

Mesho ChargeX

Advance Battery
Energy Storage System

for Commercial
Establishments

REMOTE MONITORING & CONTROLLING PLATFORM

- Energy insights at your fingertips-Seamless access via app & web portal.
- Optimize energy costs-Through ToD, solar, demand-supply mgt.
- Remote diagnostics-Troubleshooting and firmware updates.

**CUSTOMIZABLE POWER & ENERGY
SYSTEMS FOR VARIED REQUIREMENTS**

*Provisional

POWERING COMMERCIAL APPLICATIONS

Reduce Diesel Consumption
Replace Diesel Gensets Partially
or Completely

Long Life & Maintenance-Free
Advanced Green Battery
Technology

Scalable & Modular Expand
Storage as Needed

Advance Energy Management
Peak Shaving, ToD, Grid Export

TECHNICAL SPECIFICATIONS

Power Range	10-100kW
Battery CapacityRange	20-210kWh
Nominal AC Voltage	400V
Nominal DC Voltage	48V
Frequency	50Hz
PVWP PowerRange	5-50kWp
Operating Temperature	0-45°C
