**How can you offer this?**

The reason why we are able to do this is because hotels and resorts rarely experience full occupancy yet they are always open and still have their fixed costs. So what they do is contract with companies like us to give these rooms out to get people to come in to see what they have to offer. When hotels and resorts have empty rooms, they do not make any money and it's a waste of a good room. So when we put someone in their empty rooms, the hotel may have lost the price of the room, it was already empty in the first place, but now they have a customer that might spend more money at their in-house restaurants and shops or even take advantage of their amenities like their spa, casino, room service, etc. They know that if they show you a good time while you are at their property that you'll come back to stay with them in the future the next time you visit their city and maybe even tell a few friends about them. It's a win win for both you and the property.

### **Do I get to pick the property?**

No, but you do get to pick the travel dates. We cannot promise you a specific brand of hotel since all of our inventory is based upon availability and we do not know which hotels we will have available at the time we start to search our inventory for your requested travel dates and destinations. Keep in mind that we will not work with any properties that have less than a 3 star rating by other travelers on [www.tripadvisor.com](http://www.tripadvisor.com). This is a website where actual travelers go onto to put their reviews of hotels and resorts they have stayed at. The last thing we want to do is get your hopes up on staying at the Hilton and we end up only having the Holiday Inn available during your requested travel dates. This is why we never promote specific hotel brands to travelers before a booking is made. This way we never have to worry about a traveler getting upset with us for promising a specific brand of hotel. Remember, we make money on re-bookings too, so you can be rest assured we will place you in the best property available to us when booking your accommodations.

If you activate this certificate online you can log back into the fulfillment website for up to 6 months after activating your certificate to fill out your reservation request form right on our website. You will still need to mail your reservation request form to us along with the associated travel fees. After you fill out the reservation request form online you will have the option to download the form to print it out.

### **When will I be contacted?**

Once you have mailed in your reservation request form, the travel agency will begin searching inventory and will book one of your dates and destinations. Once booked you will be contacted with a confirmation either by regular mail, email, phone or if available you can view your confirmation right online. Prior to that time you can always contact us regarding your reservation by going here <http://www.funrewardsforyou.com/contact-us.php> We typically start searching our inventory 30 days prior to your upcoming travel dates. Since we only require a 30 day advance notice, we will notify you as early as 21 days prior and no later than 14 days prior to one of your requested travel dates.

### **Can I cancel?**

The fee you paid to activate this certificate is Non-Refundable as stated on your certificate. If you have not already sent in a reservation request form successfully and if you do not want to take advantage of the offer yourself you could pass the reservation request form along to a friend or family member to take advantage of since you have already paid for it. Once we purchase accommodations for you and you need to cancel for any reason, any deposits or fees you paid for the room would be forfeited by you and are non-refundable as outlined in your reservation request form.

### **Do I get to pick the property?**

No, but you do get to pick the travel dates. We cannot promise you a specific brand of hotel since all of our inventory is based upon availability and we do not know which hotels we will have available at the time we start to search our inventory for your requested travel dates and destinations. Keep in mind that we will not work with any properties that have less than a 3 star rating by other travelers on [www.tripadvisor.com](http://www.tripadvisor.com). This is a website where actual travelers go onto to put their reviews of hotels and resorts they have stayed at. The last thing we want to do is get your hopes up on staying at the Hilton and we end up only having the Holiday Inn available during your requested travel dates. This is why we never promote specific hotel brands to travelers before a booking is made. This way we never have to worry about a traveler getting upset with us for promising a specific brand of hotel. Remember, we make money on re-bookings too, so you can be rest assured we will place you in the best property available to us when booking your accommodations.

### **Can I activate the same vacation certificate number more than once?**

No, each certificate number can only be activated one time.

**Can I use 2 vacation certificates back to back for additional discounted nights?**

No. Only one certificate can be activated per household every 12 months.

**How long do I have to request reservations?**

You must mail in the reservation request form with your travel dates within 6 months of activating your certificate and travel must be completed within 12 months of activating your certificate.

