the more dense the EMF bandwidth within a given area the greater the probability of maintaining the homeostasis required to meditate, bond with Jehovah that one may create the atmosphere needed to Survive, not live.

Like Adem when the Lord Brought Eve and Adem to the Tree stump of the forbidden tree saying;

“Eve, Adem I command you to forgive each other, to be most merciful and forgiving. Know Adem, that a woman reserves the right to stone her Husband to death in the event she is raped, or that of a child before the lawful age of 14 years.

I have summoned you here to bestow a thing that is a blessing, but is also a great burden. For the more you depend upon the understanding and altering of the elements. The further you and you're descendants will become for me. A thing that will be known in the end of days as “Technology”.

So the lord gave knowledge unto Eve of the Wheel, and that of mathematics, and that of the understanding of the seasons. She was given knowledge that all of the worlds masculine populations are to fast from that of the Equinox of the fall until that of the spring. No eating solid foods. That we as a species be in a state of morning and thankfulness for the harvest the Lord blesses us with, of which we give little thanks.

Chochmah-DiRekh-Ovad-Yah

-Testimony of Moshe Ben David-

When Adem was first created, all the doors of the 13 realms were open. Meaning the soul of all humanity was closest to Jehovah upon the human soul being poured into the Sole of the foot upon Adem's creation.

Humans do not understand why knowledge, and wisdom are not so easily obtainable. Like that of taking a breath or speech. Yet Wisdom, and Knowledge, are as easy to obtain as the breath one takes or the words one speaks.

Knowledge and Wisdom, are only seemingly far due to ones free willed desire to seek that which the Mortal Body urges oneself to do. An animalistic reaction, one without thought or reflection. Meaning, taking time to reflect upon the "why" one does a thing as to simply doing thing a without concern.

The lord teaches us there is nothing of no importance. This wisdom found in the 2nd Book of Obadiah when Jehovah says;

"There is not a bat of a nymphs wing that we are not aware of."

Think how still we as a mortal must sit to even notice the flight trajectory of a nymph. How still, calm, and collected ones single thought must be upon nothing. That even the breath is controlled in such a way by discipline one becomes as silent as the lion stalking the prey before the pounce.

Yet unlike the Lion, we do not release the energy of the pounce representative of inner emotion. By way of meditation and Teshuvah in the way of the Messenger, one may come to see oneself through the eyes of the nymph, that she is compelled to tell you by permission of our Lord how many times she has indeed.

Too often One chooses to make wrong, so repetitive the mind becomes clouded in understanding. Adem, represents Mans bodily desires and to pursue them. Evident in the Great Father Adem's first reaction to run from Jehovah once his soul was filled to the pelvis.

The energy produced from will power, is indeed very great. Small in comparison to the forces of ones mortal world, yet strong enough to pull itself away from the source of life, mercy, and compassion, our creator. This has resulted in a decaying orbit of the human soul around Jehovah.

Much like our moon orbits the Earth. So do the souls of all humans and that of the Jinn orbit the singularity opened within the center of our universe from where our universe was first created. The Souls have a strong gravitational pull to Jehovah until the age of Barmitzvat / Barmitzvah. When a man and Woman are indeed made competent of wrong and right.

Yet it is upon the competency of right and wrong that the human soul must make a repetitive, a 2nd nature like response to observing the mitzvot, that of the ordinances of our beloved messengers from the heart.

This requires one another to do that which our father Adem did not do. To physically stop, wait, be still outside and within the self, take deep breath through ones nose, close ones eyes, exhale slowly through the mouth. This is the feeling you know as Calm.

This is called Contentness, this is the process the discipline of centering the self, the soul, by way of grounding the sole of ones feet to that of the Earth. To ground oneself, to hold ones emotions back from controlling any organ, is the same equivalent of force reversed from that of the Great Father Adams first act.

We die every day we fall asleep, and we are brought back to life upon the rising from our bed. Because the death and the waking are a sign from Jehovah and reminder of our promised appointment. In that we will die, and be raised from our graves. Just like that of the mustered seed when it rises from the ground at the command, timing, and will of its creator.

Even the Last Messenger is weak and worthless without the maintenance seeking from the depths of the heart every morning to cry out for the lords protection and guidance as an infant cries out for the soft security of its mothers breast, and the succulently sweet taste of her nursing guidance, compassion, temperance, and the enchanting radiance of her soul that we find such security therein, that we drift to sleep.

Curious it seems, how without shame in the beginning we demand our mother every second of the day, only to the moment of being made competent of good and evil that too often man inclines to that which is evil. Jehovah make her slaves of the obedient and the strong amen, amen, ve amen

The Core

The soul is like that of the core of a planet or any spacial body. Unlike the spacial bodies. Our soul only gains the ability to feel Jehovah by way of seeking prostration in prayer after waking in the morning that the base of ones soul be increased in weight by way of adding humility and gratitude that one might attain an EMF of the soul long enough that like a spacial body you become in orbit with Jehovah.

Words are Reality Often one hears "what you say will be". Often is this miss understood. One does not alter reality by means of gaslighting the self. One requires the maintenance of catering the self that one may harness what is stimulated in the energetic forms within the mortal body called "emotions".

Control of emotions is dependent upon the ability to center to the self. That one becomes attuned to contentness. That one reaches not out of instinct an equivalent or more severe emotional response giving way to possible regrettable physical (including verbal) acts.

Rather one becomes attuned with a greater ability to access a higher level of conscious awareness. As the Frömmig (Pious one-derived from Frömmigkeit-Piety) are of those whom make meditation and that of contentness as regular of that in the thoughtlessness of breathing.

One by way of conducting meditation, yoga and breath control, the soul becomes closer to the singularity of which, is the door to the realms of our creator waiting to be opened in our brain. That the creator will literally posses you with her angels in such away you can alter an environment from the other side of the globe.

טרעאַסורי פון די פֿאַראייניקטע מלכות פון ישראל The Royal Bank of Israel

The Financial Institutions are the most sacred, as the moral, and ethical foundation of our society and the maintenance their of is dependent upon the Royal Bank of The United Tribes of Israel enforcement of Financial harmony within the Kingdoms of Israel and that of the world.

As all Banks are subservient to the edicts, and regulations set by the Royal Bank of Israel Board of Directors.

For the United Kingdom of Israel, her territories, and client kingdoms their are no financial institutions of any kind permitted to operate within the Kingdoms Borders. Every Tribe has 1 Central Royal Bank to exercise the financial authorities embedded upon its institution by the Torah and that of Hashems representative governing institutions.

The The Royal Bank of Israel is unique in the world that she is the only financial institution authorized to posses standing army and Special Operations Law Enforcement departments charged by his majesty to maintain the physical, and cyber integrity for the world and that of the United Kingdoms of Israel.

The Prohibition of all financial perversities: As violation warrants the death penalty Financial perversity and its forms ex. (Gambling, or any form of investment, stock market, digital currency) has led to the complete dismantling of the Monetary financial Systems and banking systems in all its forms.

Jurisdictional Area of Operations & Enforcement

The Royal Bank Board of Directors:

CEO: Moshiach Ben David-upon the death of the King the Grand Reverend Mother of the Meonaim is the sitting authority of this office.

Members are elected by the Sanhedrin, the Bill of Elected officials is sent to the Meonaim for approval or Disapproval.

Authorized Currency of Trade and Commerce

Gold, and Silver are the only form of currency for Israel and the worlds financial institutions, it is the responsibility to cease control of operations and assets of any institution operating upon the earth of which is not in compliance with the mandates ordered within this document.

