To Whom It May Concern:

This is a recommendation letter for the Concierge Bookkeeping, Tax and Business Services of Irene Senst.

I have used her expert services since the 2014 tax year. Irene has spent time earning my trust. My other bookkeeper lost my confidence. Irene has always made me feel that my business, my family and I personally are very important to her.

When she visits my office to pickup paperwork she often brings goodies. I really feel that you and your business will benefit from her expert knowledge, willingness to help, problem solving skills and eagerness to make your stressful paperwork requirements and duties a pleasant experience.

Irene has been proven patient with me and always keeps me up to date with laws that concern my business. All paperwork is filed on a timely basis. I have not been audited since she has been doing my taxes and bookkeeping.

She does not give up on you. She feels that my questions are important to her, and encourages me to ask all the questions I have. Her answers are available year round. If my questions are after her office hours she still responds (except Sunday and Monday).

Irene discovered and helped to correct discrepancies in official documents, thereby avoiding potential problems in the future. This really helped me.

I feel that with Irene on your side, you will have a good team member that sincerely cares.

If you have any questions, please feel free to contact me personally at the number above. You will not be sorry you gave her the opportunity to help your business be more successful without the worry. Irene is unafraid of everyone, except God.

Sincerely,

Sergey Mesrobyan