**Can I travel before the required 30 day reservation notice?**

No. To use this offer you must provide us with at least a 30 days advance notice.

**Can we go with another couple?**

Two couples could activate two different certificates and request the same dates but there is no guarantee they will both get the exact same dates.

**What is the "Reservation Guarantee Deposit" for?**

This is a refundable deposit that is required before we can move forward with a reservation. As long as you show up to your booked reservation, your "Reservation Guarantee Deposit" will be fully refunded after travel. This covers our company from people that do not show up to their booked reservations. The resort charges us if someone that we book does not show up, so this

deposit covers our costs if you do not show up. If you do not show up to your booked reservation you forfeit your "Reservation Guarantee Deposit".

**I see that you do not allow travel 7 days before and after a holiday. What holidays should we stay away from when selecting travel dates?**

Please avoid making plans 7 days before or after a holiday. The major holidays we recognize are as follows: New Years, Martin Luther King Jr Day, Presidents Day, Memorial Day, 4th of July, Labor Day, Columbus Day, Veterans Day, Thanksgiving and Christmas. I hope this is helpful when scheduling your trips and thank you for your cooperation.

**Can I use this offer for a Special Occasion, like my wedding?**

Our products are not intended for spontaneous travel or special occasions. Since you are required to give the travel agency three different travel dates and multiple destinations in most cases we do not suggest that you use this for a special date committed engagement. It is helpful if you are aware that you will need to be flexible to give you the best possible experience.

**I was told this was a FREE trip!**

**How can you offer this?**

The reason why we are able to do this is because hotels and resorts rarely experience full occupancy yet they are always open and still have their fixed costs. So what they do is contract with companies like us to give these rooms out to get people to come in to see what they have to offer. When hotels and resorts have empty rooms, they do not make any money and it's a waste of a good room. So when we put someone in their empty rooms, the hotel may have lost the price of the room, it was already empty in the first place, but now they have a customer that might spend more money at their in-house restaurants and shops or even take advantage of their amenities like their spa, casino, room service, etc. They know that if they show you a good time while you are at their property that you'll come back to stay with them in the future the next time you visit their city and maybe even tell a few friends about them. It's a win win for both you and the property.

**How can you offer this?**

The reason why we are able to do this is because hotels and resorts rarely experience full occupancy yet they are always open and still have their fixed costs. So what they do is contract with companies like us to give these rooms out to get people to come in to see what they have to offer. When hotels and resorts have empty rooms, they do not make any money and it's a waste of a good room. So when we put someone in their empty rooms, the hotel may have lost the price of the room, it was already empty in the first place, but now they have a customer that might spend more money at their in-house restaurants and shops or even take advantage of their amenities like their spa, casino, room service, etc. They know that if they show you a good time while you are at their property that you'll come back to stay with them in the future the next time you visit their city and maybe even tell a few friends about them. It's a win win for both you and the property.

### **What is this vacation certificate redeemable for?**

This certificate will be considered void if bartered or sold for legal tender to the recipient. This certificate is valid for a reservation request form offering 2 adults 21 years of age and older plus up to 2 children under the age of 18, 3 nights of hotel accommodations in the city of their choice of available cities. The cost to activate this certificate to receive the reservation request form is just a one-time non-refundable \$15.95 processing fee. The cost upon requesting reservations is just a tax & fee deposit of \$33 per night. Taxes & fees usually range from \$12-\$33 per night depending on when and where you travel to. If the taxes & fees are less than the \$33 per night the difference will be refunded after travel is completed. 30 days advance reservation notice is required. In order to guarantee that you will show up to your booked reservation you will be required to pay a REFUNDABLE \$50 "Reservation Guarantee Deposit". If you send in your travel dates, etc and you do not end up traveling then the reservation guarantee deposit will not be refundable. 7 days before and after holidays and conventions are not available. This offer is valid 7 days a week subject to availability. Friday and Saturday nights will require a surcharge of \$20 per night. A \$5 per person per night surcharge is enforced for each child up to 2 children under the age of 18. This offer is only good for U.S. and Canadian residents only. This offer is not valid for group travel. The recipient of this certificate is responsible for all expenses including but not limited to: transfers, food, gratuities, all pertinent fees, taxes, hotel surcharges, resort fees and any other miscellaneous expenses. If you activate this certificate online you will be able to instantly print your reservation request form. This certificate cannot be combined with any other promotional vacation offer. The expiration date on this certificate pertains only to activation of this certificate and not actual travel. You must activate this certificate by the expiration date printed on this certificate in order to access the reservation request form. You must fill out the reservation request form with your destination choices and arrival dates and mail it to our fulfillment department within 6 months after activation, however travel can be completed within 24 months after activation. You will be required to give the travel agency multiple arrival dates and destinations. Only one 3 Night Hotel certificate Per Household Per