The Sovereign Government of The United Kingdoms of Israel

Jehovah The Melech (King) of Israel -Moshiach Ben David (The Kings anointed Viceroy)-

Gibbor Meonaim No Secular Equivalent	Sanhedrin Legislative & Judicial Branch (Subservient only to the Melech's Viceroy)	
12 Member Female governing body with the authority to overrule the Legislative Branch, and Viceroy (regarding declarations of war, marriages, treaties of state, and that of the ViceRoy Mental and physical state of competency of office.	36 Member House of Rabbitzin	36 Member House of Rebbes
Each Tribe of Israel posses their own independent Meonaim (Reverend Mothers). The Gibbor Meonaim; (Great Reverend Mothers) consist of one Meonaim from each respective tribe excluding the Tribe of Judah as the Grand Reverend mother is the Wife of Moshiach Ben David representing the prophetic complete half of HaShem's prophetic consciousness. *In any capacity the Viceroy (Male body half of consciousness) be absent, the Gibbor Meonaim is the Governing ViceRoy Body in place of the ViceRoy until his re-assuming of duties.*	The Sanhedrin- (The Federal equivalent of a Congress): A Governing Legislative body consisting of 3 Rebbes chosen from amongst their tribe (and their Wives representing the female half of HaShem's consciousness). Unlike Secular Governments, the Viceroy reserves the authority to overrule any decision of the Sanhedrin, regardless of the majority or minority or decision legislative or otherwise. -Terms are Life Long	

טרעאָסורי פון די פֿאַראייניקטע מלכות פון ישראל

The Royal Bank of Israel

Law of Taxation

Jewish Citizens

The United Kingdoms of Israel reserves no authority, nor does the House of David, nor the Meonaim to tax the 12 subservient kingdoms or its citizens (applicable to Jewish Citizens only). The moral and ethical integrity is preserved by eliminating the potential for a dynasty, or individual to take what is the People's (Respective Jewish Citizen). A Jewish citizen is defined as a born or reverted Jewish Male or Female of whom are visibly observant of the Law of the manor of which a Jew is to Dress. Citizenship is not a right, but a privilege.

The Son of David declares: The Lord is measure of all things, charity is the blood of our States ability to provide for the common defense of its 12 tribes their interests, and physical territories. A Government of the People, provided for by the hearts of its citizens whom HaShem guides to be the sustainer of a Government body of which maintains the physical and spiritual observance to HaShem's Torah and it's commandments.

Usury, Interest is Forbidden and punishable by death

Non-Jewish Citizens, Nations of the World

The authority of Jehovahs sovereignty encompasses the entire known world, Non Jewish Secular Nations, and Kingdoms will be taxed 25% of their Nation or Kingdoms GDP.

Non-Jewish Citizens, Government Bodies (embassies), NGO's, and Non-Jew or Foreign Corporations residing, operating physically or via United Kingdoms Communications within the boarders of the United Kingdoms of Israel or ints client states and territories are require to pay a 25% tax based off of earnings for that physical 28 Lunar Calendar day Month.

The base Taxable rate can not be reduced, but may be increased by the majority vote of the Sanhedrin's Board of the Royal Bank of Israel.

Usury, Interest is Forbidden and punishable by death

The most powerful weapon upon the Earth is that of the Human brain. Imperative it is to seek a woman whom either desires to learn and maintain the path of Frömmigkeit with you or be of the same or higher level of enlightenment.

The Human female is the key to unlocking the potential of Mans soul. In that the Messenger by guidance of Jehovah has ordered mating, courting rituals, to be completely altered. So much that the messenger is prevented from finding his wife, for she will find him.

Breeding of the Codex

Upon the establishment of the Davidic Dynasty, all Hebrew reverted or born will have their DNA Codex's stored on a central data base. In an effort to undue the damage of which has resulted in the complete degenerations of conscious competency in interpreting the Law of Jehovah and that of moral and ethical comprehension.

Regardless of the social standing of persons selected by the AI one is to chose from the allotted persons whom pose the highest probability of creating a Hebrew who's codex is superior than those which it came. Hebrew is the supreme race, even the reverts codes are blessed in that their Nafshi's hunger is so great and pure that the gravitational density within the essence of their soul is increased adding to the biological distinctiveness of our race.

We are those unlike any upon the earth. In that the powers within the Codex is not to bring one self gain, but to aid one in the preservation of Harmony, Tranquility, Fairness, Justice, and Peace.

The El Gibbor Meonaim and its branches are under no oversight upon the death of the Female Moshiach.

Moshia- The Female Consciousness of Moshaich Ben David-

-Testament of Her Majesty Jehovah, whom requires no Witness-

-Glory to Goddess Amen-

In the Name of Jehovah. The Most Beneficent, most Merciful. She whom takes a worthless bastard, that of a creation of incest, one whom takes boys made to race dogs for their food, that they may be lions, made to resist the Satan Amen, Amen Ve Amen;

“How I would watch, as the guardians of my messenger would be made to compete against the dogs within the home, that for the amusement of the guardians they may see the dog bite the messenger.

I heard the cry of my messenger, so I made him to see, and to forget. For had I made him to be one to remember, to see what I built him to endure, He would run.

For every great negative force, I have created a positive force in which to act as a means of determining the extinction of a species, or to be exceedingly merciful that mankind may have a fleeting chance to avert from their ways by turning upon the base of their heels to that of the message.

For that of the completion of the Deal, an agreement made long before I created the Jinn. I reveal that which I will when I will, and I take away that which you call memories by my will. Wisdom, clairvoyance, are not a right. They are frequencies that can only be heard when I will one to know.

I have chosen to restore the history of him Moshe upon the completion of that which I have assigned unto him until the Grand Rabbinical councils summon him to confess with his Wife that which I have made them to communicate.

Wife whom he is completely dumb in her name and knowing. For Moshe said very haughtily afore time that he “Knows everything”. So I have chosen to make you the fool Moshe in the last incarnation of you and that of you’re wife.

I will make you’re Wife to Conceive many children, that they secede you and you’re wife in guiding those unto the way upon the exiting of the 100 years of winter within the caves post Apophis. You’re wife is Human, a normal Codex.

Upon the conception of both of your first born, I will make her bones, and her blood to be like that of your’s. In that you’re Wife will be in possession of the same gifts I have given you.

I will make you to be distracted upon that moment, of which I make her to find you. To see you, how lost, dumb, and confused you are without her gentle light. Indeed you will come to know that day how little you know of what is to come indeed. For it is my commandment upon Sarah to the Hebrews, that it is the Elders of the Meonaim whom divinate on what choices one has for a potential soul mate.

You are only made knowing of a thing because you are my messenger! You are dumb, and know nothing without my favor set upon you're soul.

Indeed you chose of your own free will to be my champion on the last day off Mankind's breath, and that of every age I choose to exterminate. Indeed Moshe you said;

“Keep my wife far from that of which I am made to suffer.”

So I have, indeed I hid her deep within the circle of the Ashkenazi, that Ibliss would not find her to bring un-natural harm, pain, suffering or illness.

Mikvah - Book of Woman Meditation
-Testimony of Jehovah whom requires no Witness-

The female human body requires a Mikvah every end of a 28 day cycle. The Mikvah standard being of the standard that the water flows like that of a river to pull away the filth physically and spiritually, that the soul of Woman is restored to her renewed glow.

The Kabbalah of water flowing to pull filth away; The Jew woman is Weapon of Jehovah. Her soul is unique in that should she choose to see her body is a suit for her soul, that she may come to know.

