
QUERDENKEN

711 – Stuttgart

We insist on the first 20 articles of our constitution, in particular on the lifting of the restrictions imposed by the Corona Regulation of:

- Article 1: Human Dignity - Human Rights -
Legally binding nature of fundamental rights.
- Article 2: Personal liberty rights.
- Article 4: Freedom of belief and conscience.
- Article 5: Freedom of expression, art and science.
- Article 7: School system.
- Article 8: Freedom of assembly.
- Article 11: Free movement of people.
- Article 12: Freedom of employment.
- Article 13: Inviolability of the residence.

We do not belong to any political party nor we exclude any opinion - after the restoration of the Basic Law all democratic means will be available again.

We demand the following:

- All political parties to adapt their party programs to the new situation and to explain to citizens how and under what circumstances a pandemic is to be anticipated in the special situation.
- New elections in October 2020.
-

The gatherings serve exclusively to achieve the above mentioned goals.

We are a peaceful movement.