Year. This certificate has no cash surrender value, void if discontinued and where prohibited by law. The terms of this offer are subject to change without notice. Do not rely upon representations other than what is printed on this certificate or the reservation request form.

**After I pay the initial processing fee, what other costs do I have to pay?**

You will be required to pay a "Reservation Guarantee Deposit" of \$50 plus a \$33 per night "Tax & Fee Deposit" when you send back your reservation request form. Taxes & Fees usually range anywhere from \$12-\$33 per night. Any unused portion of your "Tax & Fee Deposit" will be refunded to you 30 days after travel along with your "Reservation Guarantee Deposit".

**Can I take children on the vacation?**

Yes, for additional fees per child. The fees are \$5 per person per night for each child up to 2 children under the age of 18. You will have the ability to add travelers on the reservation request form.

**What happens after I activate this vacation certificate?**

If you activate this certificate online you can log back into the activation website for up to 6 months after activating your certificate to fill out your reservation request form right on our website. You will still need to mail your reservation request form to us along with the associated travel fees. After you fill out the reservation request form online you will have the option to download the form to print it out.

**When will I be contacted?**

Once you have mailed in your reservation request form, the travel agency will begin searching inventory and will book one of your dates and destinations. Once booked you will be contacted with a confirmation either by regular mail, email, phone or if available you can view your confirmation right online. Prior to that time you can always contact us regarding your reservation

by going here <http://www.funrewardsforyou.com/contact-us.php> We typically start searching our inventory 30 days prior to your upcoming travel dates. Since we only require a 30 day advance notice, we will notify you as early as 21 days prior and no later than 14 days prior to one of your requested travel dates.

#### **Can I cancel?**

The fee you paid to activate this certificate is Non-Refundable as stated on your certificate. If you have not already sent in a reservation request form successfully and if you do not want to take advantage of the offer yourself you could pass the reservation request form along to a friend or family member to take advantage of since you have already paid for it. Once we purchase accommodations for you and you need to cancel for any reason, any deposits or fees you paid for the room would be forfeited by you and are non-refundable as outlined in your reservation request form.

#### **Do I get to pick the property?**

No, but you do get to pick the travel dates. We cannot promise you a specific brand of hotel since all of our inventory is based upon availability and we do not know which hotels we will have available at the time we start to search our inventory for your requested travel dates and destinations. Keep in mind that we will not work with any properties that have less than a 3 star rating by other travelers on [www.tripadvisor.com](http://www.tripadvisor.com). This is a website where actual travelers go onto to put their reviews of hotels and resorts they have stayed at. The last thing we want to do is get your hopes up on staying at the Hilton and we end up only having the Holiday Inn available during your requested travel dates. This is why we never promote specific hotel brands to travelers before a booking is made. This way we never have to worry about a traveler getting upset with us for promising a specific brand of hotel. Remember, we make money on re-bookings too, so you can be rest assured we will place you in the best property available to us when booking your accommodations.

#### **Can I activate the same vacation certificate number more than once?**

No, each certificate number can only be activated one time.