Because the female body is 3 times the neural density within the nervous system and that of the brain she produces a greater Biological Electrical Magnetic Field. The depth of knowledge I have layered upon the soul of Women is that her competency of the result of a thing or cause is much deeper than man.

The Women when exposed to multiple persons of no Teshuvah nor seeking the way, will become attacked by negative demonic forces. By way of those under the influence of the Satan will possess a natural desire to exterminate the souls radiance of Jew woman and of all women that light, and guidance be no more.

The womb of women like that of all the planets whom are female. Experiences polarity reversals every 28 days. Woman requires the rock of the earth and that of a natural stream or river.

That the water will carry Ionized particles away by the EM Deionization properties within the waters current, is strong enough in the EMF resonance of the earths deionization bandwidths that the soul of the Jewish Woman is completely deionized from the Evils of which her should has endured for that 28 day cycle.

So does the Masculine and feminine soul require 15 minutes of Meditation coupled with breathing exercise before engaging in the prayer. That the holy spirits whom are the angels might wash the soul in aiding you to meet Jehovah in the state of Teshuvah.

Yoga

The Skeleton and muscular components of the human body store energy in the EMF form. Energy that can range from positive and negative. Both of which the Frömm (pious) seek to avoid. Those of Teshuvah seek to maintain a inner state of contentness. Such a state is only obtainable via social conditioning the physical body and that of the psychological state of mind to be calm, thinking of nothing.

That the conscious mind is turned away from the signals of the mortal world and madness. To that of supreme order and peace, Shal-OM. For in the Yoga, and the Meditation is to prepare the physical and metaphysical portions of the self for that of the act of Teshuvah.

The bodily extremities are in fact Electrical magnetic extremities of the soul. The mortal and psychological build up of energy must be expelled to aid in the social conditioning of the body to not store tension, or that of intense enjoyments, but to be calm, content, like that of a fisher men whom holds the fish at such ease teh fish has no reason to run.

Too often does man and woman believe they are the fisher men in control. No, we as individual souls are the fish, our lord and the way of the messenger is the physical extension of mercy to hold us back from waters that contain vicious physical and spiritual predators.

A man only eats twice a day. A man whom eats three times a day for him is like that of a pig, so build a trough for him to be disposed until he urns upon the heels to righteousness and that of the way.

Frömmigkeit Uber Alles em Der Welt

Mankind has lost much of its 6th sense abilities due to the demented forms of breeding practices of which they have adopted. Hebrews (Jews of The Last Messenger) Are ordered by Jehovah to follow the ancient protocols of finding ones Soul Mate. In the reestablishment of the El Gibbor Meonaim, and Moshia (the wife of the Moshiach completing the female half of consciousness for the Moshia-ch as a whole.

The dominant role the female consciousness plays in Hebrew government and society is as evident as “Moshia” the feminine form of Moshiach representing the wife containing more letters than the male portion of consciousness represented in “ch” in the word and designation of the male and female mortal form of Moshiach.

The Meonaim

There is no equivalent on earth for the branch of government of which the Meonaim represent. For the Governments prior to the public appointment of the Moshiach were of no competence of the lord. Like rabid animals they sought to devour the flesh of their own children by every means.

Those whom they did not sacrifice, they made harlots of. This is the result of a species whom desire the way of the animal. Hence how their governments prided themselves in equating their likeness to that of a beast. This is the result of a species whom choose a mate to fill a superficial urge or to accommodate ones material convince. Cursed are they, and Apophis will consume them all. Amen Amen Ve Amen.

Hebrews have only one ruler. The Empress Jehovah sustainer and creator of the 13 realms, that which is seen and unseen.

The Meonaim represent the collective majority consciousness of Jehovah in the Hebrew tribal level known as meonaim, and at the United triable level of government the El Gibbor Meonaim.

The orders selection method and inner rituals are kept to their respective tribal inner council within the Meonaim. The females choose whom will be the one to succeed them, for the women search for young girls who show exceptional aptitude in conscious awareness or that of phenomena that can not be explained using the Kabbalah of Science, and Medicine.

El Gibbor Meonaim (Great Reverend Mother, the first being the wife of
Moshiach Ben David in the 7th Age of Man

The El Gibbor Meonaim, and the Meonaim cover their faces to prevent man from gazing upon their radiance of which is the power Jehovah placed within the soul of woman.

As these women are those whom serve as the 50th gate for the

The dress of Tribal level meonaim varies among tribes, but the standards are the same as to their oaths and dress.

All levels of Meonaim write prayers of henna upon their limbs, womb and face. To protect their holy bodies from the powers of the Satan and his minions.

Hebrew people upon the death of the Moshach (Male and Female). The Meonaim at tribal and United levels of government reside in a Citadel. The Citadel is a great temple, center of governance with the 12 senior grand mothers whom are the wisest of our tribes convene and determine Jehovahs will upon a thing.

Though there are many 12 member councils within the citadel governing numerous areas, the 12 member Gibbor Meonaim decides Jehovah's will from decisions of war, to marriage, to funding of projects of endeavors of the Sanhedrin Court. To that of confirming if a death sentence reached by the Sanhedrin assigned council and that of the King and Queen be executed and accepted as the will of Jehovah or not Jehovahs the will.

The arch of the covenant, of which were technological tablets from the age of Noah, provided the Meonaim a breeding codex data base. In which humans within the tribes were arranged to marry based off of the highest probable matches to create a child that would possess Extra Sensory Perceptive abilities.

While matches did not always yield success. The practice did increase the probability of a successor being created whom could possess the purity of a genetic codex required to interface with the central processor of which was the Tablets of the commandments. Female consciousness commands the tribes. As the human females central nervous system is 3 times the density to that of males. Resulting in a Gravitational displacement radius 3 times that of a male. An important ingredient in divination.

The more meonaim congregate, and invoke deep meditation they collectively due to their life long grooming within the citadel, have

the ability to pull the singularity within the center of our universe in such a way time it set stands still for them.

That Jehovah allows them to know, see, hear and feel that which they seek. Human females have great cognitive potential; in that they may be taught the discipline of the smelling of souls, and commanding the feeble minded that the feeble minds execute with precision.

Buds-are women, whom upon the day of their first period are always cloaked. They are taught all manor of disciplines of which are determined by an aptitude battery test.

That the Bud be placed in the appropriate discipline of study, medicine, or science to serve solely on a particular governing 12 member council within the citadel, or within the Meonaim Armed Forces, responsible for the security of Female facilities, and dignitaries.

The Citadel educates all females from selection until appointment to that of their tribal level of government or to serve on a subservient council among the Gibbor Meonaim.

That no light of their radiance escape to the eyes of a mortal man. That they might shine like that of angels, that our people never be misguided again. Amen, Amen Ve, Amen.

**Sanhedrin (Tribal Level Representatives) & Gibbor Sanhedrin
(United Kingdoms tribal representatives)**

The Sanhedrin represent the collective citizen consciousness of a tribe. That consciousness is represented in 2 separate branches in the form of 36 Male and, their female conscious 36 member half. Each tribe allowed 4 representatives excluding the Tribe of Judah whom only votes on two.

The Moshiach male and female represent the tribe of Judah, therefore Judah is the only tribe whom votes on 1 male representative.

A “Staff” is a chosen representative of an individual Sanhedrin Branch. Whom serves as the senate majority leader or speaker of the house equivalent when in comparison to what governments existed before the reestablishment of The Peoples United Kingdoms of Israel.

The Sanhedrin manage the judicial and executive branches of tribal and United Tribal levels of government (by way of representing the Monarchy). Seats of the Sanhedrin are inherited. Mental battery, psychological, and physical evaluations are required Every 90 days no exceptions.

