

FAQ

Why choose self administration?

- Empowerment, safety, and personalization are key aspects to self administration. With medical staff on hand to monitor and guide you, you can confidently explore what works best for your body and wellness goals.

How does the process work?

- If you are 21+, we can help you find your perfect dose of cannabis. No medical card is needed, but we can talk about the benefits of having one, and help you with medical cards if desired.

How long is a dosing/monitoring session?

- Our medical team will monitor you for a minimum of one hour after your cannabis dose. Then will determine if further monitoring is necessary.

Can I smoke/use inhalant products there?

- No, this facility will not have a space for self administration of inhalants of any kind.

North GA Cannabis Experts.

PARTICIPATION REQUIREMENTS

- Must be over 21+ with a valid ID.
- All cannabis product's used during session, must come from North Georgia Cannabis Experts or a Georgia state medical cannabis facility. (properly sealed/packaged)
- All participants must sign a waiver of liability and consent form.

*Cannabis inhalants are available for purchase at North GA Cannabis Experts, but are NOT permitted for use during sessions. Dosing sessions are permitted to oral and sublingual products only.