**Can I use 2 vacation certificates back to back for additional discounted nights?**

No. Only one certificate can be activated per household every 12 months.

**How long do I have to request reservations?**

You must mail in the reservation request form with your travel dates within 6 months of activating your certificate and travel must be completed within 12 months of activating your certificate.

**Can I travel before the required 30 day reservation notice?**

No. To use this offer you must provide us with at least a 30 days advance notice.

**Can we go with another couple?**

Two couples could activate two different certificates and request the same dates but there is no guarantee they will both get the exact same dates.

**What is the "Reservation Guarantee Deposit" for?**

This is a refundable deposit that is required before we can move forward with a reservation. As long as you show up to your booked reservation, your "Reservation Guarantee Deposit" will be fully refunded after travel. This covers our company from people that do not show up to their booked reservations. The resort charges us if someone that we book does not show up, so this deposit covers our costs if you do not show up. If you do not show up to your booked reservation you forfeit your "Reservation Guarantee Deposit".

**I see that you do not allow travel 7 days before and after a holiday. What holidays should we stay away from when selecting travel dates?**

Please avoid making plans 7 days before or after a holiday. The major holidays we recognize are as follows: New Years, Martin Luther King Jr Day, Presidents Day, Memorial Day, 4th of July, Labor Day, Columbus Day, Veterans Day, Thanksgiving and Christmas. I hope this is helpful when scheduling your trips and thank you for your cooperation.

**Can I use this offer for a Special Occasion, like my wedding?**

Our products are not intended for spontaneous travel or special occasions. Since you are required to give the travel agency three different travel dates and multiple destinations in most cases we do not suggest that you use this for a special date committed engagement. It is helpful if you are aware that you will need to be flexible to give you the best possible experience.

**I was told this was a FREE trip!**

Printed on every certificate is "Do not rely upon representations other than what is printed on this certificate or the reservation request form". The statement is printed on the certificates to inform you, the end user, that no matter what you have been verbally told by "whomever" only the terms and conditions printed on the certificate and the reservation request form can be fulfilled. That disclaimer is to protect you and our company from any misrepresentations and at the same time we are keeping you informed and on notice if you were told something different other than what is printed on the certificate you will have plenty of time to address it with the company or person who issued it to you before there is any unnecessary distress.

**I was told this was a FREE trip!**

Printed on every certificate is "Do not rely upon representations other than what is printed on this certificate or the reservation request form". The statement is printed on the certificates to inform you, the end user, that no matter what you have been verbally told by "whomever" only the terms and conditions printed on the certificate and the reservation request form can be fulfilled. That disclaimer is to protect you and our company from any misrepresentations and at the same time we are keeping you informed and on notice if you were told something different other than what is printed on the certificate you will have plenty of time to address it with the company or person who issued it to you before there is any unnecessary distress.

### **Why do we offer this service?**

Because we believe it is time for a change. Americans are looking for help and can't wait for Healthcare Reform. With unemployment on the rise everyone could use a little extra help! Our philosophy is to help as many people as we can. Many people are truly out of time and need affordable healthcare.

## **What is a Prescription Drug Savings or Discount Card?**

Prescription drug discount cards (also known as "consumer cards," "point of sale cards," and "100% co-pay" cards), allow prescription drug users to save money on all prescription medications. At the time of purchase, members simply present their card at a participating pharmacy to instantly receive substantial discounts on their prescription drugs. It's that easy.

## **How Do Prescription Drug Savings Cards Work?**

Prescription Drug Savings cards contain special computerized instructions that can be read by the pharmacy's computer, similar to an ATM card. When the card information is entered, the price on the prescription is discounted based on the pharmacy's agreements. This type of cutting-edge technology allows consumers to save money without encountering any hassles on the checkout line.

## **How much does this program cost me?**

Your card is 100% free; we provide this service to all individuals and families that wish to save on their prescription, labs and imaging service costs.