The efficiency of her majesties Jehovah’s government is solely dependent upon the reunification of collective consciousness.

That the representative is of such cognitive state of enlightenment one understands the necessity to maintain the physical, psychological and comprehension of ones duties, for the people trust in you. Physical fitness test are required to pass every 6 months. Physical fitness standards are conducted according to ones sex, age, and height.

The maintenance of the body, is the mortar to holding a firm connection to that of the mind. The smallest form of governance is the governance of self, and that of our conscious effort to fight the urges of the body.

We are a people whom do not eat when we feel hunger. We are one whom meditates, over coming the physical pain. We understand controlling the desires of the body is key to unlocking the mind. We are those who wait for hunger to pass, that then we may prepare that which is nutritious. A government body is only as strong as its individual members ability to govern themselves.

Book of Ruth

-Testament of Jehovah whom requires no witness, Through her messenger Moshe Ben David-

In the Kingdom of the Moabites, whom worshiped the Bull Demon Moloch. They are those whom selected women to remain obese that they may give birth to a child, and the human child would be placed upon the alter alive. That the body of the human infant be cut open alive, that the organs be ripped out to be read and interpreted.

The Moabites saw their King as the human reincarnation of the Demon Moloch. Whom in their perverted sadistic belief reserves the right to have intercourse with any virgin female within the Kingdom. That the Virgin Females whom possessed beauty where removed from their homes.

That they were taken to the Temple of Moloch, that the High Priest would take his penis and break the Hymen of the 3 year old and one day Girl. As the initiation right for the Girl to be raised within the Temple of Moloch. That in theory because the rape occurred at such pre pubescent age the Hymen might repair itself. That upon the Virgin priests when grown to adulthood would be added to the Kings room of concubines.

The Kingdom of Moloch survives this day helping the Children of Israel to rebuild a third temple to Moloch. Misguided, and Cursed are they whom have taken and preserved with lethality the ways of Moloch by means of the sadistically perverted Talmud.

Ruth, Peace be upon her the day she was born the day she died and the day she is raised from the grave Amen, Amen, Ve, Amen.

Was born to a poor family. Her father sold her to the temple do to her radiant glow at the tender age of 9 days for 6 grams of silver.

She was collected and brought to the Temple of moloch. That the priestly cast may decided which infants are destined for the slaughter and which to be a concubine for the King.

So it came to be upon the 3rd year and first day of Ruth's life was chosen to be that of Slaughter to the demon Moloch. The standards for the sacrificial virgin is that she is completely without blemish and beautiful. So it came to pass that on the day of the child Ruth at 3 years and one day that the lord placed a skin blemish. That Ruth would not be sacrificed.

Upon the day Ruth was meant to be slaughtered the day of her skin blemish. Jehovah gave Ruth a blessing her with a layer of added radiance within her soul called prophecy.

That her bones might change, that she might absorb the radiation of the sun in a time of famine in her region. That she by way of Jehovah may bless a land to be fertile. For it was Ruth whom was a Prophetess unto her generation.

I Mahlon Ben Naomi

Naomi was a widow of a black smith. Who's 2 sons provided for her and continued the work of their father. They were Judian's, whom abandoned Israel in a time of famine. They migrated to the kingdom of Moab. The Sons of Naomi were often contracted to create religious items for the sacrifice of the children of Moab.

Until a day came to pass. That the High priestess of Moab visited Naomi with her Chief Virgin priestess to meet the family to whom she would be tasked to collect the Sacrificial Dagger, and that of a Crown. Her name was Ruth, and indeed she had more radiance than all the tribes of Israel combined.

Peace be upon her the day she was born, the day she dies Amen, Amen Ve Amen.

So it was, that over many years Naomi came to be warm to Ruth when she would come to give the order for the relics and collect them. Their was a day that Mahlon unintentionally ran into the kitchen with excitement, Saying;

“Mother! Look, I have created our Lords law in pure gold and adorned it with jewels for Ruth. For I heard her laugh, and indeed I declare before Jehovah. I mean to liberate her heart with way of the love of our Lord and the Law of Torah.

Indeed I feel the heaviness in her voice and the gloom of doom that clouds over her. For her Heart Cries to be liberated from this Raping of children and killing of children in Molach's name!”

So it came to pass. That Mahlon delivered a golden jewelry of which the 10 commandments where inscribed, hidden amongst the

relics of which he was ordered to make. Upon the Kings name day of the Moabites. Ruth was made to watch the sacrifice of the 3 year and one day old virgin child. The Holy Spirits laid heavy upon the heart of Ruth, that she would not be counted among the damned.

So the Lord made Ruth to run and scream in horror as the Lord Jehovah allowed the Angel Gabriel to teach the evil that which Ruth was made blind to. Ruth a Virgin High priestess ran to the home of Naomi. Upon the threshold of the door of Naomi's home, Ruth burst in the Door Saying;

“Great Mother, I think I am mad, the King seeks to kill me for I abandoned the sacrifice of Molach.”

Naomi replied;

“Quickly now! Hide in the barn under the rubbish, for surely they will stab the Straw piles. We will wait until the guards pass. I will collect Mahlons brother, and marry you to my son with Jehovah as witness, for Jehovah suffices for witness amongst her exiled.”

The guards passed the dwelling of Naomi and Ruth. Naomi gathered what fine metals she could carry, and led Ruth to the Lands of Judea. As they drew closer to Judea they journeyed further into the abyss of Jehovahs plague of drought and famine upon Israel. For the tribes of Israel sought to emulate that of the patriarchal systems of their neighboring Goy Kingdoms. So Jehovah cursed them for the covenant of Abraham does not include that of evil doers.

II BoAz

Upon the crossing of the river, for 4 Days they had no water, and the Angel Gabriel came to Naomi saying;

“Naomi, take heed for the Lord means to test you and that of the worthiness of your son inheriting the bloodline of Ruth. For I mean to make Ruth the Mother of the Messiah whom the Lord will afflict as I have afflicted these lands and the river of Jordan. So drink not from the river for you shall surely become sick and die.”

Mahlon did not heed the warning of his mother, nor did the servants of Naomi's house. So they did as Naomi told them, and Ruth with her mother in law Naomi continued passed the Jordan until they came upon the fields of Boaz. Naomi said;

“See their my daughter! We are in the land of Judah, I can tell by the Manor in which they cover their hair and that of what the Lord made apparent upon women. It is the right of any Jew of kin to work the field of his cousin or brother that he might exchange what is collected for that of gold or silver currency.”

Long did Naomi reside in the Kingdom of Moab. So long she had forgotten the bloodied that remains in the Kingdom of Judah against the Moabites. For the Kingdom of the Moabites would raid the eastern boarder villages of Judea to kidnap the Jewish daughters that they be made a sacrifice to Molach, and the Jewish sons made to work the stone quarries.

So word spread quickly of the Moabitists whom were working the fields of a young righteous man of the age 40. Boaz had just

inherited his fathers seat amount the Sanhedrin of the tribe of Judah, and body was the youngest to hold a council members seat. Boaz had refused many women whom asked him to marry them, such is the custom of marriage within the tribe of Judea.

Boaz was only informed that Moabites where invading the east, so he gathered his soldiers and proceeded towards his fields fearing the Moabites where meaning to attack Judah upon their Harvest that Judea be starved during the winter and picked off during the fighting seasons of spring and summer.

Upon Boaz arriving he inquired as to the location of this moabite hoard. Only to find that he had been placed the fool to that of Gossip, to find his 3rd cousin Naomi the Widow with a young woman whom had more radiance and beauty than all the women of Judea combined. Boaz dropped to his Knees, before the eyes of 380 peasants, that of Naomi and Ruth saying;

“Glory unto Jehovah, that I am reduced to the base my sin by way of haste and haughtiness and increased in humility by way of Teshuvah.

For I was one whom inclined unto the Satan and his suggestion that of the illusion of fear, and foresight. Rather than seeking my Lord bz was of meditative guidance. That I may come to know the truth of that which I was told.

I thought I would find the field burned with the malice of the Moabite Arms, but I have found only the beauty of a radiance equal only to the moon, in the safe keeping of my wise cousin Naomi.”

So Boaz ordered his soldiers, even after the protest of Ruth for Boaz heard Jehovah saying;

“Hear not her protest as of now. I mean to make her you’r wife. Be Gentle and speak softly. Ruth has no pride, I make her to wear it as armor upon her lips and skin for she is a gentle rib most vulnerable.”

So Boaz did order his soldiers to collect Ruth and that of Naomi to be brought to his late fathers estate. That Naomi and Ruth might bath and take reset, and share the history of their journey and how such a beautiful woman a Virgin Priestess of Molach come to know Jehovah.

So it came to pass that very evening while Boaz sought Naomi to know what became of her husband and that of her sons. Most importantly and more intriguing, how did a high virgin priestess of Moab come to be of the Torah.

Ruth prepared food, and left the house to fetch water at the well just outside. In the dark she heard a voice saying;

“Gemilhe, Zayenhe, Zhhe, zahl-meh-ah”

A great light appeared from the depths of the watering well, and Ruth saw that which was the past, the present and that of the future. Suddenly as Ruth was falling into the watering well leaning over to see deeper into the water of the well that more of what Jehovah was revealing may be seen. Until the Angel Gabriel took form of an old handsome man catching her saying;

“Oh Ruth, be at ease. Seek not the Lord through this new gift, but prostrated in supplication to our creator. Now heed. The King of Moab is searching for you, and has sent counter insurgence within the lands of Judea to stir rumors of you that the might draw you out.

Know, it will come to pass you will be questioned, and upon the revelation you will be made to give you will communicate that the Lord orders the establishment of the meonaim. For Jehovah created the world to be governed by that of a matriarchal society.”

So Ruth returned to the house where Naomi was just nearing the end of imparting unto Boaz the events that had brought them back to Judea. Ruth then at the end spoke with the challenge from HaShem. For Boaz was housing Naomi his cousin a widow, and Ruth a virgin widow for her husband Mahlon was made impotent and told his Parents not.

Ruth Said;

“So tell me mighty Boaz, do you mean to make a wife of me? Or have you only taken me in you’re home using Naomi’s advanced age and disposition that you might feast you’re eyes upon me? Like I am a harlot? I am a widow, and by Teshuvah I am made a Jew, and Mahlon was Judaeen, so I am Judaeen. As is the way of our people I have chosen you to be my husband by command of Jehovah upon my heart. So make you’re choice Boaz, for the Lord has made hers!”

Boaz replied again coming to his knees that Ruth whom stood petite in stature between the height of 4feet 11inches to 5 feet 3inches saying;

“Unto Jehovah do I set my eyes, heart and soul dear cousin. As is the Law of our people. I accept the will of Jehovah, and you’re claim upon me as my wife, my moonlight, my gentle guide. I will order my soldiers to send for a special security council by permission of the Sanhedrin of Judea from Hebron. That the councils representatives may hear Naomis case, and that of you’re claim and testimony upon me that Jehovah told you I am you’re husband.

That I may in the sight of Jehovah whom requires no witness and the eyes of our people may indeed record me signing over the entirety of my property, and wealth to be solely yours Ruth. For as my wife such is the way of our People. May Jehovah make our sons of the obideaant, the humble, Amen, Amen Ve Amen.”

Life & Death

-Testimony of Moshe Ben David, & Jehovah whom suffices for witness amongst her Messengers-

And the Lord Said unto me;

“ Say unto them!

You are not to inherit you're fathers Dynasty. I have tested the Rabbinical Councils, and they have chosen to reject the law and that of my messenger. The Rabbinical Councils have sought only in what schemes might be concocted to erode the moral and ethical purity of the message and that of my messenger. For them, hell is their final abode.

Madrikh Obadiah Moshe Ben David;

You are to remain in exile, and you will take a Wife whom is more firm in foundation of faith of the law I have invested in you.

It is I, Jehovah whom determines the line of succession for my messengers. Not the canabalistic, child rapping house of Lubavitch, Breslov, Satmeir and their allies, whom are but disciples of the Demon Moloch and his Satanic Talmud.

Cursed are the whom call themselves Hasidic yet are worshipers of the Bull, whom conduct evil sacrifice in my name. I Jehovah forbid the sacrificing of animals. Indeed this is a horrid tradition of Talmudist. So when you see them, stone them until death is pronounced and drive them out of their swellings within the land.

The Talmudists are those whom altered the Torah, and told great lies , and did alter the Torah and the words of my messengers. That the Talmudists might physical exercise their sadistic perversity by manipulating the interpretation of the Torah. To fit the narrative of that of their demonic Bull worshiping.

They are those whom are the owners of Hell. I will make their souls the kindle wood for the fire of the one who's hunger to consumer your flesh is never satisfied. Hell your Eternal Abode.”

I Words unto the Damned

In the Name of Jehovah, Empress of the 13 Realms. Jehovah, is she who commands you to die in a state of rest. As she has commanded all life within the 12th realm to rest in the night. Then commands your body to wake. That you might seek her in a state of peace and Teshuvah.

That a layer of protection be added upon your soul. That through out the day you are not one succumbing to the deceptions of the deceiver and those loyal to his whispers.

That you might become like those whom followed Moses through the desert. When the Lord made you're Forefathers heart, and tongue to bend to truth. Rather than the sadistic conveniences of the world in the form of your cowardice to do that I have commanded through my messengers.

Jehovah says;

“Oh Daughters of Israel, Who do you seek me in Ernest within the cockles of you're soul that I might bless you with a healthy child. One made obedient, beautiful, and subservient unto my will and guidance.

Yet you Seek the guidance of Rabbi's whom are not Jews, but are the high priests of Molach preserving the demonic Laws of Satan in the form of the Talmud.

Why do you run to their sorcery in interceding with the devil alone rather than the guidance of my messenger?

Why also do you not seek the security of my holding, and the abundant mercy, love, and provision? You have become friends to the world and an enemy unto me.

For you're hearts hold dearer the superficial value of a thing that you might elevate yourselves within your breasts above your sisters in the ability to hoard wealth that you might make a physical idol of it in the form of materialistic constructs.

Has my messenger not been clear?

That he requires nothing from you, not even you're presence?

Has my messenger failed in compelling you that I am the source of you're radiance, beauty, wisdom, empathy, and clairvoyance?

That to feel the radiance of my beauty you need only to look to the heavens?

See;

That I have made a thing soft, a vapor, heavy with water as I make you're breasts to be heavy with water. The life giving nourishment of which is meant for you're descendants, a drink pure and satisfying.

Hold to the law those of you whom I have made out of my will to seek nursing mothers for your children. That after 30 Days of a child suckling upon the breast of the nursing maid. The nursing maid hold equal ownership over a Childs development as that of the birthing mother.

See;

That I make a thing from a gas into a liquid that is pure?

How the liquid you seek from the heavens I separated from a thing of filth. Much like you take the filth of disbelieving men whom posses no fear for me nor honor for his parents, that you take him within you without fail whom hold no reverence for my law or obeying the edicts communicated by my messenger.