## **I am not a U.S. Citizen, can I use the card?**

EVERYONE may use the program if it is used at pharmacies within the U.S., or the drugs are purchased through our US mail order program.

I already have insurance or Medicare that covers my prescription drugs. How can this Prescription Drug Discount Card benefit me?

This program can be used to obtain savings on prescription drugs that are excluded by your insurance plan or are not covered because you have exceeded your insurance plan's maximum limits. In some instances, you might find that the Prescription Savings price is lower than your insurance plan's co-payment amount. (For instance, if your insurance plan generic co-payment is \$30.00 and your generic medication through this Prescription Savings program is \$18.00, you would use this card instead of your insurance card. Please keep in mind you can not use your insurance card and this card at the same time. You need to choose one or the other when you leave your prescription at the pharmacy.) In addition, if your plan does not offer you a drug card and you are reimbursed after each transaction, you may be able to use the card to lower your out-of-pocket expenses.

### **Where to Use this Prescription Plan?**

Your card is valid at thousands of locations nationwide. All chain pharmacies and most independent pharmacies have been given equal opportunity to serve you through our program. Additional pharmacies are constantly being recruited, and our pharmacy directory is continually updated.

After you activate your certificate you will have access to search for participating pharmacies in your immediate area.

### **Which pharmacies can I go to?**

After you activate your certificate you will have access to search for participating pharmacies in your immediate area.

### **Where can I find out the approximate cost of the prescription drugs?**

After you activate your certificate you will have access to search for approximate costs/discounts of specific prescription drugs.

### **Once I print my card how do I use it?**

Once your card is created you simply print out the card page and bring the card with you to the pharmacy. Once at the pharmacy please present them with the printed card. The card has your identification number along with all of the required pharmacy numbers. Your pharmacy will input your information into the computer where your permanent records will be kept. Once the information has been stored by your pharmacy you no longer need the card because your records are in the computer. Each time you return to the pharmacy you will get the plan's appropriate discount. Store your card/printed page in a safe place or come back later and print another card if you go to a new pharmacy. You are required to pay the pharmacy in full for your discounted price.

### **What if I change pharmacies?**

Whenever you change pharmacies or go to different pharmacies your new pharmacy must put your information in the computer. You have two options.

Option 1: The card you previously created should be stored in a safe place. Bring the card with you to the pharmacy. Once at the pharmacy please present them with this card. The card has the identification number along with all of the required pharmacy numbers. Your pharmacy will input your information into the computer where your permanent records will be kept. Once the information has been stored by your pharmacy you no longer need the card because your records are in the computer. Each time you return to the pharmacy you will get the plan's appropriate discount. Store your card in a safe place.

Option 2: Go back to our website and create a new card. If you have lost your card just create a new one. If you're traveling, have the pharmacy go online and create a new card. You are never alone or without the ability to get your card and discount.

## **Who Needs a Prescription Drug Discount Card?**

Anyone with limited or no prescription drug coverage can benefit from a prescription drug savings card. Instead of paying full price for medication, card members can save money whenever they purchase prescription drugs. People who already have insurance coverage may still find the card useful, as it can discount medications that are not covered by their health plan.

The prescription drug savings card can also be especially useful to seniors enrolled in Medicare; It has been estimated that as many as 38% of Medicare recipients lack prescription drug coverage.

## **What if my Pharmacy does not participate?**

If your pharmacy is not participating in this plan, but would like to enroll in our network, we cordially invite their participation. To enroll, simply have the pharmacist call the pharmacy help desk number provided on the back of your card.

## **What Kind of Savings Are We Talking About?**

Substantial discounts on all brand-name and generic drugs. How substantial? Discounts vary and can range anywhere from 0%-75% depending on the type of prescription, brand name, generic name and the location of the specific pharmacy. These savings increase even more when members utilize our mail-order pharmacy.

## **What prescription medications are covered under this Discount Prescription Plan?**

All FDA approved brand and generic prescription medications are covered.