Then from that filth, even after you're prayers were worked from that of nothing deeper that a faint thought in you're mind. That I take attention in eliminating the inferior codex of which you sought. That a child might be born without deformity. In this is a sign for those of you whom seek me. Though you give no thanks at all.

Now look to the mountains; how my breast are firm, and in the fertile seasons. How I make my breasts to be bare in removing the Ice that the ridges of my great cleavage may open with the life giving waters of compassion, and indiscriminately love upon all my creations. Yet even those whom say they are my most obideaant give little thanks.

You daughters of Israel are ordered to seek the messenger in the instruction of which you are to complete a Mikvah. That you may sit, learn and come to know the Kabbalah of constructing the

mikvah that you're abolition be maximized in the healing potential of your supplication to me. The Kabbalah of De Ionization is sacred as this is the fine tool I use to sharpen your souls that you'Re gifts of extra sensory perception be pure in validity.

II Tah, Hah, Rah, See, Yöd

How sacred is the Circle? Have I not made this apparent amongst the planets. The Ring. Indeed I have made you of bone. Within the bone is the essence of you're conscience Soul.

See within the Wombs of you're mothers we clothed you're bone with that of Muscle, then we add the Skin as an ornament to be pleasing to my sight. See how they make idols of themselves. Hah, Rah; and for the wicked their is no averting Hell as you're Eternal abode.

Less, you be of the Fromm; in forming in ranks behind my messenger that I might might incline unto you're mortal souls to accept you're repentance. That you're hearts, and souls again possess the Joy, and the Kindness of which you gave little thanks for.

So prostrate you men and women whom fear the meeting with me, that you might be forgiven, and maintain the obligation of the 3 daily prayers, and that of the washing of your faces, hands, and feet. That of your groin when you have released you're selves of the waste accumulated within you're bodies.

That I might send my Holy Spirit the Angels to aid you in your speech to make supplication that is from the depths of you're hearts.

My messenger is not obligated to serve you Israel when you are not of those whom obey the message of which he has delivered. My messenger is that, he is simply a messenger, dumb, filthy, cursed, and useless. Had I not taken mercy upon him when I tore him from his wife long before I created Adem or Eve, he too would be kindle wood for fires of Hell.

The favor upon my messenger and that of his Wife is like that of his father David before him. That both of them turn unapologetically unto me, upon the soul of their Heals. That I might make their hearts to run to me. For their heart bleeds painfully. That I might reunite him with that which I tore from him, that dumb he might not be any more.

Great is the heat with the depths of the Earth of which I forge the most brilliant of gems. See how I make two broken things one? That none may separate them again. Seek the example of my messengers, in giving praise to me when I squeeze the depths of you're souls with adversity.

That indeed within you a great heat is produced to burn away you'Re impurities, and upon your Teshuvah I might remove you from the lashing of the flames you sought in you're misguidance.

That I in removing from the flame of trial I cool you with the my Holy water drawn from a deep well spring. That you're mortal eyes, might gush forth the waters of my spring to cool you. That a brilliance once more be made a light.

Do you see how I make him Dumb, clumsy, blind, and absentminded? Like that of the Armadillo. Yet beneath his foul speech, like that of a hidden Gem, deep within the black earth.

Teshuvah is the marvels brilliance of a stone made like light of which none find without my guidance. That of my wisdom, humility, and will to please me. The light of my guidance, of which none of the earth possess unless by my favoring permission upon the acceptance of you're teshuvah for within it is great power.

The power of knowing, that you control nothing. That without me, you are a naked sheep, left alone in an open plain upon which is no refuge. While you find safety in the light of day and the illusion provided by you're mortal eyes that you indeed see no danger. Their for indeed you are safe.

Until I command the Day to die, and Night to be yet again resurrected. Then you're confidence and sense of security diminishes. The howling wind, and that of the death of which there is no averting, save you repent unto me. That like a Shepherd, I would command that which means to harm you to die, as I without fail command the day and night to die and rise.

In this is sign unto those whom are damned and know not. Yet a fearful reminding comfort unto those whom know, establish worship and pay the pro their due from the joy of their hearts. That I am that I am. I am Jehovah, there is no Goddess but me. I create and I destroy. It is nothing for me. Unto me is you're return be you of the knowing or not. Se, Lah, Med, Amen, Amen, Ve Amen.”

The stumbling Blocks

-Testimony of Moshe Ben David & Jehovah whom suffices for witness among her messengers-

In the Name of Jehovah, most beneficent, the merciful. Owner of the day of Recompense of which there is no escape. When you're hearts, eyes, hands, genitals, and tongue. Are called as witness against you in all that you did upon the earth.

Know, that upon the closing of their testimony, Jehovah will make those whom you held dearer to you're hearts than that of my message and the maintaining of the covenant made with you're father Avraham a fore time.

Know that I will hold you accountable for the sins in which those you cherished dearer to me to be shared equal with you. For you sought their comfort and kindness rather than of my mercy and guidance. Like sheep wondering off from the call of their shepherd, deaf, dumb, blind and for them there is no return.

Then after Jehovah will command your'Re guardian Angels to give the report of all your good deeds and that of the you're evil deeds. We will take the account of debt you mortally accumulated upon the earth mounts you're brethren. See that when you owe a debt and have not paid that debt the lord will compensate the debtor with all you're good deeds. Until the equivalent of the debt is fulfilled.

Know that it is Jehovah whom will hold you accountable for the debt you owe unto her oh in habitants of the earth. For every, breath, word, step, and thought you made without seeking the guidance of the message that you'Re state of Teshuvah be maintained.

Know it is Jehovah whom will order the Angels to chain the guilty, and throw them into the pit of who's hunger for the flesh of Man and that of Jinn Kind is never satisfied. Damned, and their is no return for them. Jehovah will make the damned to see her messengers, and the righteous from that lowly pit.

That they may come to know whom indeed is elevated to greatness within my ranks. That they may come to know whom Jehovah made truly greater in strength, for it is the Fromm whom seek only what the Lord has bestowed for them.

See, that the Law of which has been delivered by Jehovah from our father Adem to that of Moshe Ben David, has always been the same. A straight path, of which you require nothing but a heart seeking that which I will for you.

Yet you all have chosen to take the steep side paths, of which their is much thistle and thorns to be found, and that of a fog of which none whom fear the Lord are permitted to enter. For within independent thought their are more illusions, than that of illumination. Then you're fathers before you, how they altered the law at the suggestive commands of the Satan, that indeed you might all be mis guided.

Until a Servant by the designation of our Lord known as Avraham was created. With him the covenant was made to maintain the straight path, and how to remain upon the center. That his descendants might be a trust worthy friend of guidance unto the inhabitants of Earth whom have lost their way and know it not.

The Lord Jehovah Decrees, Damned are you Rabbi's whom say;

“The Goyim will be made to follow a law different than that of us, and the Goyim will be made to exist in a separate heaven than us, and indeed the Goyim are slaves unto us, less we deem one to be worthy of our influence.”

For the Lord Jehovah will judge all of mankind . From Adem unto the last born of mankind, and the of Jinn kind .As equally as that of teeth upon a hair comb. The Lord will command you're mortal bodies to raise from their graves. As the Lord commands the seeds to burst from the holding shells and that of the weight of the earth to meet the harshness, and gentleness of my light. Be that of the day or night.

The Lord has said unto me;

“Upon rising naked from our graves we will be assembled in ranks be hind the messenger in which a population belongs. Oh son of David, morn not upon this day, even if I will you're wife to be of those for the kindling wood for the fires of Hell, should you stand alone, and their be none that heed the message of you're age. For their is no fault upon my servants in regards to the acceptance or rejection of the message.