**Are there any age or enrollment restrictions?**

No, everyone can enroll and benefit from the plan.

**Does my doctor need to know about this card when writing my prescription?**

No. This program will not affect the way you are cared for by your physician. You should, however, always consult with your doctor about saving money on prescription medications. You should tell your Doctor about the program so he can help his other patients that do not have insurance!

**What does receiving the "lowest" or "best" price on my prescriptions mean?**

It means that a participating pharmacy will give you their lowest (or best) price available at their pharmacy. In 90% of transactions, that price will be significantly lower than any retail or sale price you would receive without the card. If a brand name or generic drug is available through your participating pharmacy at a lower price than the discounted price, you will pay only the lower of the two prices.

**Why don't all pharmacies accept the card?**

All chain pharmacies and most independent pharmacies have been given equal opportunity to serve you with this program. Pharmacies are required to offer very deep discounts and assist in performing some fairly complicated drug management procedures on behalf of our card holders, and some pharmacies simply refuse. However, that allows you the confidence of knowing that pharmacies participating have your best interests in mind.

**What if my pharmacist said the card would not save me any money?**

As a Prescription Drug Discount Card member, you are entitled to your benefit. Your pharmacist will not know what the card savings will be until the prescription is sent for pricing via the pharmacist's computer. Please report this abuse to our Pharmacy Help Desk

**Can I use this card with my current insurance towards my deductible?**

Generally, yes, but refer to your contract of insurance for specific answers.

**Additional Advantages:**

Unlimited use for you and your family

All prescription drugs discounted

Lowest-price override- you are always assured the best price at the pharmacy

Generic substitution when allowed by prescribing physician

24-hour help desk

### **What causes discoloration?**

Discoloration is caused by stains that penetrate the enamel and stain the dentin, which is the white part of the teeth.

### **Are there any side effects?**

Some people may feel a little tingling sensation, white gum line (also known as blanching), or very little sensitivity. All of these side effects are normal and hold no real danger. Typically, this will only last for a couple of hours and will not exceed 24 hours.

### **How long before I can eat or drink after my application?**

We recommend that you avoid eating or drinking anything for 2-3 hours. Because the pores on your teeth are still open, you should also avoid any dark colored foods and beverages such as coffee, tea, red wine, marinara sauce, smoking, etc. for 24 hours after the whitening. We say if it will stain a white shirt, it will stain your teeth. This system is specifically meant to be used at night before going to bed, so avoiding foods and drinks should not even be an issue. Water is ok.

### **Does the product contain any alcohol?**

No

### **What results should I expect?**

All teeth are different due to body chemistry, genetics, dental health, and mineral imbalances, thus only allowing some to only see a small difference, while for others it is not unusual to see 2 to 8 shade differences in 7-10 days but we have customers that get even more dramatic results than that.

### **How long will this process last?**

Typically, we recommend doing an application once every week or so to maintain your whiteness.

### **Is it safe?**

Research has shown that if the teeth and gums are normal and healthy there are no adverse effects to bleaching one's teeth. You must make sure the dosage is of legal limits and not excessive and administered in a professional manner. People with tooth decay and with any type of gum disease should avoid this treatment. Never treat a pregnant woman; no known side effects are affirmed but it is simply a precaution.

### **Who may benefit from the system?**

Almost everyone can enjoy the benefit to the bleaching process if their teeth and gums are healthy. Remember, teeth can not be bleached whiter than genetically possible. Tetracycline stains can not be removed. Also any stains resulting from excessive fluorides or if the teeth are porous, one can expect little result. Excluding the above, about 98% of our clients experience success.

### **I have a crown on my anterior or front teeth. Will your product whiten my crown?**

No, but the standard procedure is to first whiten all adjacent teeth, wait two weeks for the color to stabilize, then go to your dentist and have him match the crown to the new shade of your teeth. On the contrary, if a crown is already in place for many years, the whitening process can return the rest of the teeth to the original shade prior to the crown placement. The same goes for composites, bridges, and veneers.