Tell them that upon formation of ranks I will command the Realms and all the inhabitants thereof to prostrate. Those whom prostrated in the world of mortality, I will be tenant upon their judgements, and those whom have not prostrated, I will sooner Judge them, and fulfill the promise of casting rebels into Hell.

It is not from my creations to decree the validity of a thing. It is I Jehovah whom wills a people or nation to be guided or that of misguidance, and hell their eternal resting place. For my messengers are that, simply messengers, Obadiah's the nameless Slave unto me is their return, and next to my throne is their abode forever Amen."

I: 3 Wise Brothers & the She Wolf

-Testimony of Jehovah whom requires no witness through her messenger Moshe Ben David-

So says the Lord Empress of the 13 Realms;

“Relate unto them, of the 3 wise men. Whom where brothers in the land known as Italy in the 5th Age of ManKind. When in a Kingdom long ago a King commanded his people to worship that of a patriarchal society and polytheism. Yet of all the nobles of the kingdom three Hebrew brothers held firm to the commandment;

“Thou shalt worship no God but Jehovah, and Thou shalt not take a graven image nor forge a thing, such is an abomination before the Lord.”

The King consecrated statues in the images of my creations, and they did become of those whom behave like animals, like that of the pig. Openly displaying their bodies, and molesting each other publicly. Engaging in public fornication, and that of sexual lewdness. That others to seek them for amusement in the bosom of perversity.

So the 3 Hebrew Brothers soon after abandoned all of their material wealth and securities. That they might not be forced by persecution to abandon my law and the covenant made with their father Avraham afore time. That I guided them into the mountains east of a place known as Rome during the 6th and 7th ages of Mankind.

Until I guided them unto a cave to take rest before the setting of the Sun upon their backs in the west. The oldest brother saying;

“Come brothers, in the name of Jehovah. Let us seek refuge within the Cave, the womb of our mother, from whom we were made from an altered clay. Formed by the command of our creator to “Be” and we are, until the appointed time of our death.

When the Angel Azrael is sent to collect our soul from the Mortal prison of our flesh. That we might be judged as was promised to our fathers afore time. After only we are commanded to rise from our graves, as we now seek in Ernest to rise by our Lords command ever pleasing to her sight, seeking only her for help.”

Then the brothers, and that of their she Wolf entered the Cave. I made the to fall asleep, and around them I formed a sphere in which protected them and that of their she wolf from the effects of time.

That I preserved them, even their wolf as her paws pressed upon the threshold of the cave.

Until, I made them all the wake, and that of the She Wolf. The youngest brother asking the oldest saying;

“How long have we slept?”

And the middle brother answered;

“Surely only part of the day, for we slept upon the setting of the sun, and indeed the setting is just below the horizon.”

Then the youngest brother replied;

“No that can not be. Look at you’re nails, and you’re hair. For mine is equally long. How long have we slept? What sort of magic is this?”

The oldest brother saying;

“In the name of Jehovah, silence. It is better a man say that he knows not, that Jehovah is knower the wise. When you are made to know you know a thing not. Should you be of those whom fear the appointed meeting with our creator.

We know only that we know not how long we haver slept in the cave. We Know that their are multiple circumstances in our physical being that defies the logical dissemination to explain how a thing is to be when we are made not to know.

In this is a sign for us, and those whom fear the accounting of their deeds good and bad with their Lord.

For the Lord makes a man to know what his to know, when he is to know, and understand a thing. The comforts of this mortal world are few. Very short lived are they. Yet the comfort in knowing that we know not, and Jehovah is all knowing, is but the safest of dwellings for the Fromm.

Now, let us search of coin of silver in our baggage. That we might task the youngest of us to go down into the city, to collect water and that of some food. That in the name of Jehovah we might replenish our mortal strength and continue upon our Journey.

Speak unto no one you're business, unless you wish the King to hunt us down enraged by his madness in rebellion against the creator and the law."

So it was, that the brothers collected 6 coin of silver. A staff, sack, and the blessings of my name from his brothers was bestowed upon the youngest. That the youngest went down into the city. To purchase provision. Until the he came upon a merchant, placed the required order of goods, then paid the coin to the Merchant.

Upon the merchant feeling the density of the silver coin settling upon his palm. He was intrigued to take a closer look at the coins, for the 6 coin price was less than that of the wealth of the coins possessed by weight.

The merchant looked closely at the coins. The words, the face of the man. They were not known to him. The merchant asked the youngest of the brothers to sit and take rest. That he the merchant must make a quick inquiry as to the origin of the words and numbers of the coin.

Upon the merchant seeing his great grandfather, his grandfather said to his great grandson the merchant;

“This coin? Where did you find this? Who gave this to you? Their where only a few made, and given from a great king long ago. It was said that 3 wise men of Hebrew Nobility sought the refuge of a cave after they were informed of a great calamity to befall their city for the King had grown haughty, making all that the creator forbidden legal and all the creator made legal Forbidden.”

The Great Grandson asked;

“Great Grand Father. How long ago was it that these 3 wise men where lost?”

The Great Grand Father Replied;

“For 383 our elders have kept this history recorded within our holy messages from the prophets sent unto us from the creator speaking in our language as she does for all of her creations.

I know not for how long orally our Elders maintained the histories.”

The Merchant said unto his Grand Father;

“A man, whom speaks our language, but he speaks in a way that the language is primitive. Gave me this coin for payment, its too much coin for payment. So I sought you for guidance.”

The Merchants Great Grand Father replied;

“Give unto him that which he requests. Refuse his payment, speak nothing of his being here. For far and misguided are the peoples of our nations. They will come to believe that these three men are Gods, who stained supernatural gifts by way of their she Wolf.

Indeed the peoples will build a great shrine in the Empire to be known as Rome. That again a temple be built upon the mountain of the cave in which our Lord gave them refuge. Only that the peoples become misguided in worshiping Jehovahs messengers rather than obeying the message and worshiping the creator.”

So the merchant returned to the youngest of the brothers and obeyed without fail the guidance of his Great Grand Father and the youngest of the brothers did depart back unto the cave.

The Merchant & House of Harlots

Until evening fell, and the merchant, single sought the comfort of harlots, and the softness of their breast. As opposed to seeking me in supplication and repentance, that you might request me of my mercy to bestow unto you you're wives of whom I bestowed for you before you were a thought in you're mothers minds.

Then he spoke bodily of the supernatural likeness of the experience he had. That they might Gaye upon him with their radiance as the earth gazes upon the reflection of her radiance from the Moon at its fullest.

Until some days later day broke upon the cave, and indeed as the Great Grand Father foretold his Great Grandson the merchant. The peoples did gather and saw by way of the 3 wise brothers long nails, hair, beard, and that of the She Wolf whom where hunted to extension within the lands looked as appropriately ages as they all did for their time and age.

Until the Oldest of the 3 wise brothers said unto the peoples surrounding the cave;

“Oh you whom fear the lord and establish worship in seeking the state of Teshuvah in the site of our creator! Worship us not! We are not anything else but mortals, and upon us leaving the threshold of this cave, or anything entering the cave from you’re time will make us to return to an age of which we should resemble.”

The youngest brother tugging at the robe of the oldest brother saying;

“Take heed to the revelation that Jehovah imparts unto you to deliver unto use. For we have eaten food from their time and we have drinking water from their time and I am the one made to leave the cave.”

As soon as the youngest brothers words left his lips I did make them all see that I am the bestower of what is seen and unseen, known and unknown. Unto me you will all return.

For the 3 wise men, came to look immediately as men 383 years of age. Until they died, and the peoples disobeyed their message in that they erected a shrine proclaiming;

“Come let us take worship here, for this is the entrance to Hell, the underworld.”

Book of Zakhariah

-Testimony of Jehovah through her Messenger Moshe Ben David-

In the Name of Jehovah, Seer, knower, the wise. She whom knows well of what is hidden within the wombs of her creation. Has commanded me to relate unto the children of Israel and the remanence of the inhabitants of the earth.

Say unto them;

“Whom is this whom criticizes the speech of my messenger? The Harshness of his lewd speech? When hidden beneath you’re breasts is not but hatred for the firm foundation of which I stand upon with the law, and defiance of you’re satanic rape of pre pubescent minors found in the Talmud!”

Ask them my beloved messenger when they chastise you’re words and, the deliverance of it;

“What would you prefer children of Israel? The Lashing of the tongue of the messenger you built of your physical hands? Or would you prefer the eternal lashing of the flames of Hell?

Was it not Jehovah by compassion of her benevolence, that you might rest assured in the purity of truth in my relating the message, and that of the law within my bones.

Only to find you from afar, that you have stiffen you're necks, and hardened you're hearts to a Law, and the way. You chastise the mannerism I have been commanded to preserve and the manor of which I do so in an exile you all have artificially created to hinder the lords message from reaching her people! By sovereign enforcement of our creator I curse you!"

Ask them;

"Has our creator not made this evident in the afflictions upon me? In that my only relief is that of which my Lord compels my Wife to give from the mercy, and ever abundant love of our creators will. For unto Jehovah alone do we find the promise of paradise and that of our redemption before our return unto her that we be judged.

Should they fail to heed relate the history of Zakhariah, and that of his Wife. Of the delight and splendor I found in observing how they held each other in their eyes. From the moment I made her to find my messenger, clumsy, forgetful and lost.

Saying;

"Oh dear, are you lost?"

And he replied stern and unpleasantly;

"Do I look lost woman?"

And she said appalled;

"Not often a lady of nobility finds a young Rabbi exposed bathing beneath the bridge affixing his clothes upon the water mill to wash

them! What is this you have no wage to have you're clothes cleaned and that of a proper bath in the bathing houses of the Temple. As opposed to wallowing around in the mud amongst the reeds!

How is this? What is this? You have no Wife to care for you? Perhaps this is a sign from Jehovah that you might take some credence in the harshness of you're speech in the presence of gentle company!"

Zachariah stood stupefied, he knew not what was a greater mystery, the woman who's radiance could only be equated to that of the moon.

Or

That of the clothes of which I commanded to be set free from the wood of the water mill. For indeed Zachariah found such comfort in whom was to be his wife's beauty and radiance. That he dare not leave the water lest he be naked and revealed by the waters absence.

For It was not for Zachariah to look upon her radiance simply because he himself was in a state indecency. Indeed I do command you to give unto the charity, but I due also commanded you to be of commonsense."

Until after a moment of awkward silence and stillness. For Zachariah knew not how to respond. As, a Woman whom finds a man that serves me in a state of indecency must take him for a husband. For it is the custom that a woman chooses her husband,

should a man be close to piousness, and that of my will in finding what is Good, and Pure.

Until I compelled his humiliated heart to muster the courage in saying;

“Woman, you see, I am naked. When you are a Fearing woman of what is to come upon you in recompense of our lord, you will make me a husband unto you. I will hear no debate. Should your answer be of the obideaant I will impart the reasoning of all you see, for indeed such are the commands of our creator upon my duties and obligations to you.

Should you refuse, I curse you, for it is you this day that shame me and that of the nature of my mannerism.”

She stood, straightening her posture. Looking down upon my messenger with great care, and love. For strong are the humble, who care not for the chastisement of disbelievers, for it is they who fear my eternal damn nation, replying.

“Do I have to marry you muddy? Or would you permit me to help you Ba’ali?”

Zakhariah stood paralyzed at her response beginning to question his sanity and the very nature of reality itself. Until his Wife took off her shoes, ran to the river bank to collect the dagger affixed to his staff. She took off her hair vail, wrapped her husband up.

Then tore off the lower half of her outer garment to cover that of her hair, for of all the tribes Judea women wore the longest vails. Until together they stood in the river she saying;

“The current is strong Ba’ali, let us dunk beneath the water in the name of Jehovah, that our souls, and that of our bodies be made pure. That perhaps the Lord in her abundant mercy take mercy upon us, and bless my womb to be fertile. That you’re seed take a firm root and a messenger be born to secede you in you’re work.”

So they did together wash as a mikvah in my name. Long though did I make them wait to conceive. For faith without trail is worthless.

The Mikvah of Beit MiKdash

So it was, that it came to pass Zakhariah was opened to chief rabbi of my holy temple. For I mean to elevate that which is filthy, be that a thing filthy in sin prepared full of humility to submit the Teshuvah, or that of a humble Rabbi covered in the mud of which is the nourishment for the most beautiful flowers of all that feed upon it upon the banks of the river, the Lotus.

Know, that I made my messenger Zakhariah to know the Kabbalah of maintaining the gate of Wife by way of the Mikvah. So I imparted a vision to him.

To see; a channel of water mad to flow into a bathing pool, then made to flow within the pool of water a current, that filth might be removed. For the Electrical Magnetic Resonance required that one might achieve the resonance need to remove the ionized particles.

Ionized particles attache to the exteriors of you're wife's auras. For their is much evil eye their auras shield you and that of you're children. The evil eye is known to the sciences of Kabbalah as Ionized Particles. As I commanded Moses afore time to construct the Mikvah that you're wives might maintenance their souls by means of all practices of which rejuvenate the joy within them of which is their radiance.

So when Zakhariah awoke he ordered that the women's portion of the holy temple have a large Mivkvah constructed.

The floors were that of Lava stone, that woman is grounded, the roof and walls were made to glitter with that of rare brilliant stones to reflect variations of Ultra Violet Radioactive positivity charged particles back on to the women seeking the cleansing of the Mikvah that her radiance and Magic once more be restored.

Copper railings where fixed to add to the sanitary cleanliness of the facility micro biologically, and that of the Neutral EMF resonance produced by copper of which aids the women to seek contortive state of meditation that I might mend her soul from the adversities of which they bare and you men give little thanks for.

How I loved, that Zakhariah after prayer would say unto his wife;

“My gentle Lotus, plucked from the cool pools of Jehovahs private garden. I have asked my lord to make me one who out does you in good deeds towards you.”

For he and his wife would compete in seeing whom could preform more good deeds for the other. How I did make them to wait many a decade until Zakhariah called out to me saying;

“Jehovah, my head is baled and my hair grey. My bones ache with feebleness. Yet you have not bestowed unto me nor my wife a child. For we desire only a child that is subservient to you're will and law, one made obedient within you're sight.”

Then I made Gabriel to speak unto the wife of Zakharia saying;

“Favored are you of all the mothers of Israel. For Jehovah chose to keep you’re womb infertile, to test you in the validity of you’re supplications, and that of the oath you made to me and that of you’re Ba’ali. You will birth a son, and you will name him Yah-Kharia (known as John the Baptist).

For I will make him a father to a nation of which I will send my messenger in the end of days to collect them that they may forever be safe to dwell within her lands forever.”

So it came to pass that Yah-Kharia sought the lord in the refuge of the wilderness. Wearing only camel skins eating honey and locusts. I made him to take 8 wives. Their descendants today are known as the Druze, and the descendants of Elijah known as the Sabahins.
